Heenk, Museum Het Rembrandthuis (Amsterdam, Netherlands), Salzburger Museum Carolino Augusteum, Augustiner Museum (Freiburg im Breisgau, Germany), 1998 *The Rise of the Cult of Rembrandt* Alison McQueen, 2003 Rembrandt's life and art had an almost mythic resonance in nineteenth century France with artists critics and collectors alike using his artistic persona both as a benchmark and as justification for their own goals This first in depth study of the traditional critical reception of Rembrandt reveals the preoccupation with his perceived authenticity naturalism and naiveté demonstrating how the artist became an ancestral figure a talisman with whom others aligned themselves to increase the value of their own work And in a concluding chapter the author looks at the play Rembrandt staged in Paris in 1898 whose production and advertising are a testament to the enduring power of the artist's myth **Rembrandt and his Circle** Stephanie

Dickey, 2025-10-01 This collection brings together art historians museum professionals conservators and conservation scientists whose work involves Rembrandt van Rijn and associated artists such as Gerrit Dou Jan Lievens and Ferdinand Bol The range of subjects considered is wide from the presentation of convincing evidence that Rembrandt and his contemporary Frans Hals rubbed elbows in the Amsterdam workshop of Hendrick Uylenburgh to critical reassessments of the role of printmaking in Rembrandt's studio his competition with Lievens as a landscape painter his reputation as a collector and much more Developed from a series of international conferences devoted to charting new directions in Rembrandt research these essays illuminate the current state of Rembrandt studies and suggest avenues for future inquiry **Rembrandt the Printmaker** Erik Hinterding, Ger Luijten, Martin Royalton-Kisch, Peter Schatborn, British Museum, 2000 Rembrandt was the most original printmaker of all time In no fewer than 300 images he covered the full range of styles and subjects for which he is celebrated including self portraits scenes from the Bible vignettes of everyday life and character studies The well known Hundred Guilder print the Three Trees and the Three Crosses are among his most extraordinary creations He was also famously experimental often reworking and scratching at his copper plates to improve and extend their expressive power The results can look startlingly modern and continue to inspire artists today This catalogue compiled by three leading authorities on Rembrandt and printmaking aims to illustrate a representative selection of his finest prints Exciting new areas of research have opened up in recent years making it possible not only to follow the progress of Rembrandt's work on each plate but also revealing details of his practice of revising the images at various times during his life The different papers he used will be studied and all the watermarks reproduced The role played by Rembrandt's preparatory drawings is also now better understood and all these new insights are presented to a wider public for the first time in this lavishly illustrated volume Provided by publisher *Dictionary of Artists' Models* Jill Berk Jimenez, 2013-10-15 The first reference work devoted to their lives and roles this book provides information on some 200 artists models from the Renaissance to the present day Most

Rembrandt's Mother Christiaan Vogelaar, Gerbrand Korevaar, 2005 About half of the work Rembrandt did in Leiden consisted of paintings etchings and drawings showing older people In these works an old woman is frequently portrayed who has traditionally been held to be Rembrandt's mother Neeltje Willemsdr van Zuijdtbroek Whether Rembrandt really depicted her or whether this is a myth which has persisted for centuries is still not clear This book discusses the creation of this myth which although not firmly based on facts has been an essential part of Rembrandt's image for centuries The works for which Rembrandt's mother was the model and which are reproduced in this book give an idea of the young artist's iconographic interests For instance Rembrandt depicted her as a prophetess attentively reading a book Sometimes she plays an active role in religious or allegorical pictures A similar model can also be recognised in paintings by Rembrandt's friend Jan Lievens and his first pupil Gerrit Dou By showing the paintings of these young masters the book examines the artistic relationships between them It offers a unique opportunity to compare early closely related works and to gain a clearer picture of the collaboration among these artists
