Traveling with a Hamster Ross Welford,2016-10-04 Back to the Future meets The Curious Incident of the Dog in the Night

Time in this original poignant race against time story about a boy who travels back to 1984 to save his father's life. My dad died twice. Once when he was thirty-nine and again four years later when he was twelve. On his twelfth birthday Al Chaudhury receives a letter from his dead father. It directs him to the bunker of their old house where Al finds a time machine, an ancient computer, and a tin bucket. The letter also outlines a mission: travel back to 1984 and prevent the go-kart accident that will eventually take his father's life. But as Al soon discovers, whizzing back thirty years requires not only imagination and courage but also lying to your mom, stealing a moped, and setting your school on fire, oh, and keeping your pet hamster safe. With a literary edge and tons of commercial appeal, this incredible debut has it all: heart, humor, vividly imagined characters, and a pitch-perfect voice. Retribution S.L. Stacy, 2022-05-02

Siobhan has returned from a seven-month stint in Pandora to a world that's falling apart. Literally. She doesn't care though about the holes in the walls between the worlds. Or that, according to a prophecy, she's the only one who can stop Eric and his halfing army from taking over Olympus. All Siobhan wants now is to get back to some semblance of normalcy in life and in her relationship with Jasper. Meanwhile, combat training is Carly's new normal. But while Gamma Lambda Phi prepares for certain war, she grapples with missing memories and a forgotten power. And just when a possibility for new love presents itself, an old flame is rekindled. Electra is the new general of Eric's army, but it's a tenuous command. She is caught between love and fear, sanity and madness, a desire for absolution and a thirst for vengeance. In the game of the gods, anything goes, and nothing is what it seems. And in this conclusion to the *Reborn* saga, these three women will learn just how far they're willing to go to win. *Bordering On Hatred* James Rozhon, 2006-08

Speaker Hawke wants things to be better for her than they were for her mother when she grew up on the Tohono Oodham Reservation outside Tucson. That wish leads her to take John Overland for a short walk early one Saturday morning. She smokes a joint just as two pickups race across the valley below them. And that starts everything that follows. The next morning she goes to visit her friend and discovers a blood bath. Dorinda's parents are gruesomely dead, and her friend is missing. That spurs John Overland into action into a mystery where he will meet FBI agents, crooked cops, drug dealers from Nogales, Mexico, and old Indians who live in hovels dug out of hillsides. It all leads to something he suspects might be a drug hit on Dorinda's parents. The deeper he digs into the death of her parents, however, the more he is convinced that something hideously heinous is about to happen in southern Arizona. Though it is difficult to accept, he does believe one thing: he will not live through it. Read *Bordering On Hatred* to discover what John Overland is fighting. Join John as he is shown how to prevent a holocaust that would pit race against race, brother against brother, and friend against friend. **Stolen Memories...** Joyce D. Switalski, M.S., 2019-08-28

The Kindertransport Jennifer Craig-Norton,2019-06-25 A timely study of the effects of family separation on child refugees using newly discovered archival sources from the WWII era Highly recommended Choice The Kindertransport an organized effort to extract children living under the threat of Nazism lives in the popular memory as well as in literature as a straightforward act of rescue and salvation but these celebratory accounts leave little room for a deeper more complex analysis This volume reveals that in fact many children experienced difficulties with settlement they were treated inconsistently by refugee agencies their parents had complicated reasons for giving them up and their caregivers had a variety of motives for taking them in Against the grain of many other narratives Jennifer Craig Norton emphasizes the use of newly discovered archival sources which include the correspondence of refugee agencies carers Kinder and their parents and juxtaposes this material with testimonial accounts to show readers a more nuanced and complete picture of the Kindertransport In an era in which the family separation of refugees has commanded considerable attention this book is a timely exploration of the effects of family separation as it was experienced by child refugees in the age of fascism
