shadows on the giants of English modernism Transformational Reminiscence John A. Kunz, Florence Gray Soltys, 2007-04-23 As recently as fifty years ago people believed that reminiscing was a sign of senility Today along with a greater understanding of the significance of reminiscence we have seen the rising popularity of private memoirs in various forms from oral histories by universities to audio and videotapes for family archives John A Kunz and Florence Gray Soltys have made a major contribution to the field by providing a framework for individuals and groups engaged in this enriching and important work Robert N Butler MD Finally a book that takes a big picture look at the complexities of using life story work with older adults Using the life story matrix as a framework the authors and their contributors cover the complexities of reminiscence and life review techniques and advice for making a personal story public and the delicate balance of when to focus on content and when the process of telling one's life story can be therapeutic or destructive Transformational Reminiscence teaches the reader how to use the full spectrum of life story approaches to enhance quality of life for older adults ameliorate social and psychological problems and intervene if they occur Practical applications anecdotes exercises that help clarify the experiential side of the content and helpful suggestions enhance each chapter and ensure a safe and ethical application of this technique This book is a must read for anyone who uses a life story approach in his or her work with older adults or is teaching or supervising others in doing so **A Beautiful Life and Other Stories** The Writers Discussion Group, 2010-12 An eclectic variety of stories articles travelogues commentary life stories and poetry by 25 talented writers This is the fifth book by The Writers Discussion Group of Chapel Hill North Carolina *The Colonel's Story* Sara Agnes Rice Pryor, 1911 **Bram Stoker: Author of Dracula** Neil R. Storey, 2023-10-12 Previously unpublished research sheds new light on how Bram Stoker researched and wrote Dracula and the people who inspired his characters Bram Stoker Author of Dracula is an affectionate and revealing biography of the man who created the vampire novel that would define the genre and lead to a new age in Gothic horror literature Based on decades of painstaking research in libraries museums and university archives and privileged access to private collections on both sides of the Atlantic the private letters of Bram and the reminiscences of those who knew him not only shed new light on Stoker's ancestry his life loves and friendships they also reveal more about the places and people who inspired him and how he researched and wrote his books Bram wrote numerous articles short stories and poetry for newspapers and magazines he had a total of eleven novels and two collections of short stories published in his lifetime but he would only become known for one of them Dracula Tragically he did not live long enough to see it as a huge success In his heyday as Acting Manager for Sir Henry Irving at the Lyceum Theatre in the West End of London Bram was a well known figure in a golden age of British theater He was a big framed ebullient genial gentleman with red hair and beard who never lost his soft Irish brogue was blessed with wit and a host of entertaining stories fit for every occasion Described as having the paw of Hercules and the smile of Machiavelli above all he knew what it meant to be a loyal friend *Miss Ayr of Virginia And Other Stories* Julia Magruder, 2020-09-28 When

Miss Ayr of Virginia came down to take her place on the coach for the races in company with her cousins the Miss Ayr of New York there was a discrepancy between the former and the latter which could scarcely have failed to attract attention It could not be denied that the advantage was on the side of the last named ladies though Miss Ayr of Virginia was exquisite and they were plain Compared with such costumes as they wore however such chic such height such distinguished bearing what was mere beauty The little country girl with her village made costume just saved from absolute dowdiness by a few touches from her cousins maid which she had inwardly resented was certainly a fish out of water in that jaunty party and in her wretched little soul she felt it Moreover her dress was not only countrified it was unbecoming Its style of construction quite disguised her slight and charming figure and her hat was as complete a handicap for a beautiful face as could well have been invented She did not realize this not having as yet entirely lost her buoyant belief in herself which was one result of her being an only child and the spoiled darling of her father besides being the recognized belle of her county What she did realize however was that these fashionable cousins of hers found her a nuisance and that the invitation which she had received from their father would never have come from themselves The Miss Ayr of New York were partly right in what they said of their cousin namely that she had been badly brought up This fact might possibly have been overlooked on the score of her having lost her mother in childhood but for the other fact that the Miss Ayr of New York were in the same case and yet felt proudly conscious that they could challenge the world as to their unimpeachable good form There was one important difference between the two families however The Ayr of New York were rich while the Ayr of Virginia were poor The war which had caused the impoverishment of the latter branch of the family was not yet so far back in the past but that days of opulence and ease could yet be remembered even by this sole representative in the present generation Miss Carter Ayr who now for the first time emerged from the safety and seclusion of her beloved South was come to taste the delights of a season in New York The two brothers who were the respective heads of the families had both been left widowers and neither of them had re married but John Ayr of New York had been able to give his daughters the very best that money could do for them in the way of governesses and chaperonage and foreign travel while Henry Ayr of Virginia had had to content himself with the ministrations of a gentle old maid cousin who had been governess and chaperon in one and had let Carter grow up much as she chose a fact which had not in the least interfered with her father s complete satisfaction with her
