the team Still in uniform he was one of tens of thousands of Liverpoolians who fought in World War One His signing completed a jigsaw that eventually revealed an image of footballing perfection a team so great they were called The Untouchables The book brings to life a host of incredible characters uncovers friendships and rivalries and reveals amazing backstories Meet men like Bootle born Walter Wadsworth tough talking Irishman Elisha Scott champion boxer Jock McNab and many other fascinating figures The Untouchables reveals previously unknown detail and sheds new light on old controversies including the real reason behind the departure of the club s manager Dave Ashworth Meticulously researched and lovingly told the book breathes new life into a fascinating and long forgotten story **The Nautical Gazette** ,1921

*The Mercantile Marine* Edward Keble Chatterton,1923 *Liverpool* Tony Lane,1997-01-01 Liverpool has been shaped by its historic dependence on ships and seaborne trade to an extent unequalled anywhere else in Britain This history has left its birthmark on the present In a unique analytical essay blending economic and social history with sociology Tony Lane shows how the structures and the everyday life experiences of shipowners and seafarers merchants and dockers have together produced a city with a distinctive social character The city s dependence on shipping and commerce has ended but it passing is recent enough for it still to exert a powerful influence and give this remarkable city a feel of being noticeably different from anywhere else in England This book is a second fully revised and updated edition of Tony Lane s *Liverpool Gateway of Empire* Lawrence and Wishart 1987 **Wartime Standard Ships** Nick Robins,2017-08-30 In both World Wars there arose a pressing need for merchant tonnage both to supplement existing ships but more importantly to replace ships that had been sunk by enemy action and the key to the Allied strategy in both wars was a massive programme of merchant shipbuilding This need gave rise to a series of standard designs with increasing emphasis on prefabrication and a progression towards welded hulls This new book tells the remarkable story of the design and construction of the many types that not only contributed to their countrys war efforts but were also responsible for a cultural change in world shipbuilding that would lay the foundations for the post war industry The story begins in the First World War with the National type cargo ships which were the first examples of prefabricated construction The best known of all types of wartime standard ships of course were the Liberty ships and their successor the better equipped Victory ships both built in the United States Some 2 700 Liberty ships were built and this incredible achievement undoubtedly saved the Allies from losing the War In Canada the Ocean and Park ships made a further major contribution Germany and Japan also introduced standard merchant shipbuilding programmes during the Second World War and these are covered in detail The many different types and designs are all reviewed and their roles explained while the design criteria innovative building techniques and the human element of their successful operation is covered Some of the story has been told piecemeal in a range of diverse books and articles a few with extensive fleet lists However the complete history of the twentieth century wartime built standard merchant ship has not previously been written so this new volume recording that history within its appropriate technical political and military

background will be hugely welcomed      *Networks of Influence and Power* Robert Lee, 2023-12-01 During the nineteenth century Liverpool became the heart of an international maritime network As the second city of Empire its merchants and shipowners operated within a transnational commercial and financial system while its trading connections stimulated the development of new markets and their integration within an increasingly global economy This ground breaking volume brings together ten original contributions that reflect upon the development of the city s business community from the early nineteenth century to the outbreak of the First World War with an emphasis on the period from 1851 to 1912 It offers the first detailed analysis of Liverpool s merchant community within a conceptual and historiographical framework which focuses on the economic social and cultural role of business elites in the nineteenth century It explores the extent to which business success was predicated on the maintenance of networks of trust analyses the importance of business culture in structuring commercial operations and discusses the role of ethics trust and reputation within the changing framework of the business environment Particular attention is paid to the role of women and the important contribution of the family to commercial success and the maintenance of social networks Changes in business practice and social networks are also examined within a spatial context in order to assess the impact of the development of a distinct commercial centre and the clustering of commercial activity on interaction reputation and trust while particular attention is paid to the effect of suburbanization on existing associational networks the social cohesiveness of business culture and the cultural identity of the merchant community as a whole      *Dictionary of Business Biography* David J. Jeremy, 1984      **Shipbuilding and Shipping Record**, 1927      *Pirates* Charles active 1724-1731 Johnson, 2022-05-28 In *Pirates* Charles Johnson masterfully narrates the thrilling adventures of notorious buccaneers intertwining vivid dramatic prose with biographical sketches that reveal the complex lives of these maritime outlaws The book is both an engaging work of popular literature and a significant historical account providing insights into the socio political landscape of early 18th century England and the Caribbean Utilizing a journalistic style infused with romanticism Johnson delves into the allure of piracy exploring themes of freedom rebellion and morality while shedding light on the brutal realities of life at sea Charles Johnson a contemporary of Daniel Defoe has often been hypothesized to have derived inspiration from his own experiences in the tumultuous maritime world or a desire to present a different perspective on piracy than was common in his day His background in writing for the emerging periodical press aligns with the popular fascination with adventure and crime during the Age of Enlightenment reflecting a society grappling with issues of authority and personal autonomy This context amplifies the significance of Johnson s work as it grapples with both romantic ideals and harsh truths of pirate existence *Pirates* is a must read for anyone interested in maritime history literature or the enduring allure of rebellion against authority Johnson s compelling storytelling combined with historical authenticity offers readers not only excitement and adventure but also deeper reflections on the nature of freedom and lawlessness on the high seas
