The Reception of Greek Lyric Poetry in the Ancient World: Transmission, Canonization and Paratext

,2019-12-09 In *The Reception of Greek Lyric Poetry in the Ancient World: Transmission Canonization and Paratext* a team of international scholars consider the afterlife of early Greek lyric poetry iambic elegiac and melic up to the 12th century CE from a variety of intersecting perspectives reperformance textualization the direct and indirect tradition anthologies poets Lives and the disquisitions of philosophers and scholars Particular attention is given to the poets Tyrtaeus Solon Theognis Sappho Alcaeus Stesichorus Pindar and Timotheus Consideration is given to their reception in authors such as Aristophanes Herodotus Plato Plutarch Athenaeus Aelius Aristides Catullus Horace Virgil Ovid and Statius as well as their discussion by Peripatetic scholars the Hellenistic scholia to Pindar Horace's commentator Porphyrio and Eustathius on Pindar Pindar: 'Pythian Eleven' P. J. Finglass,2007-12-13 Pindar's Pythian Eleven is a miniature masterpiece a poem praising a young athlete which presents a vivid and important account of the Agamemnon legend Yet it contains so many difficulties of text metre dating and interpretation that even Wilamowitz regarded it as one of Pindar's most obscure poems This 2007 edition the first full scale treatment that the poem had ever received provides answers to the problems that have prevented proper appreciation of the work In addition to the full introduction and commentary the book also has a text based on re examination of the manuscripts detailed metrical discussion and a translation **Sophocles: Electra** Sophocles,2007-08-09 Full scale 2007 commentary on a revised Greek text with original metrical analyses of the lyrical sections **Greek Drama V** Hallie Marshall,C. W. Marshall,2020-02-06 Drawing together new research from emerging and senior scholars this selection of

papers from the decennial Greek Drama V conference Vancouver 2017 explores the works of the ancient Greek playwrights and showcases new methodologies with which to study them Sixteen chapters from a field of international contributors examine a range of topics from the politics of the ancient theatre to the role of the chorus to the earliest history of the reception of Aeschylus *Oresteia* Employing anthropological historical and psychological critical methods alongside performance analysis and textual criticism these studies bring fresh and original interpretations to the plays Several contributions analyse fragmentary tragedies while others incorporate ideas on the performance aspect of certain plays The final chapters deal separately with comedy naturally focusing on the plays of Aristophanes and Menander Greek Drama V offers a window into where the academic field of Greek drama is now and points towards the future scholarship it will produce

Parody, Politics and the Populace in Greek Old Comedy Donald Sells, 2018-12-13 This book argues that Old Comedy's parodic and non parodic engagement with tragedy satyr play and contemporary lyric is geared to enhancing its own status as the preeminent discourse on Athenian art politics and society Donald Sells locates the enduring significance of parody in the specific cultural social and political subtexts that often frame Old Comedy's bold experiments with other genres and drive its rapid evolution in the late fifth century Close analysis of verbal visual and narrative strategies reveals the importance of parody and literary appropriation to the particular cultural and political agendas of specific plays This study's broader more flexible definition of parody as a visual not just verbal and multi coded performance represents an important new step in understanding a phenomenon whose richness and diversity exceeds the primarily textual and literary terms by which it is traditionally understood

Praise and Blame in Greek Tragedy Kate Cook, 2024-01-11 Exploring the use of praise and blame in Greek tragedy in relation to heroic identity Kate Cook demonstrates that the distribution of praise and blame a significant social function of archaic and classical poetry also plays a key role in Greek tragedy Both concepts are a central part of the discourse surrounding the identity of male heroic figures in tragedy and thus are essential for understanding a range of tragedies in their literary and social contexts In the tragic genre the destructive or dangerous aspects of the process of *kleos* glory are explored and the distribution of praise and blame becomes a way of destabilising identity and conflict between individuals in democratic Athens The first half of this book shows the kinds of conflicts generated by heroes who seek after one kind of praise in tragedy but face other characters or choruses who refuse to grant the praise discourses they desire The second half examines what happens when female speakers engage in the production of these discourses particularly the wives and mothers of heroic figures who often refuse to contribute to the production of praise and positive *kleos* for these men *Praise and Blame in Greek Tragedy* therefore demonstrates how a focus on this poetically significant topic can generate new readings of well known tragedies and develops a new approach to both male heroic identity and women's speech in tragedy

Pindar and the Poetics of Permanence Henry Spelman, 2018-04-23 Recent scholarship on early Greek lyric has been primarily concerned with the immediate contexts of its first performance This volume instead

turns its attention to the rhetoric and realities of poetic permanence Taking Pindar and archaic Greek literary culture as its focus it offers a new reading of Pindar's victory odes which explores not only how they were received by those who first experienced them but also what they can mean to later audiences Part One of the discussion investigates Pindar's relationship to both of these audiences demonstrating how his epinicia address the listeners present at their premiere performance and also a broader secondary audience across space and time It argues that a full appreciation of these texts involves taking both perspectives into account Part Two describes how Pindar engages with a wide variety of other poetry particularly earlier lyric in order to situate his work both within an immanent poetic history and a contemporary poetic culture It shows how Pindar's vision of the world shaped the meaning of his work and illuminates the context within which he anticipated its permanence The book offers new insights into the texts themselves and invites us to rethink early Greek poetic culture through a combination of historical and literary perspectives

The Greek Poetry of Summons and Invitation
Francis Cairns, 2024-09-23

The Greek Poetry of Summons and Invitation assembles and studies for the first time the numerous poetic invitations and summonses of Archaic Classical and Hellenistic Greece These poems and passages come from epic lyric dramatic epigrammatic and epigraphic sources Most of them are by celebrated Greek poets Homer Sappho Alcaeus Aeschylus Sophocles Euripides Aristophanes Theocritus Callimachus Apollonius among others Analysis of this poetic corpus associates it with the kletikon an ancient rhetorical genre of content and reveals everywhere in it the commonplaces of that genre thus allowing new sub types of the kletikon to be discovered and the development of the genre over the centuries to be charted When individual invitations and summonses are viewed against this generic background their originality and merits emerge along with their poets unique voices Each summons and invitation is presented translated discussed in detail and when part of a longer work linked to its context This volume is directed to scholars and students of Classics scholars of the Latin equivalent genre the vocatio which persisted into the Renaissance can also find in it an intellectual model
