Invisible Activists Lee Sartain, 2007-04 Behind the historical accounts of the great men of the National Association for the Advancement of Colored People lies the almost forgotten story of the black women who not only participated in the organization but actually helped it thrive in the early twentieth century South In Invisible Activists Lee Sartain examines attitudes toward gender class and citizenship of African American activists in Louisiana and women s roles in the campaign for civil rights in the state In the end he argues it was women working behind the scenes in Louisiana s branches of the NAACP who were the most crucial factor in the organization s efficiency and survival During the first half of the twentieth century especially in the darkest days of the Great Depression when membership waned and funds were scarce a core group of women maintained Louisiana s NAACP Fighting on the front line Sartain explains women acted as grassroots organizers running public relations campaigns and membership drives mobilizing youth groups and promoting general community involvement Using case studies of several prominent female NAACP members in Louisiana Sartain demonstrates how women combined their fundraising skills with an extensive network of community and family ties to fund the NAACP and increasingly to undertake the day to day operations of the local organizations themselves Still these women also struggled against the double obstacles of racism and sexism that prevented them from attaining the highest positions within NAACP branch leadership Sartain illustrates how the differences between the sexes were ultimately woven into the political battle for racial justice where women were viewed as having inherent moral superiority and hence the potential to lift the black population as a whole Sartain concludes that despite the societal traditions that kept women out of leadership positions in the early stages of the civil rights movement their skills and their contributions as community matriarchs provided the keys to the organization s progress Highly original and essential to a comprehensive study of the NAACP Invisible Activists gives voice to the many individual women who sustained the influential civil rights organization during a time of severe racial oppression in Louisiana Without such dedication Sartain asserts the

Four major women s autobiographies of the twentieth century are discussed together here for the first time Val rie Baisn e reinterprets the autobiographical writing of Simone De Beauvoir Maya Angelou Janet Frame and Marguerite Duras finding some striking similarities in these women s resistance to a conservative order Deploying a variety of theoretical approaches from linguistic to Marxist Baisn e endeavours to break the restrictive patterns of author centred studies to go beyond simple oppositions between truth and fiction and to dispense with the facile interpretation of these texts as confessional For Val rie Baisn e Autobiography is meant to represent not the true but the official version of a life signed by the author herself and revered as hagiography by the public Instead of analysing women s autobiographies as confessional it is possible to see this mode of discourse as a means to counteract the effect of exposure of women s private lives By revealing their past however painful it may be the four autobiographers studied in this book also enhance their present strength and therefore underline the political nature of the autobiography Women's Fiction Deborah Philips,2014-06-19
