Dedicated to God Abbie Reese, 2014 In the second decade of the twenty first century Catholicism appears under siege Reporters fixate on drama accusations investigations the selection of a new pope They ignore the inner story the very reason why the church has survived from the Roman Empire s persecution through Renaissance splendor to the present day This is the story of a search for truth peace and salvation a story of selfless dedication that continues behind monastic walls even in our time In Dedicated to God Abbie Reese opens a window onto the Corpus Christi Monastery of the Poor Clare Colettine Order a community of cloistered monastic nuns living within a 25 000 square foot enclosure near Rockford Illinois It is a world apart from our noisy digital hyper connected world a world of poverty simplicity and prayer These women have surrendered everything their names shoes even their families They disappear from the larger world when one dies the order marks her grave with a simple stone indicating religious name and death date nothing more While they live they pray five times a day at the Liturgy of the Hours for the victims of catastrophes and personal tragedies around the globe The author spent six years learning their individual stories and the ancient rules they have chosen to live by Reese makes that choice understandable showing how each nun s values led her there even if families were sometimes befuddled one great niece calls the monastery the Jesus cage With an eye for complexity Reese ranges from the challenges individuals face she calls one the claustrophobic nun to the uncomprehending society that threatens this place with extinction **Rituals and Music in**

Europe Daniel Burgos, 2024-06-14 This book explores modern European religious and non religious rituals and their main features by focusing on music as a key element required for the full expression of beliefs It specifically examines the relationship between religious non religious pagan cultural celebratory and traditional rituals In doing so this text focuses on the extent to which the rituals overlap replace or feed religious or pseudo religious beliefs to create alternative beliefs individual or collective that systematically ignore any religion The book further analyses the relationship between daily habits holidays sports politics culture and other pagan rituals as forms that represent social feelings by identifying enjoying or impersonating emotions and transversally it explores how music facilitates and fosters those emotions The volume also investigates how rituals coexist and mutually influence each other through a representation of religious and non religious rituals and how music plays a central role in that phenomenology The author argues that music is a key part of various types

of rituals e.g. rites of passage and that music supports and enriches the meaning of the ritual to ultimately strengthen the bond of communication with the individual and the group This monograph appeals to students and researchers working in religious studies and in music theory Joy in All Things Franciscan Assoc of Gb,2009-10-30 This work offers a complete resource for the thousands of people who are members of the First male Second female and Third lay men and women Associates and friends of Franciscan communities and all who aspire to embrace the simplicity and joy of Francis in their Christian lives It includes the stories of Francis and Clare their Rules of life a daily office other Franciscan devotions the essentials of Franciscan spirituality living as a Franciscan today a Franciscan calendar stories of Franciscan saints places of pilgrimage and more Contributors include Murray Bodo ofm Bishop John Jukes ofm Damian Kirkpatrick ssf Samuel Doble ssf Frances Teresa osc and others **Creation Unveiled** Daniel Salomon,2003-08 **Aging and Spirituality** David O.
