Robert Lowells Life And Work Damaged Grandeur:

Robert Lowell's Life and Work Richard Tillinghast, 1995 Robert Lowell was regarded by many as the greatest American poet of his generation Somehow or other in the middle of our worst century so far his contemporary and friend Elizabeth Bishop wrote we have produced a magnificent poet The scion of a distinguished New England family Lowell crafted his poetry to comment on the nation's fate and even to influence the course of American politics Along with Anne Sexton John Berryman and Sylvia Plath he was a pioneer in the movement later known as Confessional Poetry and his political gestures were often timely and controversial his refusal of President Johnson's invitation to the White House came to symbolize the opposition of writers and intellectuals to the Vietnam War Since Lowell's death in 1977 his reputation has suffered a decline yet arguably no poet living today writes with the same authority the same sense of grandeur Robert Lowell's *Life and Work Damaged Grandeur* is a critical memoir by acclaimed poet Richard Tillinghast a friend and student of Lowell's in the 1960s Tillinghast shows how Lowell's gift for the grand gesture was tragically intertwined with the manic depressive illness that afflicted him throughout his adult life hence the damaged grandeur of the title This book offers a radical re-examination of Lowell's poetic career and argues for the restoration of this complex and troubled poet to a pre-eminent position in American letters Richard Tillinghast's books of poetry include *Our Flag Was Still There* *Sewanee in Ruins* *The Knife and Other Poems* and *Sleep Watch* He writes regularly for *The New York Times* *Atlantic Monthly* and *The New Republic* He is Professor Emeritus of English University of Michigan and is the recipient of a fellowship from the John Simon Guggenheim Foundation

Robert Lowell's Imitations and the Cold War Simon van Schalkwyk, 2025-08-07 The first book-length study focusing on Robert Lowell's career long preoccupation with the liberal mode of translational adaptation known as imitation Robert Lowell's *Imitations and the Cold War* argues that Lowell's imitations are simultaneously symptomatic of and critically responsive to familiar nodes of Cold War ideology such as containment and contamination secrecy and security post-imperial U.S. expansion and Empire It departs from studies focused solely on *Imitations* 1961 Lowell's book-length collection of translational adaptations by demonstrating how imitation shadows Lowell's work from his earliest collections *Land of Unlikeness* 1944 and *Lord Weary's Castle* 1946 through his celebrated mid-career collections *Life Studies* 1959 and *For the Union Dead* 1964 and to later works such as *Near the Ocean* 1969 and his contributions of adaptations from the Russian of Anna Akhmatova and Osip Mandelstam collected in Olga Carlisle's anthology *Poets on Street Corners* 1967 Simon van Schalkwyk excavates the imitational substrate undergirding and informing Lowell's compositional method and poetic imagination throughout the course of his career In so doing he shows how imitation enacts at the level of form Lowell's restless investment in Cold War geopolitics and literary networks in ways that inform develop and complicate his more conventional canonization as an unquestionably American poet preoccupied solely and simplistically with personal or autobiographical modes of poetic confession As literary sites at which containment's dualities porosities leakages and contaminants are most clearly displayed

Lowell's imitations simultaneously challenge and develop our understanding of confession's presumably strict preoccupation with the personal regional and national frameworks through which Lowell has commonly been understood

The Critical Response to Robert Lowell Steven G. Axelrod, 1999-06-30

From the publication of his first major volume in 1946, *Lord Weary's Castle*, to a few years before his death in 1977, Robert Lowell held sway as the premier English language poet of his time. *Lord Weary's Castle* seemed to push poetic language and cultural critique in exciting new directions, yet they were directions sanctioned by the New Criticism of his time. In 1959, Lowell's *Life Studies* dramatically broke the very traditions he had previously revitalized. During the 1960s, his works elaborated his new poetic mode and engaged with personal, political, and historical issues. But with the 1973 publication of his poetic trilogy, *History for Lizzie and Harriet* and *The Dolphin*, his reputation suffered. Though his final work, the autobiographical *Day by Day*, published shortly before his death in 1977, was favorably received, critics continued to attack him in the decades that followed. Thus, Lowell's reputation, as this volume makes clear, has fluctuated, and at the close of the twentieth century, there is still no critical consensus about any aspect of his work. This book provides a representative sample of the critical discourse concerning Lowell's poetry, drama, and prose, and shows that discourse at its most varied and vital. An introductory essay surveys the response to Lowell's writings. The first three sections then track Lowell's volumes chronologically. Most of his books receive one or two reviews, followed by several scholarly essays arranged in the order of their publication. Along with the reprinted articles are two essays written specifically for this volume. The fourth section presents several broad overviews of Lowell and his works and an extensive bibliography of primary and secondary sources. The book concludes with an essay by Lowell himself in which he reflects on his career.

New England Landscape History in American Poetry, *Behind the Lines* Philip Metres, 2007-05

Whether Thersites in Homer's *Iliad*, Wilfred Owen in *Dulce et Decorum Est*, or Allen Ginsberg in *Wichita Vortex Sutra*, poets have long given solitary voice against the brutality of war. The hasty cancellation of the 2003 White House symposium *Poetry and the American Voice* in the face of protests by Sam Hamill and other invited guests against the coming shock and awe campaign in Iraq reminded us that poetry

and poets still have the power to challenge the powerful Behind the Lines investigates American war resistance poetry from the Second World War through the Iraq wars Rather than simply chronicling the genre Philip Metres argues that this poetry gets to the heart of who is authorized to speak about war and how it can be represented As such he explores a largely neglected area of scholarship the poet's relationship to dissenting political movements and the nation In his elegant study Metres examines the ways in which war resistance is registered not only in terms of its content but also at the level of the lyric He proposes that protest poetry constitutes a subgenre that by virtue of its preoccupation with politics history and trauma probes the limits of American lyric poetry Thus war resistance poetry and the role of what Shelley calls unacknowledged legislators is a crucial though largely unexamined body of writing that stands at the center of dissident political movements

Shades of Authority Stephen James, 2007-10-01 What is the relationship between poetry and power Should poetry be considered a mode of authority or an impotent medium And why is it that the modern poets most commonly regarded as authoritative are precisely those whose works wrestle with a sense of artistic inadequacy Such questions lie at the heart of this study prompting fresh insights into three of the most important poets of recent decades Robert Lowell Geoffrey Hill and Seamus Heaney Through attentive close reading and the tracing of dominant motifs in each writer's works James shows how their responsiveness to matters of political and cultural import lends weight to the idea of poetry as authoritative utterance as a medium for speaking of and to the world in a persuasive memorable manner And yet as James demonstrates each poet is exercised by an awareness of his own cultural marginality even by a sense of the limitations and liabilities of language itself

A Delicate Aggression David O. Dowling, 2019-03-26 A vibrant history of the renowned and often controversial Iowa Writers Workshop and its celebrated alumni and faculty As the world's preeminent creative writing program the Iowa Writers Workshop has produced an astonishing number of distinguished writers and poets since its establishment in 1936 Its alumni and faculty include twenty-eight Pulitzer Prize winners six U.S. poet laureates and numerous National Book Award winners This volume follows the program from its rise to prominence in the early 1940s under director Paul Engle who promoted the workshop method of classroom peer criticism Meant to simulate the rigors of editorial and critical scrutiny in the publishing industry this educational style created an environment of both competition and community cooperation and rivalry Focusing on some of the exceptional authors who have participated in the program such as Flannery O'Connor Dylan Thomas Kurt Vonnegut Jane Smiley Sandra Cisneros T.C. Boyle and Marilynne Robinson David Dowling examines how the Iowa Writers Workshop has shaped professional authorship publishing industries and the course of American literature

Robert Lowell's Shifting Colors William Doeski, 1999 Following the course of Lowell's poetic development Doeski argues that the ambiguity of Lowell's social and religious beliefs as far as the poems express them is functional and that the formal restraints of Lowell's poems serve to reveal rather than mask the difficulties he found in formulating public and private values
