Invented Knowledge Ronald H. Fritze, 2009-05-15 This incredible exploration of the murky world of pseudo history reveals the mix of proven facts informed speculation and pure fiction behind lost continents ancient super civilizations and conspiratorial cover ups as well as the revisionist historical foundations of religions such as the Nation of Islam and the Church of Jesus Christ of Latter day Saints Drawing on the best scholarship available Ronald H Fritze shows that in spite of strong mainstream historical evidence to the contrary many of these ideas have proved durable and gained widespread acceptance As the examples in Invented Knowledge reveal pseudo historians capitalize on and exploit anomalies in evidence to support their claims rather than examining the preponderance of research as a whole

Kull Robert E. Howard, 2006-10-31 In a meteoric career that spanned a mere twelve years Robert E Howard single handedly invented the genre that came to be called sword and sorcery From his fertile imagination sprang some of fiction's most enduring heroes Yet while Conan is indisputably Howard's greatest creation it was in his earlier sequence of tales featuring Kull a fearless warrior with the brooding intellect of a philosopher that Howard began to develop the distinctive themes and the richly evocative blend of history and mythology that would distinguish his later tales of the Hyborian Age Much more than simply the prototype for Conan Kull is a fascinating character in his own right an exile from fabled Atlantis who wins the crown of Valusia only to find it as much a burden as a prize This groundbreaking collection lavishly illustrated by award winning artist Justin Sweet gathers together all Howard's stories featuring Kull from Kull's first published appearance in *The Shadow Kingdom* to *Kings of the Night* Howard's last tale featuring the cerebral swordsman The stories are presented just as Howard wrote them with all subsequent editorial emendations removed Also included are previously unpublished stories drafts and fragments plus extensive notes on the texts an introduction by Howard authority Steve Tompkins and an essay by noted editor Patrice Louinet Praise for Kull Robert E Howard had a gritty vibrant style broadsword writing that cut its way to the heart with heroes who are truly larger than life David Gemmell Howard's writing seems so highly charged with energy that it nearly gives off sparks Stephen King Howard was a true storyteller one of the first and certainly among the best you'll find in heroic fantasy If you've never read him before you're in for a real treat Charles de Lint For stark living fear what other writer is even in the running with Robert E Howard H P Lovecraft
