Robert Herricks Hesperides And The Epigram Tradition

Ian Frederick Moulton

Robert Herricks Hesperides And The Epigram Tradition:

Robert Herrick's Hesperides and the Epigram Book Tradition Ann Baynes Coiro, 1988 *The Complete Poetry of Robert Herrick* Tom Cain, Ruth Connolly, 2013-11-01 This is the first edition for fifty years of one of the greatest of English lyric poets Volume I concentrates on Herrick's large printed collection *Hesperides* published in 1648 and the product of nearly four decades of writing The text is based on a collation of all fifty seven known surviving copies of *Hesperides* In addition it includes a much needed new biography covering the suicide of his father his apprenticeship as a goldsmith banker and his subsequent career in Cambridge London and Devon It provides a survey of Herrick's fluctuating critical reputation from the first in rank and station of English song writers to trivially charming and a detailed reconstruction of the original printing and publishing just after the first Civil War of a book which was the first Complete Works to be published by an English poet There is also a newly ordered sequence of Herrick's letters from Cambridge his only surviving prose An extensive commentary on *Hesperides* is placed in Volume II so that readers can use it side by side with the poems if they wish The commentary gives new translations of Herrick's hundreds of classical allusions and quotes his equally numerous Biblical ones both of them far more extensive and frequently far more playful than has hitherto been realised It also notes many parallels between Herrick's work and that of contemporaries especially Jonson Shakespeare Burton and John Fletcher and his habit of echoing or quoting himself a tendency which reinforces the strong sense of Herrick's persona dominating the collection Full explanations are given of contemporary personal political and cultural references **The epigram in England, 1590-1640**

James Doelman, 2016-06-17 James Doelman's book is the first major study on the Renaissance English epigram since 1947 It combines thorough description of the genre's history and conventions with consideration of the rootedness of individual epigrams within specific social political and religious contexts *The English Civil Wars in the Literary Imagination* Claude J. Summers, Ted-Larry Pebworth, 1999 **Manuscript Miscellanies in Early Modern England** Joshua Eckhardt, Daniel Starza Smith, 2016-05-13 Perhaps more than any other kind of book manuscript miscellanies require a complex and material reading strategy This collection of essays engages the renewed and expanding interest in early modern English miscellanies anthologies and other compilations Manuscript Miscellanies in Early Modern England models and refines the study of these complicated collections Several of its contributors question and redefine the terms we use to describe miscellanies and anthologies Two senior scholars correct the misidentification of a scribe and in so doing uncover evidence of a Catholic probably Jesuit priest and community in a trio of manuscripts Additional contributors show compilers interpreting attributing and arranging texts as well as passively accepting others editorial decisions While manuscript verse miscellanies remain appropriately central to the collection several essays also involve print and prose ranging from letters to sermons and even political prophesies Using extensive textual and bibliographical evidence the collection offers stimulating new readings of literature politics and religion in the early modern period and promises to make important interventions in academic studies

of the history of the book A Companion to Ancient Epigram Christer Henriksén, 2019-02-12 A delightful look at the epic literary history of the short poetic genre of the epigram From Nestor's inscribed cup to tombstones bathroom walls and Twitter tweets the ability to express oneself concisely and elegantly continues to be an important part of literary history unlike any other This book examines the entire history of the epigram from its beginnings as a purely epigraphic phenomenon in the Greek world where it moved from being just a note attached to physical objects to an actual literary form of expression to its zenith in late 1st century Rome and further through a period of stagnation up to its last blooming just before the beginning of the Dark Ages A Companion to Ancient Epigram offers the first ever full scale treatment of the genre from a broad international perspective The book is divided into six parts the first of which covers certain typical characteristics of the genre examines aspects that are central to our understanding of epigram and discusses its relation to other literary genres The subsequent four parts present a diachronic history of epigram from archaic Greece Hellenistic Greece and Latin and Greek epigrams at Rome all the way up to late antiquity with a concluding section looking at the heritage of ancient epigram from the Middle Ages up to modern times Provides a comprehensive overview of the history of the epigram The first single volume book to examine the entire history of the genre Scholarly interest in Greek and Roman epigram has steadily increased over the past fifty years Looks at not only the origins of the epigram but at the later literary tradition A Companion to Ancient Epigram will be of great interest to scholars and students of literature world literature and ancient and general history It will also be an excellent addition to the shelf of any public and university library

Intellectual and Imaginative Cartographies in Early Modern England Patrick Murray, 2022-08-05 Taking as its focus an age of transformational development in cartographic history namely the two centuries between Columbus's arrival in the New World and the emergence of the Scientific Revolution this study examines how maps were employed as physical and symbolic objects by thinkers writers and artists It surveys how early modern people used the map as an object whether for enjoyment or political campaigning colonial invasion or teaching in the classroom Exploring a wide range of literature from educational manifestoes to the plays of Marlowe and Shakespeare it suggests that the early modern map was as diverse and various as the rich culture from which it emerged and was imbued with a whole range of political social literary and personal impulses Intellectual and Imaginative Cartographies in Early Modern England 1550-1700 will appeal to all those interested in the History of Cartography **Royalism and Poetry in the English Civil Wars** J. Loxley, 1997-10-27 English literary history has long incorporated the category of Cavalier verse and the critical presuppositions that have shaped such a category continue even now to determine the ways in which much civil war writing is read Through a detailed study of both manuscript and printed texts James Loxley arrives at an account of the interaction between poetry and royalist political activity which for the first time presents a sustained and coherent challenge to such presuppositions Sir John Harington and the Book as Gift Jason Scott-Warren, 2001 Sir John Harington 1560-1612 has long been recognized as one of the most

colourful and engaging figures at the English Renaissance court Godson of Queen Elizabeth translator of Ariosto and inventor of the water closet he was also a lively writer in a wide variety of modes and an acute commentator on his times This study opens a new perspective on Harington s literary production by attending to the fact that almost all of his writings were designed as gifts Combining detailed readings and first hand historical research Jason Scott Warren reconstructs the complex often devious agenda which Harington wrote into his books as he customized them for specific individuals and occasions Offering a wealth of insights into self fashioning and the pursuit of patronage this study makes a persuasive case for the significance of material culture to textual interpretation It will be of interest to all who work on the early modern period and in particular to historians of the book **In the Company of Shakespeare** Thomas Moisan,Douglas

Bruster,2002 This book is an anthology of critical essays written about English literature during the Renaissance or the early modern period It focuses on Shakespeare s poetry and plays including the Sonnets The Phoenix and the Turtle The Rape of Lucrece King Lear Othello Measure for Measure and Timon of Athens Also examined are the publication of the plays of Beaumont and Fletcher William Cartwright s play The Royal Slave and James Halliwell Phillips one of the central figures in the Shakespearean textual tradition Clever Little Books Ian Frederick Moulton,

Addiction and Devotion in Early Modern England Rebecca Lemon,2018-03-20 Scholarly addiction in Doctor Faustus Addicted love in Twelfth Night Addicted fellowship in Henry IV Addiction and possession in Othello Addictive pledging from Shakespeare and Jonson to cavalier verse

Devotional Experience and Erotic Knowledge in the Literary Culture of the English Reformation Rhema Hokama,2023 Discusses the ways in which post Reformation devotional practices informed expressions of desire in the poetry of five Renaissance English writers Shakespeare Donne Greville Herrick and Milton *Readings on Audience and Textual Materiality* Carrie Griffin,Graham Allen,Mary O'Connell,2015-10-06 The twelve essays in this edited collection examine the experience of reading from the late medieval period to the twentieth century Central to the theme of the book is the role of materiality how the physical object book manuscript libretto affects the experience of the person reading it Representing the Plague in Early Modern England Rebecca Totaro,Ernest B. Gilman,2010-09-13 This collection offers readers a timely encounter with the historical experience of people adapting to a pandemic emergency and the corresponding narrative representation of that crisis as early modern writers transformed the plague into literature The essays examine the impact of the plague on health politics and religion as well as on the plays prose fiction and plague bills that stand as witnesses to the experience of a society devastated by contagious disease Readers will find physicians and moralists wrestling with the mysteries of the disease erotic escapades staged in plague time plays the poignant prose works of William Bullein and Thomas Dekker the bodies of monarchs who sought to protect themselves from plague the chameleon like nature of the plague as literal disease and as metaphor and future strains of plague literary and otherwise which we may face in the globally minded technology dependent and ecologically awakened twenty first century The bubonic plague compelled change

in all aspects of lived experience in Early Modern England but at the same time it opened space for writers to explore new ideas and new literary forms not all of them somber or horrifying and some of them downright hilarious By representing the plague for their audiences these writers made an epidemic calamity intelligible for them the dreaded disease could signify despair but also hope bewilderment but also a divine plan quarantine but also liberty death but also new life

Curiosities and Texts Marjorie Swann, 2010-11-24 A craze for collecting swept England during the sixteenth and seventeenth centuries Aristocrats and middling sort men alike crammed their homes full of a bewildering variety of physical objects antique coins scientific instruments minerals mummified corpses zoological specimens plants ethnographic objects from Asia and the Americas statues portraits Why were these bizarre jumbles of artifacts so popular In *Curiosities and Texts* Marjorie Swann demonstrates that collections of physical objects were central to early modern English literature and culture Swann examines the famous collection of rarities assembled by the Tradescant family the development of English natural history narrative catalogs of English landscape features that began to appear in the Tudor and Stuart periods the writings of Ben Jonson and Robert Herrick and the foundation of the British Museum Through this wide ranging series of case studies Swann addresses two important questions How was the collection which was understood as a form of cultural capital appropriated in early modern England to construct new social selves and modes of subjectivity And how did literary texts both as material objects and as vehicles of representation participate in the process of negotiating the cultural significance of collectors and collecting Crafting her unique argument with a balance of detail and insight Swann sheds new light on material culture s relationship to literature social authority and personal identity *Reading, Society and Politics in Early Modern England*

Kevin M. Sharpe, Steven N. Zwicker, 2003-07-10 This book charts the changes in reading habits that reflect broader social and political shifts in early modern England

Challenging Humanism Dominic Baker-Smith, 2005 Dominic Baker Smith has been a leading international authority on humanism for more than four decades specializing in the works of Erasmus and Thomas More The present collection of essays by colleagues throughout Europe Canada and the United States examines humanism in both its historic sixteenth century meanings and applications and the humanist tradition in our own time drawing on his work and that of scholars who have followed him Contributors include Andrew Weiner Elizabeth McCutcheon and Germaine Warkentin Arthur F Kinney is Thomas W Copeland Professor of Literary History at the University of Massachusetts Amherst Ton Hoenselaars is Associate Professor of English at the University of Utrecht

Ceremony and Community from Herbert to Milton Achsah Guibbory, 2006-11-23 This book examines the relationship between literature and religious conflict in seventeenth century England showing how literary texts grew out of and addressed the contemporary controversy over ceremonial worship Examining the meaning and function of religion in seventeenth century England Achsah Guibbory shows that the conflicts over religious ceremony that were central to the English Revolution had broad cultural significance She offers new and original readings of Herbert Herrick Browne and Milton in this context

Shakespeare and the Question of Culture D. Bruster, 2016-04-30 The last two decades have witnessed a profound change in the way we receive the literary texts of early modern England One could call this a move from text to culture Put briefly earlier critics tended to focus on literary texts strictly conceived plays poems prose fictions essays Since the mid 1980s however it has been just as likely for critics to speak of the culture of early modern England even when they do so in conjunction with analysis of literary texts This cultural turn has clearly enriched the way in which we read the texts of early modern England but the interdisciplinary practices involved have frequently led critics to make claims about materials and about the culture these materials appear to embody that exceed those materials representativeness *Shakespeare and the Question of Culture* addresses the central issue of culture in early modern studies through both literary history and disciplinary critique Douglas Bruster argues that the culture literary critiques investigate through the works of Shakespeare and other writers is largely a literary culture and he examines what this necessary limitation of the scope of cultural studies means for the discipline of early modern studies

Unveiling the Magic of Words: A Report on "**Robert Herricks Hesperides And The Epigram Tradition**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
