Role Of Political Sexual Identity In T

Monika L. McDermott, Dan Cassino

Role Of Political Sexual Identity In T:

Queer Identities / Political Realities Bruce Drushel, Kathleen German, 2009-01-23 Queer Identities Political Realities examines the intersection of political leadership media coverage and sexual identity with particular emphasis on the negotiation of meaning between public behavior and private behavior in the United States Centering on cases that illuminate key issues each chapter questions assumptions about media coverage and extends current theoretical understanding Each chapter focuses on a specific case within the broader conceptual fabric of queer theory media theory or rhetorical criticism Varied methodological approaches allow us to gauge public discourse of multifaceted controversies that involve same sex behavior History reveals frequent occasions when private sexual behaviors surface to attract public interest While the prejudices and discrimination against same sex partnerships whether casual or permanent remain entrenched in United States culture there have been occasions when the public discussion is riveted on instances This book argues that public interest changes when the partners in such relationships are of the same sex The extraordinary public prejudice against same sex unions and public censure has been well documented in other research reports and continues to receive attention in other scholarly publications This book will examine the unique intersection of political leadership media coverage and same sex behavior

Gender and Sexual Identity Julie L. Nagoshi, Craig T. Nagoshi, Stephan/ie Brzuzy, 2013-10-21 The first comprehensive presentation of an explicitly transgender theory This theory goes beyond feminist and queer theory by incorporating the idea of fluid embodiment and lived experience in conceptualizing gender and sexual identity Beyond developing a formulation of transgender theory that incorporates the socially constructed embodied and self constructed aspects of identity in the narrative of lived experiences the authors discuss the implications of this trans identity theory for theory research and practice

T-Kit 4 - Intercultural learning Council of Europe, 2018-03-20 Intercultural learning is an important topic for the priorities of both the European Commission and the Council of Europe and of their partnership in the field of youth Intercultural learning is an educational approach that can lead to social transformation so that people from different cultural backgrounds can develop positive relations based on the values and principles of human rights and on seeing cultural differences as positive things It is a form of political and social education that needs to pay attention not only to intercultural relations but also to different understandings of culture and diversity power relations distribution of resources political and social context human rights discrimination history and daily interactions among different groups This T Kit was developed for the context of youth work and non formal education with young people both of which support the personal development social integration and active citizenship of young people Educators and youth workers have an important role in addressing intercultural learning in their work with young people They can stimulate young people s learning in their daily lives so that they can question and extend their perception develop competences to interact positively with people from different cultural backgrounds and embrace the values of diversity equality and dignity In today s Europe

these values and skills are fundamental for young people and for society as a whole in order to continue building peace and mutual understanding

Masculinity, Femininity, and American Political Behavior Monika L. McDermott, 2016-07-01 What influences political behavior more one's gender or one's gendered personality traits? Certain gendered traits have long been associated with particular political leanings in American politics. For example, the Democratic Party is thought to have a compassionate feminine nature, while the Republican Party is deemed to have a tougher, more masculine nature. *Masculinity, Femininity, and American Political Behavior*, a first of its kind analysis of the effects of individuals' gendered personality traits on their political attitudes and behavior, argues that gendered personalities, not biological sex, are what drive the political behavior of individual citizens. Drawing on a groundbreaking national survey measuring gendered personality traits and political preferences, the book shows that individuals' levels of masculine and feminine personality traits help to determine their party identification, vote choice, ideology, and political engagement. And in conjunction with biological sex, these traits also influence attitudes about sex roles. For example, the more strongly an individual identifies with feminine characteristics, the more strongly they identify with the Democratic Party. Likewise, the more masculine an individual is, the more they are drawn to the GOP. The book also demonstrates that, despite conventional wisdom, biological sex does not dictate gendered personalities. As such, the personality trait approach of the book moves gender and politics research well beyond the traditional male/female dichotomy. Moreover, *Masculinity, Femininity, and American Political Behavior* points to new and as yet underexplored strategies for candidate campaigns, get-out-the-vote efforts, and officeholders governing behavior.

Why Don't Women Rule the World? J. Cherie Strachan, Lori M. Poloni-Staudinger, Shannon Jenkins, Candice D. Ortobals, 2019-07-12 *Why Don't Women Rule the World* is unlike other texts in its comparative approach and strong theoretical underpinnings. It has interesting pedagogical features that will resonate with comparative scholars, Americanists, and those who integrate public policy analysis into the course. Rebecca E. Deen, University of Texas at Arlington. Why don't women have more influence over the way the world is structured? Written by four leaders within the national and international academic caucuses on women and politics, *Why Don't Women Rule the World* helps students to understand how the underrepresentation of women manifests within politics and the impact this has on policy. Grounded in theory with practical, job-related activities, the book offers a thorough introduction to the study of women and politics and will bolster students' political interests, ambitions, and efficacy.

Key Features: A comparative perspective expands students' awareness of their own intersectional identities and the varying effects of patriarchy on women worldwide. A variety of policy areas highlighted throughout the book illustrates how different theories are applied to real-world situations. Multiple political engagement activities keep students engaged with the content.

Masculinity in American Politics Monika L. McDermott, Dan Cassino, 2025-02-25 How do elements of masculinity manifest themselves in all aspects of American political life? While hardly a new phenomenon, masculinity—which includes elements of toughness, independence, and leadership among others—roared onto

the national political stage in America with the 2016 candidacy election and presidency of Donald Trump Research into masculinity dates back over a century but little attention has been paid to the specific role of masculinity in politics beyond the conventional wisdom that it rather than femininity is the dominant force This lack of research has led to a lack of knowledge on how exactly and how much masculinity shapes political structures attitudes and behaviors from children s socialization to our masculine political world to how a new generation views this traditional dominance In *Masculinity in American Politics* Monika L McDermott and Dan Cassino bring together a prestigious group of interdisciplinary scholars to explore these questions and their implications for different aspects of political life Topics include the challenge of defining and measuring masculinity how perceptions of gender and masculinity can shape campaign messaging strategies and public opinion and other discussions of political identity including age race and ethnicity With contributions from Melissa Deckman Jill S Greenlee Amanda Bittner and other high profile scholars this comprehensive volume provides insight into masculinity and its high stakes political manifestations particularly as Gen Z fights to redefine the contours of their own gender and sexuality Drawing upon insights from politics sociology psychology and the broader social sciences *Masculinity in American Politics* pushes the field to look beyond the binary and illuminate this brave new world of political conflict and possibility

Transgender Emergence Arlene Istar Lev, 2013-01-11 Explore an ecological strength based framework for the treatment of gender variant clients This comprehensive book provides you with a clinical and theoretical overview of the issues facing transgendered transsexual people and their families *Transgender Emergence Therapeutic Guidelines for Working with Gender Variant People and Their Families* views assessment and treatment through a nonpathologizing lens that honors human diversity and acknowledges the role of oppression in the developmental process of gender identity formation Specific sections of *Transgender Emergence Therapeutic Guidelines for Working with Gender Variant People and Their Families* address the needs of gender variant people as well as transgender children and youth The issues facing gender variant populations who have not been the focus of clinical care such as intersexed people female to male transgendered people and those who identify as bigendered are also addressed The book examines the six stages of transgender emergence coming out transgendered as a normative process of gender identity development thinking outside the box in the deconstruction of sex and gender the difference between sexual orientation and gender identity as well as the convergence overlap and integration of these parts of the self the power of personal narrative in gender identity development etiology and typographies of transgenderism treatment models that emerge from various clinical perspectives alternative treatment modalities based on gender variance as a normative lifecycle developmental process Complete with fascinating case studies a critique of diagnostic processes treatment recommendations and a helpful glossary of relevant terms this book is an essential reference for anyone who works with gender variant people Handy tables and figures make the information easier to access and understand Visit the author s Web site at <http://www.choicesconsulting.com> [The Political Theology of](#)

Pope Francis Ole Jakob Løland, 2022-12-30 This book explores the political dimension of Pope Francis theology from a variety of perspectives and makes a unique contribution to the ongoing historiography of his pontificate It defines the concept of political theology when applied to Pope Francis discourse and reflects on the portrayal of him as the voice of Latin America a great reformer and a revolutionary The chapters offer a thorough investigation of core texts and key moments in Pope Francis papacy 2013 focusing in particular on their relation to canon theory liberation theology the rise of populism and gender issues As well as documenting some of the continuities between the ideas of Pope Francis and his predecessor Benedict XVI the author asks what the Argentinian pontiff has brought from Latin America and considers the Latin American dimension to what has become known as the Francis effect Overall the book demonstrates how the Pope's words and actions constitute a powerful political theology disseminated from a unique religious and institutional position It will be of interest to scholars of theology religion and politics particularly those with a focus on world Catholicism political theology and church history

Political Gender Sally Ledger, Josephine McDonagh, Jane Spencer, 2014-07-10 In recent years feminist scholars through their insistence on the key role of gender in critical analysis have brought about a profound revitalization of literary and cultural studies This text draws together work by leading exponents in the field The essays explore the operations of gender in the production of knowledge and the formation of cultural representations in a wide variety of contexts from German romantic poetry to the literature of AIDS from Victorian ethnography to tabloid constructions of race All of the essays engage in problems of representation intervening in current debates in critical theory

The ^AOxford Handbook of Political Psychology, 2023-09-08 This updated third edition gathers together an international group of distinguished scholars to provide an up to date account of key topics and areas of research in political psychology Focusing first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new chapters on authoritarianism nationalism status hierarchies and minority political identities along with updated material this is an essential reference for scholars and students interested in the intersection of the two fields

Making Sense of Sexual Consent Mark Cowling, Paul Reynolds, 2017-03-02 The issue of sexual consent has stimulated much debate in the last decade The contributors to this illuminating volume make sense of sexual consent from various conceptual standpoints socio legal post structural philosophical and feminist The volume comprises a range of studies all based around consent within a specific context such as criminal justice homosexuality sadomasochism prostitution male rape learning disabilities sexual ethics and the age of consent It is the first collection to publish exclusively on issues of sexual consent and both makes sense of sexual consent in contemporary society and guides debate towards better consent standards and decisions in the future Making Sense of Sexual Consent will excite considerable discussion amongst academics professionals and all those who think that freedom to

make decisions about our sexual selves is important It will set the agenda for debate on sexual consent into the 21st Century

Critical Theory Today Lois Tyson, 2023-04-25 This thoroughly updated fourth edition of Critical Theory Today offers an accessible introduction to contemporary critical theory providing in depth coverage of the most common approaches to literary analysis today including feminism psychoanalysis Marxism reader response theory New Criticism structuralism and semiotics deconstruction new historicism and cultural criticism lesbian gay and queer theory African American criticism and postcolonial criticism and ecocriticism This new edition features A brand new chapter on ecocriticism including sections on deep ecology eco Marxism ecofeminism including radical Marxist and vegetarian ecofeminisms and postcolonial ecocriticism and environmental justice Considerable updates to the chapters on feminist theory African American theory postcolonial theory and LGBTQ theories including terminology and theoretical concepts An extended explanation of each theory using examples from everyday life popular culture and a variety of literary texts A list of specific questions critics ask about literary texts An interpretation of F Scott Fitzgerald's *The Great Gatsby* through the lens of each theory A list of questions for further practice to guide readers in applying each theory to different literary works Updated and expanded bibliographies Both engaging and rigorous this is a how to book for undergraduate and graduate students new to critical theory and for college professors who want to broaden their repertoire of critical approaches to literature

Gender, Conservatism and Political Representation Karen Celis, Sarah Childs, 2024-08-22 Can Conservatives represent women Descriptively of course they do Conservative parties and organisations are increasingly feminised conservative women sit in many of the world's parliaments a few women have led conservative parties and there are and have been Conservative Prime Ministers But whether these women actually stand for women act for women and re gender representation is likely to invite greater contestation Contributors to this edited collection address head on the puzzle of conservative women who engage in gendered political representation but do so within a conservative setting Individual chapters examine women's participation as conservative movement and party members supporters candidates leaders legislators and ministers in countries ranging from Europe the US Argentina Australia New Zealand Japan Turkey and Morocco Assessment is made of the nature of their representational contribution and the relationship they have with conservative women's views in society

Gender Roles in the Future?
Theoretical Foundations and Future Research Directions Alice H. Eagly, Sabine Sczesny, 2019-11-01 The study of gender is deservedly a major focus of research in the discipline of psychology in general and social psychology in particular Interest in the topic increased sharply in the 1970s with the flowering of the feminist movement and research has continued to advance since that time In 1987 Alice Eagly formulated Social Role Theory to explain the behavior of women and men as well as the stereotypes attitudes and ideologies that are relevant to sex and gender Enhanced by several extensions over the intervening years this theory became one of the pre eminent if not the central theory of gender in social psychology Also over the last decades social psychologists have developed a variety of related approaches to understanding gender including for

instance theories devoted to stereotyping leadership status backlash lack of fit to occupational roles social identity and categorization Reflecting these elements this e Book includes articles that encompasses a wide range of themes pertaining to sex and gender In these papers the concept of social roles appears often as central integrative concept that links individuals with their social environment These articles thereby complement social role theory as the authors reach out to build an extended theoretical foundation for gender research of the future

The SAGE Handbook of Qualitative Business and Management Research Methods Catherine Cassell, Ann L Cunliffe, Gina Grandy, 2021-08-04 The SAGE Handbook of Qualitative Business and Management Research Methods provides a state of the art overview of qualitative research methods in the business and management field The Handbook celebrates the diversity of the field by drawing from a wide range of traditions and by bringing together a number of leading international researchers engaged in studying a variety of topics through multiple qualitative methods The chapters address the philosophical underpinnings of particular approaches to research contemporary illustrations references and practical guidelines for their use The two volumes therefore provide a useful resource for Ph D students and early career researchers interested in developing and expanding their knowledge and practice of qualitative research In covering established and emerging methods it also provides an invaluable source of information for faculty teaching qualitative research methods The contents of the Handbook are arranged into two volumes covering seven key themes Volume One History and Tradition Part One Influential Traditions underpinning qualitative research positivism interpretivism pragmatism constructionism critical poststructuralism hermeneutics postcolonialism critical realism mixed methods grounded theory feminist and indigenous approaches Part Two Research Designs ethnography field research action research case studies process and practice methodologies Part Three The Researcher positionality reflexivity ethics gender and intersectionality writing from the body and achieving critical distance Part Four Challenges research design access and departure choosing participants research across boundaries writing for different audiences ethics in international research digital ethics and publishing qualitative research Volume Two Methods and Challenges Part One Contemporary methods interviews archival analysis autoethnography rhetoric historical stories and narratives discourse analysis group methods sociomateriality fiction metaphors dramaturgy diary shadowing and thematic analysis Part Two Visual methods photographs drawing video web images semiotics and symbols collages documentaries Part Three Methodological developments aesthetics and smell fuzzy set comparative analysis sewing quilts netnography ethnomusicality software ANTI history emotion and pattern matching

Political Religion and Religious Politics David S. Gutterman, Andrew R. Murphy, 2015-10-14 Profound demographic and cultural changes in American society over the last half century have unsettled conventional understandings of the relationship between religious and political identity The Protestant mainline continues to shrink in numbers as well as in cultural and political influence The growing population of American Muslims seek both acceptance and a firmer footing within the nation s cultural and political imagination Debates

over contraception same sex relationships and prosperity preaching continue to roil the waters of American cultural politics Perhaps most remarkably the fastest rising religious demographic in most public opinion surveys is none giving rise to a new demographic that Gutterman and Murphy name Religious Independents Even the evangelical movement which powerfully re entered American politics during the 1970s and 1980s and retains a strong foothold in the Republican Party has undergone generational turnover and no longer represents a monolithic political bloc

Political Religion and Religious Politics Navigating Identities in the United States explores the multifaceted implications of these developments by examining a series of contentious issues in contemporary American politics Gutterman and Murphy take up the controversy over the Ground Zero Mosque the political and legal battles over the contraception mandate in the Affordable Health Care Act and the ensuing Supreme Court Hobby Lobby decision the national response to the Great Recession and the rise in economic inequality and battles over the public school curricula seizing on these divisive challenges as opportunities to illuminate the changing role of religion in American public life Placing the current moment into historical perspective and reflecting on the possible future of religion politics and cultural conflict in the United States Gutterman and Murphy explore the cultural and political dynamics of evolving notions of national and religious identity They argue that questions of religion are questions of identity personal social and political identity and that they function in many of the same ways as race sex gender and ethnicity in the construction of personal meaning the fostering of solidarity with others and the conflict they can occasion in the political arena

Ideological Messaging and the Role of Political Literature Çakırtaş, Önder, 2017-03-20 There are many avenues for displaying political agendas with a prominent one being literature Through literature the voices of political parties and ideals can enlighten those in the present and can even be preserved for centuries to come *Ideological Messaging and the Role of Political Literature* provides a detailed study of how contemporary political messages are portrayed and interpreted via the written word Featuring relevant coverage on topics such as literary production women in politics identity and travel politics this publication is an in depth analysis that is suitable for academicians students professionals and researchers that are interested in discovering more about political messages and their effects on society

The Impact of Political Economy Piet Naude, Michael Welker, 2023-05-31 In our late modern pluralistic societies there are tensions and complementarities between a plurality of individual and social claims and activities to shape societal life and a constructive pluralism of what is known as social systems The latter provide normative codes and powers emanating from the areas of law religion the family the market the media education academic research health care defense and politics A better understanding and steering of this complex division of powers is crucial for the common good and for freedom and peace In this volume a multi disciplinary team of experts from Germany Italy Australia the UK the USA and South Africa bring their conceptual empirical and historical insights to bear in three broad sections The moral dimension of social systems The interaction of religion law and education with political systems and The moral mal formation evident in case studies on the global financial crisis and social media

Enjoying What We Don't Have Todd McGowan, 2020-03-01 Although there have been many attempts to apply the ideas of psychoanalysis to political thought this book is the first to identify the political project inherent in the fundamental tenets of psychoanalysis And this political project Todd McGowan contends provides an avenue for emancipatory politics after the failure of Marxism in the twentieth century Where others seeking the political import of psychoanalysis have looked to Freud's early work on sexuality McGowan focuses on Freud's discovery of the death drive and Jacques Lacan's elaboration of this concept He argues that the self destruction occurring as a result of the death drive is the foundational act of emancipation around which we should construct our political philosophy Psychoanalysis offers the possibility for thinking about emancipation not as an act of overcoming loss but as the embrace of loss It is only through the embrace of loss McGowan suggests that we find the path to enjoyment and enjoyment is the determinative factor in all political struggles and only in a political project that embraces the centrality of loss will we find a viable alternative to global capitalism **Political**

Philosophy and Taxation Robert F. van Brederode, 2022-06-02 This book explores how taxation is related to the role of the state and its relationship with its constituents the concept of private property rights the concepts of societal fairness and justice and the battle between the individual and the collective This book appeals to students and scholars who want to know how philosophers in the past and present think about taxation and how their thinking has developed through cross influencing There exists no comprehensive study providing such an overview This book is a foundational study on the philosophical justification of taxation qualitative aspect and the normative qualifications required of tax law to constitute tax that is just and fair distributive or quantitative aspect The latter includes evaluation of what type of tax is morally correct or acceptable to realize distributive justice This book covers periods from the Enlightenment era until the present The philosophers are grouped together in schools of thought and each chapter except for chapter 1 and chapter 13 are dedicated to a specific philosophical school Moreover this book aims to provide an overview of each school of thinking and the individual philosophers including placing them in the context of their times The book has particular importance as the study of taxation is an underdeveloped area of political and legal philosophy
