Catalog of Copyright Entries. New Series Library of Congress. Copyright Office,1941 Includes Part 1 Books Group 1 Nos 1 12 1941 **Catalogue of Copyright Entries** Library of Congress. Copyright Office,1941 **Social Origins of Dictatorship and Democracy** Barrington Moore,2015-12-08 This classic work of comparative history explores why some countries have developed as democracies and others as fascist or communist dictatorships Originally published in 1966 this classic text is a comparative survey of some of what Barrington Moore considers the major and most indicative world economies as they evolved out of pre modern political systems into industrialism But Moore is not ultimately concerned with explaining economic development so much as exploring why modes of development produced different political forms that managed the transition to industrialism and modernization Why did one society modernize into a relatively free democratic society by which Moore means England Why did others metamorphose into fascist or communist states His core thesis is that in each country the relationship between the landlord class and the peasants was a primary influence on the ultimate form of government the society arrived at upon arrival in its modern age Throughout the book there is the constant play of a mind that is scholarly original and imbued with the rarest gift of all a deep sense of human reality This book will influence a whole generation of young American historians and lead them to problems of the greatest significance The New York Review of Books 25 Years of Soviet Russian Literature (1918-1943) Gleb Struve,2021-06-15 This book first published in 1944 is a comprehensive survey of post revolutionary Russian literature up to the early 1940s A huge range of writers are examined and the analysis is made in the knowledge of the sometimes considerable pressure brought by the Government on writers in Soviet Russia Links are made by the author between the writers being assessed as well as to the Russian writers that had come before them As a wide ranging analysis of Soviet literature this book has rarely been bettered **The National Union Catalog, Pre-1956 Imprints** ,1968 *Geographical Foundations of National Power* United States. Army Service Forces. Army Specialized Training Division,1944 Army Service Forces Manual ... United States. Army Service Forces,1944 **Social Change and National Consciousness in Twentieth Century Ukraine** Bohdan Krawchenko,1987-06-18

Russia in Flux Sir John Maynard,1951

Family Politics Paul

Ginsborg,2014-11-28 In this masterly twentieth century history Paul Ginsborg places the family at center stage a novel perspective from which to examine key moments of revolution and dictatorship His groundbreaking book spans 1900 to 1950 and encompasses five nation states in the throes of dramatic transition Russia in revolutionary passage from Empire to Soviet Union Turkey in transition from Ottoman Empire to modern Republic Italy from liberalism to fascism Spain during the Second Republic and Civil War and Germany from the failure of the Weimar Republic to the National Socialist state Ginsborg explores the effects of political upheaval and radical social policies on family life and in turn the impact of families on revolutionary change itself Families he shows do not simply experience the effects of political power but are themselves actors in the historical process The author brings human and personal elements to the fore with biographical details and individual family histories along with a fascinating selection of family photographs and portraits From WWI an indelible backdrop and imprinting force on the first half of the twentieth century to post war dictatorial power and family engineering initiatives to the conclusion of WWII this book shines new light on the profound relations among revolution dictatorship and family

Russian Anarchists Paul Avrich,2015-03-08 Professor Avrich records the history of the anarchist movement from its Russian origins in the 19th century with a full discussion of Bakunin and Kropotkin to its upsurge in the 1905 and 1917 Social Democratic Revolutions and its decline and fall after the Bolshevik Revolution While analyzing the role of the anarchists in these fateful years he traces the close relationships between the anarchists and the Bolsheviks and shows that the Revolutions were conceived in spontaneity and idealism and ended in cynical repression The Russian anarchists saw clearly the consequences of a Marxist dictatorship of the proletariat and though they had no single cohesive organization repeatedly warned that the Bolsheviks aimed to replace the tyranny of the tsars with a tyranny of commissars Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of

March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace,1969 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1947 Includes Part 1A Books Part 1B Pamphlets Serials and Contributions to Periodicals and Part 2 Periodicals Part 2 Periodicals incorporates Part 2 Volume 41 1946 New Series

Chosen for His People Jane Swan,2015-07-01 St Tikhon Patriarch of Moscow Vasily Ivanovich Bellavin 1865 1925 is one of the most important figures of both Russian and Orthodox Church history in the 20th century Yet 90 years after his death this remains the only complete biography ever published in the English language It has now been updated and revised with a new preface and bibliography together with revised and additional endnotes by Scott M Kenworthy The biography reveals a picture of a man whom no one expected to be chosen as Patriarch yet who nevertheless humbly accepted the call of God and the people to guide the Church during the most turbulent of times as it faced both internal upheavals and external persecution Both specialists and general readers will become better acquainted with St Tikhon through this modest but carefully crafted monograph **Europe, 1815-1914** Ernest John Knapton,Thomas Kingston Derry,1965
