Balkan peninsula **Nesselrode and the Russian Rapprochement with Britain, 1836-1844** Harold N. Ingle, 1976

Count Karl Nesselrode Russian foreign minister 1816-1856 was a controversial figure in the government of Nicholas I. The rapprochement with Britain perhaps his finest achievement was opposed at every step by Russians who regarded Britain as a rival. It was later condemned by tsarist historians as an example of the cosmopolitan diplomacy that weakened their country in competition with the Western powers. Soviet historians have followed their lead asserting that it was against national interests. But Nesselrode did avoid war in a series of dangerous confrontations in Asia and the Near East outmaneuvering opponents who wanted to meet Britain head on and he managed to extricate Russia from diplomatic isolation at the same time. Finally he advanced bipartisanship in an agreement on the Eastern Question that led to the renewal of the European concert. He was working to extend the areas of cooperation particularly by promoting free trade and commerce when his opponents more effectively countered his influence in the mid 1840s. Jacket flap Nicholas I and Official Nationality in Russia, 1825-1855 Nicholas Valentine Riasanovsky, Imperial Russian Foreign Policy Hugh Ragsdale, V. N. Ponomarev, 1993-10-29. Imperial Russian Foreign Policy aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar. The contributors leading historians from both Russia and the West examine Imperial foreign policy from its origins to the October Revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar. The work is based largely on original research in Soviet archives which only became possible after Soviet glasnost. *Problems of Communism*, 1952. Nicholas I and Official Nationality in Russia 1825 - 1855 Nicholas V. Riasanovsky, 2023-04-28. Nicholas I and Official Nationality in Russia 1825-1855 developed from a much more modest interest in Uvarov's doctrine of Orthodoxy autocracy and nationality. During the author's study of the Slavophiles in particular he became increasingly aware of the paucity of our knowledge of this so called Official Nationality frequently combined with a deprecating attitude toward it. Unable to find a satisfactory analysis of the subject the author proceeded to write his own. This book largely organized itself an exposition and discussion of the ideology naturally occupied the central position preceded by a brief treatment of its proponents. But Official Nationality reached beyond intellectual circles lectures and books indeed for thirty years it ruled Russia. Therefore the author found it necessary to write a chapter on the emperor who in effect personally dominated and governed the country throughout his reign to add a section on the imperial family the ministers and some other high officials to an account of the intellectuals who supported the state and to sketch the application of Official Nationality both in home affairs and in foreign policy. In this manner this title is able to bring the state doctrine and its role in Russian history into proper focus. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact. Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology.
