Russian Foreign Policy And The Cis Theories Debates And Actions:

Russian Foreign Policy and the CIS Nicole J. Jackson, 2003 Unlike under the Soviet Union there were open diverse and complex deliberations about whether and how Russia should react to these challenges Russian Foreign Policy and the CIS investigates the options the debates and the ensuing policies of the fledgling Russian government It examines the evolution of policy from the collapse of the Soviet Union in December 1991 up to the presidential elections in June 1996 **The Sense of Mission in Russian Foreign Policy** Alicja Curanović, 2021-03-04 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia's mission in Tsarist times that the sense of mission matters more for Russia's elites than for Russia's masses and that Russia's special mission is emphasised more when there are questions about the regime's legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy **A Long Goodbye** Artemy M. Kalinovsky, 2011-05-16 Chronicles the Soviet Union's nine year struggle to extricate itself from Afghanistan in the 1980s and compares it to the challenges the United States may face in withdrawing from the region **Myth and Rhetoric of the Turkish Model** Anita Sengupta, 2014-05-02 The volume discusses what the Turkish Model or Turkish Development Alternative was and why it was promoted in the Central Asian republics immediately following the dissolution of the Soviet Union It argues that the Turkish Model was a myth that transferred the ideal of a secular democratic liberal society as a model for the post Soviet Turkic world and in the process encouraged a Turkic rhetoric that emphasized connection between the two regions based on a common ancestry The volume begins with an understanding of the reality of the Model from a Turkish perspective and then goes on to examine whether the Turkic world as a cultural civilizational alternative makes sense both from a historical as well as contemporary perspective It concludes by looking at the re emergence of the Model in the wake of the events in West Asia in early 2011 and examines how in the light of a search for options the Turkish Model is once again projected as viable **In the Name of the Nation** M. Laruelle, 2009-10-26 This book deconstructs the equation of nationalism with the extreme right in Russia Nationalism now extends throughout all of the country and can not be seen as a phenomenon confined to the margins of society This study rejects the interpretation that understands Kremlin backed patriotism as simply part of a fascist trend in Russia and as a rapprochement between the political authorities and the extreme right A simplistic analysis of such a paradoxical phenomenon addresses neither the basic issue of social consensus nor that of the inherent relationship between national identity and citizenship Putin's Wars Marcel H. Van Herpen, 2015-07-01 This fully updated book offers the first systematic analysis of Putin's three wars placing the Second Chechen War the war with Georgia of 2008 and the war with Ukraine of 2014 2015 in their broader historical context

Drawing on extensive original Russian sources Marcel H Van Herpen analyzes in detail how Putin's wars were prepared and conducted and why they led to allegations of war crimes and genocide He shows how the conflicts functioned to consolidate and legitimate Putin's regime and explores how they were connected to a fourth hidden internal war waged by the Kremlin against the opposition The author convincingly argues that the Kremlin relying on the secret services the Orthodox Church the Kremlin youth Nashi and the rehabilitated Cossacks is preparing for an imperial revival most recently in the form of a Eurasian Union An essential book for understanding the dynamics of Putin's regime this study digs deep into the Kremlin's secret long term strategies Readable and clearly argued it makes a compelling case that Putin's regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin's contemporary policies Van Herpen's work will make a valuable contribution to the literature on post Soviet Russia and his arguments will stimulate a fascinating and vigorous debate

Russia in the Changing International System Emel Parlar Dal, Emre Erşen, 2019-08-26 This volume seeks to explore Russia's perceptions of the changing international system in the twenty first century and evaluate the determinants of Russian motives roles and strategies towards a number of contemporary regional and global issues The chapters of the volume discuss various aspects of Russian foreign policy with regard to key actors like the U S EU and China international organizations such as the BRICS Shanghai Cooperation Organization Eurasian Economic Union and Collective Security Treaty Organization and a number of regional conflicts including Ukraine and Syria The contributors seek to understand how the discourses of anti Westernism and post Westernism are employed in the redefinition of Russia's relations with the other actors of the international system and how Russia perceives the concept of regional hegemony particularly in the former Soviet space and the Middle East

Globalizing Central Asia Marlene Laruelle, Sebastien Peyrouse, 2015-02-12 In this global era Central Asia must be understood in both geo economic and geopolitical terms The region's natural resources compel the attention of rivalrous great powers and ambitious internal factions The local regimes are caught between the need for international collaborations to valorize these riches and the need to maintain control over them in the interest of state sovereignty Russia and China dominate the horizon with other global players close behind meanwhile neighboring countries are fractious and unstable with real potential for contagion This pathbreaking introduction to Central Asia in contemporary international economic and political context answers the needs of both academic and professional audiences and is suitable for course adoption

Russia's European Agenda and the Baltic States Janina Šleivyte, 2009-12-16 Russian foreign policy has become an increasing concern in 21st century together with Russia's relations with its former Soviet neighbours but its relations with the Baltic States are particularly sensitive given the Baltic membership of NATO and the EU and Russia's increasingly fractious relations with those institutions This book discusses the development of Russia's approach to the new security architecture in Europe and assesses the prospects for a more active engagement of Russia in

the Baltic Sea region and Europe as a whole The book considers the full range of issues affecting security including energy economic relations the special position of Russia's Kaliningrad enclave and Russia's special interest in the Russian minorities in the former Soviet Baltic states The evolution of Russian Baltic relations from 1990-2008 is set in the more general context of Russia's European agenda looking into the role and place of the Baltic States in this agenda It provides a comparative analysis of the European agenda in of Russia's foreign policy under Boris Yeltsin Vladimir Putin and Dmitry Medvedev and concludes that despite the replacement of the former Cold War stand off with a more positive climate and a complicated array of bilateral and multilateral contacts much more still needs to be done to engage Russia fully with the new Europe

Holding-Together Regionalism: Twenty Years of Post-Soviet Integration Alexander Libman, E. Vinokurov, 2012-09-27 An in depth analysis of one of the most important and complex issues of the post Soviet era namely the re integration of this highly interconnected region The book considers the evolution of holding together groups since the collapse of the Soviet Union in 1991 looking at intergovernmental interaction and informal economic and social ties

Russia and its Near Neighbours M. Freire, R. Kanet, 2012-05-15 Russia has recently re emerged as the dominant political economic and military actor in former Soviet nations Kanet and Freire bring together a stellar cast of contributors to consider Russia's recent return as a major regional and international actor and its likely future policy toward its neighbours

Publications Combined: Russia's Regular And Special Forces In The Regional And Global War On Terror, Over 2 400 total pages Russian outrage following the September 2004 hostage disaster at North Ossetia's Beslan Middle School No 1 was reflected in many ways throughout the country The 52 hour debacle resulted in the death of some 344 civilians including more than 170 children in addition to unprecedented losses of elite Russian security forces and the dispatch of most Chechen allied hostage takers themselves It quickly became clear as well that Russian authorities had been less than candid about the number of hostages held and the extent to which they were prepared to deal with the situation Amid grief calls for retaliation and demands for reform one of the more telling reactions in terms of hardening public perspectives appeared in a national poll taken several days after the event Some 54% of citizens polled specifically judged the Russian security forces and the police to be corrupt and thus complicit in the failure to deal adequately with terrorism while 44% thought that no lessons for the future would be learned from the tragedy This pessimism was the consequence not just of the Beslan terrorism but the accumulation of years of often spectacular failures by Russian special operations forces SOF in the apt US military acronym A series of Russian SOF counterterrorism mishaps misjudgments and failures in the 1990s and continuing to the present have made the Kremlin's special operations establishment in 2005 appear much like Russia's old Mir space station wired together unpredictable and subject to sudden startling failures But Russia continued to maintain and expand a large variegated special operations establishment which had borne the brunt of combat actions in Afghanistan Chechnya and other trouble spots and was expected to serve as the nation's principal shield against terrorism in all its forms Known since Soviet days for tough

personnel personal bravery demanding training and a certain rough or brutal competence that not infrequently violated international human rights norms it was supposed that Russian special operations forces steeped in their world of threats to the state and associated with once dreaded military and national intelligence services could make valuable contributions to countering terrorism The now widely perceived link between corrupt special forces on the one hand and counterterrorism failures on the other reflected the further erosion of Russia's national security infrastructure in the eyes of both Russian citizens and international observers There have been other more ambiguous but equally unsettling dimensions of Russian SOF activity as well that have strong internal and external political aspects These constitute the continuing assertions from Russian media the judicial system and other Federal agencies and officials that past and current members of the SOF establishment have organized to pursue interests other than those publicly declared by the state or allowed under law This includes especially the alleged intent to punish by assassination those individuals and groups that they believe have betrayed Russia The murky nature of these alleged activities has formed a backdrop to other problems in the special units

International Relations, Security and Jeremy Bentham Gunhild Hoogensen, Gunhild Hoogensen Gjørsv, 2005 This is the first book to present and discuss Jeremy Bentham's contributions to international relations theory It introduces this brilliant thinker's insights and impact on world affairs with clarity and rigour A major new contribution

Apology and Reconciliation in International Relations Christopher Daase, Stefan Engert, Michel-André Horelt, Judith Renner, Renate Strassner, 2015-08-27 This book looks into the role and effects of public apologies in international relations It focuses on two major questions why and when do states issue apologies for historic crimes and how and under what conditions are these apologies successful in remedying conflictive relationships In recent years we have witnessed an unseen popularity of apologies with numerous politicians managers and clergymen being eager to apologise and atone for the wrong doings of their countries or institutions Public apologies thus are a new and highly interesting while nevertheless still puzzling phenomenon the precise role and meaning of which in international politics remains to be explored This book sets out to do exactly this Focusing in particular on state apologies it assembles twelve detailed empirical case studies which deal with the two questions raised above In the first part the case studies reconstruct the processes in which state representatives react to calls for public atonement and in the second part the case studies explore the reactions to the apology and evaluate signs for its success or failure All case studies are based on a theoretical framework which is outlined in the introduction to the book and helps develop tentative assumptions about the emergence and the effects of state apologies drawing on different strands of literature such as political science philosophy sociology or psychology This work will be of great interest to students and scholars of conflict reconciliation international relations and transitional justice

The EU's Neighbourhood Policy towards the South Caucasus Licinia Simão, 2017-10-28 This book addresses the potential and limitations of the European Union Neighbourhood Policy in sustaining the expansion of the European security community towards the South Caucasus

The Caucasus complex regional security dynamics are a hard test for regional security community building and showcase both the challenges of security provision through liberal reforms and integration and of the interaction between security communities and balance of power The author begins by conceptualizing security community expansion and then considers the ENP through this perspective before moving on to individual case studies on Armenia Azerbaijan and Georgia The book will appeal to both scholars and practitioners interested in European security the European Union external action and the post Soviet space

The Role, Position and Agency of Cusp States in International Relations Marc Herzog, Philip Robins, 2014-06-20 This work seeks to develop a new concept with which to analyse the actions and activities of states that tend to be relatively ignored by the discipline of International Relations IR As a discipline IR has a tendency to lean towards the analytically safe Given the current and recent dynamism of the international system that is both surprising and undesirable Arranged around the concept of the idea of the Cusp State and cuspness more generally the book consists of empirical analysis of eight different countries Brazil Iran Israel Japan Mexico Taiwan Turkey and Ukraine defined as states that lie uneasily on the political and or normative edge of what is widely believed to be an established region By focusing on the importance of comparing groups of states like states with high degrees of cuspness this book argues that it is possible to categorise the world in a fresher and more original way and one which covers more of the globe than either a systemic or regionalist approach would do This work will be of great interest to students and scholars of Geopolitics International Security and Regionalism

Interpreting Global Security Mark Bevir, Oliver Daddow, Ian Hall, 2013-08-15 This edited collection explores the fruitfulness of applying an interpretive approach to the study of global security The interpretive approach concentrates on unpacking the meanings and beliefs of various policy actors and crucially explains those beliefs by locating them in historical traditions and as responses to dilemmas Interpretivists thereby seek to highlight the contingency diversity and contestability of the narratives expertise and beliefs that inform political action The interpretive approach is widespread in the study of governance and public policy but arguably it has not yet had much impact on security studies The book therefore deploys the interpretive approach to explore contemporary issues in international security combining theoretical engagement with good empirical coverage through a novel set of case studies Bringing together a fresh mix of world renowned and up and coming scholars from across the fields of security studies political theory and international relations the chapters explore the beliefs traditions and dilemmas that have informed security practice on the one hand and the academic study of security on the other as well as the connections between them All contributors look to situate their work against a broader historical background and long standing traditions allowing them to take a critical yet historically informed approach to the material

India in South Asia Sinderpal Singh, 2013-09-02 South Asia is one of the most volatile regions of the world and India s complex democratic political system impinges on its relations with its South Asian neighbours Focusing on this relationship this book explores the extent to which domestic politics affect a country s foreign

policy The book argues that particular continuities and disjunctures in Indian foreign policy are linked to the way in which Indian elites articulated Indian identity in response to the needs of domestic politics The manner in which these state elites conceive India's region and regional role depends on their need to stay in tune with domestic identity politics Such exigencies have important implications for Indian foreign policy in South Asia Analysing India's foreign policy through the lens of competing domestic visions at three different historical eras in India's independent history the book provides a framework for studying India's developing nationhood on the basis of these ideas of India This approach allows for a deeper and a more nuanced interpretation of the motives for India's foreign policy choices than the traditional realist or neo liberal framework and provides a useful contribution to South Asian Studies Politics and International Studies Securitizations of Citizenship Peter Nyers, 2009-05-19 Securitizations of Citizenship critically assesses the fate of citizenship in relation to securitized practices of surveillance and control that have emerged in the post 9 11 period **Law and Legalization in Transnational Relations** Christian Brüttsch, Dirk Lehmkuhl, 2007-03-06 Complex legalization and the many moves to law Christian Brüttsch and Dirk Lehmkuhl Transnational legalization of accounting the case of international financial reporting standards Jens Wistemann and Sonja Kierzek The harmonization of private commercial law the case of secured finance Edward S Cohen Multi stakeholder initiatives to combat money laundering and bribery Mark Pieth Legalization transnationalism and organic agriculture William D Coleman and Austina J Reed Beyond Westphalia competitive legalization in emerging transnational regulatory systems Errol Meidinger Beyond legalization how global standards work Bas Arts and Dieter Kerwer International standards functions and links to law Erich Schanze Beyond legalization reading the increase variation and differentiation of legal and law like arrangements in international relations through world society theory Mathias Albert The role of the transnational corporation in the process of legalisation insights from economics and corporate social responsibility Andreas Georg Scherer and Dorothe Baumann

Russian Foreign Policy And The Cis Theories Debates And Actions Introduction

In today's digital age, the availability of Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russian Foreign Policy And The Cis Theories Debates And Actions versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer

academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russian Foreign Policy And The Cis Theories Debates And Actions books and manuals for download and embark on your journey of knowledge?

FAQs About Russian Foreign Policy And The Cis Theories Debates And Actions Books

1. Where can I buy Russian Foreign Policy And The Cis Theories Debates And Actions books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Russian Foreign Policy And The Cis Theories Debates And Actions book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
