**A History of Russian Literature** Andrew Kahn, Mark Lipovetsky, Irina Reyfman, Stephanie Sandler, 2018-04-13 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and personal Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans historical features that contribute to the notion of a national literature The volume's time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia's literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation

**The Cambridge Introduction to Russian Literature** Caryl

Emerson, 2008-07-10 Russian literature arrived late on the European scene. Within several generations its great novelists had shocked and then conquered the world. In this introduction to the rich and vibrant Russian tradition Caryl Emerson weaves a narrative of recurring themes and fascinations across several centuries. Beginning with traditional Russian narratives, saints' lives, folk tales, epic and rogue narratives, the book moves through literary history chronologically and thematically, juxtaposing literary texts from each major period. Detailed attention is given to canonical writers including Pushkin, Gogol, Dostoevsky, Tolstoy, Chekhov, Bulgakov, and Solzhenitsyn, as well as to some current bestsellers from the post-Communist period. Fully accessible to students and readers with no knowledge of Russian, the volume includes a glossary and pronunciation guide of key Russian terms as well as a list of useful secondary works. The book will be of great interest to students of Russian as well as of comparative literature.

**Psychological Realism in 19th Century Fiction** Debashish Sen, 2019-12-10 This book is a study of psychological realism in select works from nineteenth-century fiction, namely *Fathers and Sons*, *Anna Karenina*, *The Mill on the Floss*, and *Jane Eyre*. It shows how psychoanalytic theories may be applied to illuminate various aspects of the psyches of characters in these texts. The book provides evidence that theories like John Bowlby's Attachment Theory and Karen Horney's Personality Theory can go a long way in enhancing our understanding of literary characters, the meaning of the text, its relation to its creator, and the author's psychology. As such, it brings forth a novel view of literary criticism and will serve to convince the reader that a critical approach devoid and dismissive of the psychological aspect is incomplete and hurts literary criticism on the whole.

Gogol's Afterlife Stephen Moeller-Sally, 2002-12-26 The evolution of Russian authorship as exemplified by Gogol's social and aesthetic reception from 1829 to 1952. Nikolai Gogol's claim to the title of national literary classic is incontestable. Since his lifetime every generation of Russian writers and readers has had to come to terms somehow with his ingeniously suggestive and comically virtuosic art. An exemplar for popular audiences no less than for the intelligentsia, Gogol was pressed into service under the tsarist and Soviet regimes for causes both aesthetic and political, official and unofficial. In *Gogol's Afterlife*, Stephen Moeller-Sally explores how he achieved this peculiar brand of cultural authority and later maintained it despite dramatic shifts in the organization of Russian literature and society. Beginning with Gogol's debut and extending well into the twentieth century, this elegantly written and meticulously researched work offers nothing short of a sociology of modern Russian literature. Together with the history of Gogol's social and aesthetic reception, it describes the institutional evolution of Russian literature and the changing relationship of the Russian writer to nation, state, and society. Moeller-Sally puts a wealth of historical material under a finely calibrated critical lens to show how the rise of the reading public in nineteenth-century Russia prepared the ground for a popular nationalism centered around the literary classics. Part I charts the historical and cultural currents that shaped Gogol's reputation among the educated classes of late Imperial Russia, devoting particular attention to the models of authorship Gogol himself devised in response to his changing audience and developing authorial

mission Part II takes a panoramic view of the social milieu in which Gogol's status evolved describing the intelligentsia's efforts to propagate his life and works among the newly literate populations of post Reform Russia. [A History of Russia and Its Empire](#) Kees Boterbloem, 2018-06-26 This clear and focused text provides an introduction to imperial Russian and Soviet history from the crowning of Mikhail Romanov in 1613 to Vladimir Putin's new term. Through a consistent chronological narrative Kees Boterbloem considers the political, military, economic, social, religious, and cultural developments and crucial turning points that led Russia from an exotic backwater to superpower stature in the twentieth century. The author assesses the tremendous price paid by those who made Russia and the Soviet Union into such a hegemonic power both locally and globally. He considers the complex and varied interactions between Russians and non-Russians and investigates the reasons for the remarkable longevity of this last of the colonial powers whose dependencies were not granted independence until 1991. He explores the ongoing legacies of this fraught decolonization process on the Russian Federation itself and on the other states that succeeded the Soviet Union. The only text designed and written specifically for a one semester course on this four hundred year period it will appeal to all readers interested in learning more about the history of the people who have inhabited one sixth of the earth's landmass for centuries.

*The Inspector-General* Nikolai Gogol, 2014-12-12 This early work by Nikolai Gogol was originally published in 1836 and we are now republishing it with a brand new introductory biography. *The Inspector General* is a play allegedly based on an anecdote recounted to Gogol by Pushkin, the great Russian Poet. The Play satirises human greed, stupidity, and the extensive political corruption of Imperial Russia. Nikolai Vasilievich Gogol was born in Sorochintsi, Ukraine, in 1809. In 1831 Gogol brought out the first volume of his Ukrainian stories *Evenings on a Farm Near Dikanka*. It met with immediate success and he followed it a year later with a second volume. *The Nose* is regarded as a masterwork of comic short fiction and *The Overcoat* is now seen as one of the greatest short stories ever written. Some years later Dostoyevsky famously stated, "We all come out from Gogol's *Overcoat*." He is seen by many contemporary critics as one of the greatest short story writers who has ever lived and the Father of Russia's Golden Age of Realism.
