Russian Roots Of Nazism:

The Russian Roots of Nazism Michael Kellogg, 2005-05-12 This book analyses the contributions of White migrants anti Bolshevik Russian exiles to Nazism *Catholicism and the Roots of Nazism* Derek Hastings, 2011 Derek Hastings illuminates an important and largely overlooked aspect of Nazi history revealing National Socialism's close early ties with Catholicism in the years immediately after World War I when the movement first emerged Jacket The Cossack Struggle Against Communism, 1917-1945 Brent Muegggenberg, 2020-01-17 The downfall of tsarism in 1917 left the peoples of Russia facing an uncertain future Nowhere were those anxieties felt more than among the Cossacks The steppe horsemen had famously guarded the empire's frontiers stampeded demonstrators in its cities suppressed peasant revolts in the countryside and served as bodyguards to its rulers Their way of life intricately bound to the old order seemed imperiled by the revolution and especially by the Bolshevik seizure of power Many Cossacks took up arms against the Soviet regime providing the anticommunist cause with some of its best warriors as well as its most notorious bandits This book chronicles their decades long campaign against the Bolsheviks from the tumultuous days of the Russian Civil War through the doldrums of foreign exile and finally to their fateful collaboration with the Third Reich Seven Myths of the Russian Revolution Jonathan Daly, Leonid Trofimov, 2023-02-09 This fascinating volume is a major contribution to our understanding of the Russian Revolution from World War I to consolidation of the Bolshevik regime The seven myths include the exaggeration of Rasputin's influence a purported conspiracy behind the February Revolution the treasonous Bolshevik dependence on German support the multiple Anastasia pretenders to the royal inheritance the antisemitic claims about Judeo Bolsheviks distortions about America's intervention in the civil war and the inevitability of Bolshevism In each case the authors analyze the facts uncover the origins of the myth and trace its later perseverance even in contemporary Russia To assist readers the volume includes three reference guides people terms dates nine maps and twenty nine illustrations The result is immensely valuable for undergraduate courses in Russian history Gregory L Freeze Raymond Ginger Professor of History Brandeis University

Hitler and Nazi Germany Jackson J. Spielvogel, 2016-09-16 This text is based on current research findings and is written for students and general readers who want a deeper understanding of this period in German history It provides a balanced approach in examining Hitler's role in the history of the Third Reich and includes coverage of the economic social and political forces that made the rise and growth of Nazism possible the institutional cultural and social life of the Third Reich the Second World War and the Holocaust **The Oxford History of the Third Reich** Robert Gellately, 2022-12-27 Histories you can trust At age thirty in 1919 Adolf Hitler had no accomplishments He was a rootless loner a corporal in a shattered army without money or prospects A little more than twenty years later in autumn 1941 he directed his dynamic forces against the Soviet Union and in December the Germans were at the gates of Moscow and Leningrad At that moment Hitler appeared however briefly to be the most powerful ruler on the planet Given this dramatic turn of events it is little

wonder that since 1945 generations of historians keep trying to explain how it all happened This rich history provides a readable and fresh approach to the complex history of the Third Reich from the coming to power of the Nazis in 1933 to the final collapse in 1945 distilling our ideas about the period and providing a balanced and accessible account of the whole era

The Making of a Nazi Hero Daniel Siemens,2013-02-02 On 14 January 1930 Horst Wessel a young and ambitious member of the SA was shot at close range at his home in Berlin Although the crime was never completely solved the murder was most likely committed by a group of communists with close ties to the city s gangland Wessel later died from his injuries Joseph Goebbels whose attention had already been drawn to Wessel as a possible future Nazi leader was the first to recognize the propaganda potential of the case A young martyr for the Third Reich he wrote in his diary on 23 February 1930 immediately after receiving the news of Wessel s death This was the beginning of the myth making that transformed an ordinary individual into a masculine role model for an entire generation Two months later thousands of people lined the streets for Wessel s funeral parade and Goebbels delivered a graveside eulogy In the years that followed and as Nazi power increased Horst Wessel became the hero of the Nazi movement with his elaborate memorial quickly becoming a site of pilgrimage The song Die Fahne Hoch for which Wessel had written the lyrics and which subsequently became popularly known as the Horst Wessel Song became the official Nazi party anthem and the Berlin district of Friedrichshain where Wessel was murdered was renamed Horst Wessel Stadt in his honour Numerous biographies and films followed Using previously unseen material Daniel Siemens provides a fascinating and gripping account of the background to Horst Wessel s murder and uncovers how and why the Nazis made him a political hero He examines the Horst Wessel cult which emerged in the aftermath of Wessel s death and the murders of revenge particularly against Communists committed by the SA and Gestapo after 1933 At the same time the story of Horst Wessel provides a portrait of the Nazi propaganda machine at its most effective and most chilling

Political Orthodoxies Cyril Hovorun,2018-10-01 Dispatches on nationalism and religion As an insider to church politics and a scholar of contemporary Orthodoxy Cyril Hovorun outlines forms of political orthodoxy in Orthodox churches past and present Hovorun draws a big

picture of religion being politicized and even weaponized While Political Orthodoxies assesses phenomena such as nationalism and anti-Semitism both widely associated with Eastern Christianity Hovorun focuses on the theological underpinnings of the culture wars waged in eastern and southern Europe The issues in these wars include monarchy and democracy Orientalism and Occidentalism canonical territory and autocephaly Wrought with peril Orthodox culture wars have proven to turn toward bloody conflict such as in Georgia in 2008 and Ukraine in 2014 Accordingly this book explains the aggressive behavior of Russia toward its neighbors and the West from a religious standpoint The spiritual revival of Orthodoxy after the collapse of Communism made the Orthodox church in Russia among other things an influential political protagonist which in some cases goes ahead of the Kremlin Following his identification and analysis Hovorun suggests ways to bring political Orthodoxy back to the apostolic and patristic track *The Oxford Illustrated History of the Third Reich* Robert Gellately, 2018 A thought provoking assessment and documentation of one of the most terrible periods in history the rise and fall of the Nazi Party *Cold War Exiles and the CIA* Benjamin Tromly, 2019-09-19 At the height of the Cold War in the 1950s the United States government unleashed covert operations intended to weaken the Soviet Union As part of these efforts the CIA committed to supporting Russian exiles populations uprooted either during World War Two or by the Russian Revolution decades before No one seemed better prepared to fight in the American secret war against communism than the uprooted Russians whom the CIA directed to carry out propaganda espionage and subversion operations from their home base in West Germany Yet the American engagement of Russian exiles had unpredictable outcomes Drawing on recently declassified and previously untapped sources *Cold War Exiles and the CIA* examines how the CIA's Russian operations became entangled with the internal struggles of Russia abroad and also the espionage wars of the superpowers in divided Germany What resulted was a transnational political sphere involving different groups of Russian exiles American and German anti communists and spies operating on both sides of the Iron Curtain Inadvertently CIA's patronage of Russian exiles forged a complex sub front in the wider Cold War demonstrating the ways in which the hostilities of the Cold War played out in ancillary conflicts involving proxies and non state actors **Nazi History and the Holocaust** , 1999 **Nazi Germany** Tim Kirk, 2006-10-04 Hitler's thousand year Reich lasted barely longer than twelve brief and inglorious years and yet had an impact on millions of ordinary lives scarcely comparable with any other episode in modern European history *Nazi Germany* examines the origins and development of Nazism the establishment of the dictatorship and the impact on Germany's economy society and culture of the regime's single minded drive towards war and genocide The view from above reflected in the movement's ideology policy and legislation is complemented by the many often conflicting views from below as described in the reports smuggled out of Germany by Socialist dissidents or overheard by the regime's spies and policemen Tim Kirk depicts a society divided where most were initially wary of Hitler and sceptical about his party and its promises and where even enthusiastic admirers quickly became disgruntled but where the majority complied and few were inclined to

oppose or resist the regime or its brutalities until disillusionment set in and the prospect of defeat was imminent Approachable and authoritative this is an essential introduction to one of the most significant periods in German and modern European history *Hitler's Aristocrats* Susan Ronald,2023-03-15 Susan Ronald the acclaimed author of Hitler's Art Thief takes us into the shadowy world of the aristocrats and business leaders on both sides of the Atlantic who secretly aided Hitler and Nazi Germany *The 'Lviv Sobor' of 1946 and Its Aftermath* ,2022-12-28 In 1946 the Lviv Sobor voted to liquidate the Ukrainian Greco Catholic Church The Moscow Patriarchate considers it a triumph of Orthodoxy while the Catholic Church condemns it as an illegitimate council convened by Soviet authorities What is the truth This volume presents the contexts of the Lviv Sobor its aftermath and reception from various perspectives Although there is no common narrative scholars have concluded that the decisions of the Lviv Sobor were coerced by Soviet authorities the Russian Orthodox Church was forced to collaborate and that reconciliation depends on acknowledging these facts in order to move toward reconciliation **The**

Radical Right in Late Imperial Russia George Gilbert,2015-11-19 The revolutionary movements in late tsarist Russia inspired a reaction by groups on the right Although these groups were ostensibly defending the status quo they were in fact as this book argues very radical in many ways This book discusses these radical rightist groups showing how they developed considerable popular appeal across the whole Russian Empire securing support from a wide cross section of society The book considers the nature and organisation of the groups their ideologies and policies on particular issues and how they changed over time The book concludes by examining how and why the groups lost momentum and support in the years immediately before the First World War and briefly explores how far present day rightist groups in Russia are connected to this earlier movement Entangled Histories Dan Ben-Canaan, Frank Grüner, Ines Prodöhl,2013-10-29 The authors of this book focus on transcultural entanglements in Manchuria during the first half of the twentieth century Manchuria as Western historiography commonly designates the three northeastern provinces of China was a politically culturally and economically contested region In the late nineteenth century the region became the centre of competing Russian Chinese and Japanese interests thereby also attracting global attention The coexistence of people with different nationalities ethnicities and cultures in Manchuria was rarely if ever harmoniously balanced or static On the contrary interactions were both dynamic and complex Semi colonial experiences affected the people's living conditions status and power relations The transcultural negotiations between all population groups across borders of all kinds are the subject of this book The chapters of this volume shed light on various entangled histories in areas such as administration the economy ideas ideologies culture media and daily life

Hitler's Monsters Eric Kurlander,2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger than fiction truths on every page Daily Telegraph The Nazi fascination with the occult is legendary yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty Preposterous though it was however supernatural thinking was inextricable from the Nazi project The regime enlisted astrology and the

paranormal paganism Indo Aryan mythology witchcraft miracle weapons and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion In this eye opening history Eric Kurlander reveals how the Third Reich s relationship to the supernatural was far from straightforward Even as popular occultism and superstition were intermittently rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish The Spectator A trustworthy book on an extraordinary subject The Times A fascinating look at a little understood aspect of fascism Kirkus Reviews Kurlander provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits National Review

Atatürk in the Nazi Imagination Stefan Ihrig, 2014-11-20 Early in his career Hitler took inspiration from Mussolini this fact is widely known But an equally important role model for Hitler has been neglected Atatürk the founder of modern Turkey who inspired Hitler to remake Germany along nationalist secular totalitarian and ethnically exclusive lines Stefan Ihrig tells this compelling story

Hitler Michael Lynch, 2025-04-01 Adolf Hitler is the most notorious political figure of the twentieth century The story of his life how he became a dictator and how he managed to convince so many to follow his cause is a subject of perennial fascination Balancing narrative and analysis this biography employs a chronological approach to describe the main features of Hitler s career Set against the background of developments in Germany and Europe during his lifetime the text tells the extraordinary story of how an Austrian layabout rose to become Führer of the Third Reich This second edition has been fully updated to incorporate the research and literature from the last ten years including several major studies by British and German scholars that have added to our understanding of Hitler and the Third Reich New light has been shed on the character of National Socialism and on Hitler as a person and a political figure Fresh insights have been made into the Hitler cult and into the charismatic nature of Hitler s rule over Germany Modern historians continue to wrestle with questions that still demand an answer why did the nation that had made a unique contribution to European culture willingly follow Hitler on his nihilistic path Using an essentially narrative approach to the Hitler story the new edition incorporates the key findings of current research into the political socio economic and military features of the Third Reich that Hitler sought to create before his irrationalities destroyed it Referencing the major historiographical disputes and drawing on the new perspectives that modern research provides this second edition addresses the issues that historians regard as central to the study of Hitler s Germany Michael Lynch provides a balanced guide to this most difficult of figures that will be enlightening for students and general readers alike
