Mark Beissinger,M. Crawford Young,2002-01-24 The contributors not only study state breakdown but compare the consequences of post communism with those of post colonialism      Lost Voices Yvonne Corcoran-Nantes,2008-02-29 In 1991 the collapse of the Communist Party and the dissolution of the Soviet Union launched the republics of Uzbekistan Kyrgyzstan and Kazakhstan into an unexpected self declared independence and a precarious uncertain future Emerging from almost seventy five years of Soviet tutelage all three republics embarked on a process of radical change Central Asian women s lives have been profoundly affected during the huge upheavals of sovietization in the 1920s and democratisation in the 1990s but their experiences have gone unresearched and undocumented If Central Asia was generally considered to be the forgotten world of the Soviet Union Central Asian women constitute the lost voices of Central Asia Yvonne Corcoran Nantes offers a timely analysis into the lives of Muslim women during the Soviet era and considers the impact of the shift from Soviet communism to Western capitalist ideals and its impact on gender relations in the region The uneasy synthesis between socialism and Islam under the Soviet regime offered many women considerable status and personal freedom in public life but these gains have been rapidly eroded in the process of democratization Opportunities for women have entered into serious decline in terms of employment education and socio political status Unlike many commentators she offers a convincing argument that the main threat to the socio political status of women in Central Asia is not Islamic fundamentalism but the imposition of free market principles and Western liberal democratic ideals Woven into the text is a also subtle and nuanced analysis of the ways in which Central Asian women negotiate feminism whether ushered in by Soviet women during sovietization or by western NGOs in the region today As a special consultant to UNESCAP the author was one of the first researchers to undertake substantial research in the republics of Kazakhstan Kyrgyzstan and Uzbekistan in the post independence period and this book is based on her interviews with women from the region from all sections of Central Asian society      The Routledge Handbook of the Politics

Mindrebo, 2025-05-19 The Old Norse Icelandic konungas gur kings sagas have been thoroughly studied for centuries for their vivid representation of Scandinavia s Viking Age past but women have frequently been overlooked in scholarly discussions of the political culture found within the texts Women Politics and Social Networks in the Sagas of Norwegian Kings shows that in their accounts of early Norwegian history the kings sagas portray aristocratic and royal women as able to participate in politics at a similar level to men but only within certain social parameters Women are structurally enabled to enter male dominated political spaces and positions through their participation in interaction with and manipulation of multifaceted aristocratic networks based around interpersonal bonds of kinship friendship and lordship Inspired by advancements within medieval network theory and studies of aristocratic group behaviour and women s social agency in medieval historiography the book demonstrates that the sagas portray elite women as utilising the same network strategies as men and potentially exercising similar levels of political power as a consequence while being excluded from the institutionalised roles of kingship chieftaincy and military and judicial leadership *Encyclopedia of Women Social Reformers* Helen Rappaport, 2001-12-06
