Russian Foreign Policy Essays In Historical Perspective:

Russian Foreign Policy; Essays in Historical Perspective. Edited by Ivo J. Lederer Yale University Conference on a Century of Russian Foreign Policy, Ivo J. Lederer (Ed), 1964 **Russian Foreign Policy** Textbook Publishers, 2003-01-01

Russian Nationalism Since 1856 Astrid S. Tuminez, 2000 This thoughtful book describes the range of nationalist ideas that have taken root in Russia since 1856 Drawing on a wide range of archival documents and unparalleled interview material from the post Soviet period Tuminez analyzes two cases_ Russian panslavism in 1856 1878 and great power nationalism in 1905 1914_ when aggressive nationalist ideas clearly influenced Russian foreign policy and contributed to decisions to go to war Yet not all forms of nationalism have been malevolent and the author assesses competing nationalist ideologies in the post Soviet period to clarify the conditions under which a particularly belligerent nationalism could flourish and influence Russian international behavior *Russian foreign policy* Conference On A Century Of Russian Foreign Policy. [1961. New Haven.], 1962 **Russian Foreign Policy in the Twenty-First Century and the Shadow of the Past** Robert Legvold, 2007-03-27 Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation history offers a special vantage point from which to judge the current course of events In this book a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history The authors explain the impact of empire and its loss the interweaving of domestic and foreign impulses long standing approaches to national security and the effect of globalization over time Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today These patterns are driven by the country's political makeup geographical circumstances economic strivings unsettled position in the larger international setting and above all its tortured effort to resolve issues of national identity The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns but that history allows for an assessment of how much or how little has changed in Russia's approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia's complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined [Russian Foreign Policy and International Relations Theory](#) Christer Pursiainen, 2017-07-05 An original and challenging examination of how to transform post Sovietological study of Soviet and Russian foreign policy into a more integrated part of the Social Sciences and International Relations Theory This book represents the first detailed and sustained synthesis international relations theory and Soviet Russian foreign and security policy in academic literature *Russian Foreign Policy* Ivo John Lederer, 1962

The Sources of Russian Foreign Policy Assertiveness Angela Borozna, 2022-01-31 This book explores the sources of Russia's foreign policy conduct since the end of the Cold War It is aimed at those interested in Russian foreign policy

international security and diplomacy The book embraces an eclectic approach by applying insights from several strands of IR theory exploring both international and domestic sources The author argues that Russian foreign policy is influenced by the country's strategic culture which exhibits some persistent elements inherited from Russia's imperial past and from Soviet times The challenges to Russia's security interests from Western policies led to an increase in Russian foreign policy assertiveness As a result Russia is becoming more committed to Eurasian integration and nurturing relations with China This book further argues that Russia's relations with the post Soviet states have been and will remain a priority of its foreign relations and therefore Russia is likely to continue challenging any Western interference in these states The author maintains that geoeconomics and the protection of overseas economic interests are becoming more prominent in Russia's foreign policy calculus The role of domestic factors in the country's foreign policy such as authoritarianism regime vulnerability and the role of political factions is also examined *Russian Foreign Policy* Ivo John Lederer, 1964 **A History of Russia Volume**

1 Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss's accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists **Soviet Foreign Policy 1917-1991** Jr. Fleron, 2017-07-05 The purpose of this anthology is to deepen Western understanding of the sources and substance of the foreign policy of the Soviet Union Authoritative analysts here explore significant issues in Soviet foreign relations from the era of the Bolshevik Revolution and the Civil War to the period of reform that preceded the final collapse of the Soviet system The volume is designed for courses in Soviet political history diplomatic history comparative foreign policy and the mainstream of international relations

British Foreign Policy 1874-1914 Sneh Mahajan, 2003-08-27 A challenging analysis of British Foreign Policy is provided at a time when Britain possessed the biggest Empire that humankind has ever known In this Empire India had a unique position comprising 97 per cent of Britain's Asiatic Empire All British statesmen deemed it essential to maintain their hold over India whatever the risk or cost of doing so This work focuses on aspects that have been hitherto marginalized It also contributes to debates surrounding the origins of the First World War the multipolar diplomacy of the late nineteenth century and the nature of imperial connections *The Foreign Relations of Iran* Sepehr Zabih, Shahram Chubin, 2023-11-15 This study of the foreign relations of a small state in a zone of Great Power conflict focuses on the evolution of Iranian foreign policy from a struggle for national survival to the achievement of preponderance in an otherwise unstable region The topic is of special interest because of the continuing proliferation of new actors on the international stage and the paucity of published studies of their foreign affairs It is also particularly timely because of the increasing importance of the Persian Gulf

and of oil in world politics Recognizing that international politics exercises a major influence on the diplomacy of a small state by imposing constraints as well as offering options the author argue that the success of Iranian diplomacy in achieving a balanced international posture and a strong regional policy is primarily a result of two factors the gradual transformation of Soviet policy toward Iran from expansionism to accommodation and Iran s enhanced economic and political capabilities A perceptive interpretation of the international political environment and a realistic recognition of the constraints and opportunities involved have redounded to the advantage of Iran Consequently Iran has been able to use its proximity to a Great Power with a long history of expansionist aspirations in order to pursue a posture of de facto nonalignment without abandoning a generally pro Western orientation The authors have designed their book to provide a detailed case study of Iranian foreign policy within an analytical framework conducive to theorizing about the foreign policy of other comparable small states Previous treatments of the subject have ignored insights afforded by contemporary international relations and have been largely historical and descriptive The present volume taking a different approach should serve both the specialist on Iranian affairs and the student of international relations and comparative foreign policy This study of the foreign relations of a small state in a zone of Great Power conflict focuses on the evolution of Iranian foreign policy from a struggle for national survival to the achievement of preponderance in an otherwise unstable region The topic Imperial Visions Mark Bassin,1999-06-24 In the middle of the nineteenth century the Russian empire made a dramatic advance on the Pacific by annexing the vast regions of the Amur and Ussuri rivers Although this remote realm was a virtual terra incognita for the Russian educated public the acquisition of an Asian Mississippi attracted great attention nonetheless even stirring the dreams of Russia s most outstanding visionaries Within a decade of its acquisition however the dreams were gone and the Amur region largely abandoned and forgotten In an innovative examination of Russia s perceptions of the new territories in the Far East Mark Bassin sets the Amur enigma squarely in the context of the Zeitgeist in Russia at the time Imperial Visions demonstrates the fundamental importance of geographical imagination in the mentalit of imperial Russia This 1999 work offers a truly novel perspective on the complex and ambivalent ideological relationship between Russian nationalism geographical identity and imperial expansion *Soviet Diplomacy And Negotiating Behavior* Joseph G. Whelan,2019-07-11 The foreign affairs book of the season an absorbing review of the nitty gritty of Soviet American diplomacy over the years Stephen S Rosenfeld The Washington Post Vast in its historical sweep Focusing on the period since the Bolshevik Revolution Whelan stresses five themes the nature of negotiating behavior its principal characteristics elements contributing to its formation aspects of continuity and change during more than 60 years and the implications of the record for U S foreign policy in the 1980s The bulk of the book traces Soviet diplomacy under Chicherin and Litvinov the enormously complex and detailed wartime conferences with Stalin the descent into the cold war the transition to peaceful coexistence with Nikita Krushchev including fascinating details on the Cuban Missile Crisis peaceful coexistence with Leonid Brezhnev including

extensive chronological analysis of the SALT process and finally judgements about how U S policy should be informed in future undertakings with the Soviets Nish Jamgotch Jr *The American Political Science Review* **Japanese-Russian Relations Under Brezhnev and Andropov** Hiroshi Kimura, 2016-07-08 This study by the leading Japanese specialist in the field offers a comprehensive analysis of the deterioration of Soviet Japanese relations in the 1970s and 1980s a period when the two countries clashed over issues ranging from military security to fishing rights and their competing claims to the southern Kuriles Japan s Northern Territories awarded to Stalin at Yalta **Russia Enters the Twentieth Century** George Katkov, Erwin Oberländer, Nikolaus Poppe, Georg Von Rauch, 2025-06-30 First published in 1971 in its English translation *Russia Enters the Twentieth Century* provides a broad and detailed survey of Russia during the two decades leading up to the revolution An international team of scholars examines each significant aspect of Russian life to create a comprehensive portrait of Russia under Nicholas II 1894 1917 free from the myths imposed by historians who on both sides have tended to interpret it through the lens of the revolution that followed rather than studying it objectively as a distinct period This work serves as an important historical reference for students and researchers of Russian history *Dialogue and Conflict Resolution* Pernille Rieker, Henrik Thune, 2016-03-09 Dialogue is typically hailed as a progressive force fostering mutual understanding and resolving conflicts Can it really carry such a burden Does dialogue really resolve conflicts In this unique volume international experts critically assess the political role of dialogue addressing its potential and limitations Bringing fascinating insights to bear they examine the theoretical underpinnings and conceptual boundaries of dialogue as a tool for conflict resolution Major recent crises such as the Russo Georgian war in 2008 the conflict between Western powers and Gaddafi s Libya arguments over Iran s nuclear programme religious tensions in Egypt after the Arab Spring the Afghan case the Sudanese experience and the recent Russo Ukraine conflict are all considered and the conflict resolution attempts discussed Using these cases the contributors explore in depth the nature of the dialogue between the actors the extent to which it worked and what determined its impact **War Aims in the Second World War** Victor Rothwell, 2019-08-07 No detailed description available for War Aims in the Second World War *Russia and the Idea of Europe* Iver B. Neumann, 2016-10-14 The end of the Soviet system and the transition to the market in Russia coupled with the inexorable rise of nationalism brought to the fore the centuries old debate about Russia s relationship with Europe In this revised and updated second edition of *Russia and the Idea of Europe* Iver Neumann discusses whether the tensions between self referencing nationalist views and Europe orientated liberal views can ever be resolved Drawing on a wide range of Russian sources this book retains the broad historical focus of the previous edition and picks up from where it left off in the early 1990s bringing the discussion fully up to date Discussing theoretical and political developments it relates the existing story of Russian identity formation to new foreign policy analysis and the developments in the study of nationalism The book also offers an additional focus on post Cold War developments In particular it examines the year 2000 when Putin succeeded

Yeltsin as president and 2014 when Russian foreign policy turned from cooperation to confrontation. Bringing to life the various debates surrounding this complicated relationship in an accessible and clear manner, this book continues to be a unique and vital resource for both students and scholars of international relations.

Unveiling the Magic of Words: A Overview of "**Russian Foreign Policy Essays In Historical Perspective**"
