Russian Moment

Vesa Oittinen

Russian Moment:

The Russian Moment in World History Marshall Poe, 2003 The Russian moment in world history thus began with its first confrontations with Europe in the fifteenth century and ended in 1991 with the Soviet collapse **BOOK JACKET** **The Russian Moment in World History** Marshall T. Poe, 2011-06-27 Is Russian history one big inevitable failure The Soviet Union's demise and Russia's ensuing troubles have led many to wonder But this is to look through a skewed prism indeed In this provocative and elegantly written short history of Russia Marshall Poe takes us well beyond the Soviet haze deep into the nation's fascinating not at all inevitable and in key respects remarkably successful past Tracing Russia's course from its beginnings to the present day Poe shows that Russia was the only non-Western power to defend itself against Western imperialism for centuries It did so by building a powerful state that molded society to its military needs Thus arose the only non-Western path to modern society a unique path neither European nor Asian but most aptly Russian From the fifteenth to the eighteenth centuries Russia prevailed despite unparalleled onslaughts by powerful Western armies However while Europe nurtured limited government capitalism and scientific and cultural revolution early Russian society cultivated autocracy and command economics Both Europe and Russia eventually created modern infrastructures but the European model proved more productive and powerful The post World War I communist era can be seen as a natural continuation of Russia's autocratic past that despite its tragic turns kept Russia globally competitive for decades The Russian moment in world history thus began with its first confrontations with Europe in the fifteenth century and ended in 1991 with the Soviet collapse Written with verve and great insight **The Russian Moment in World History** will be widely read and vigorously debated by those who seek a clear and unequivocal understanding of the complex history that has made Russia what it is today **Marx's Russian Moment** Vesa Oittinen, 2023-05-17 This book discusses Marx's relations with Russia which have always been ambivalent In his youth and indeed a good way into the 1860s Marx might even be called a Russophobe Around 1870 however his views on Russia undergo a change he becomes acquainted with a new kind of Russian radical and revolutionary movement and begins to study Russian It becomes clear that Marx begins to feel that Russia is some kind of a touchstone for his theories Offering a new and original interpretation of Marx's theoretical development Marx's Russian Moment analyzes the following themes Marx's concept of ideology as developed in the German Ideology and its fortunes in Russia Marx's encounter with Bakunin and Russian nihilism Marx's and Engels's studies of primitive societies Engels's views of the developmental perspectives of small Slavic nations and Marx's views on Finland the Russian Grand Duchy Considering these topics as case studies Oittinen argues that Marx's encounter with Russia substantially influenced Marx's and Engels's views not just on current political and economic matters but also on a philosophical and methodological level **Russian Foreign Policy in the Twenty-First Century and the Shadow of the Past** Robert Legvold, 2007-03-27 Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and

political transformation history offers a special vantage point from which to judge the current course of events In this book a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history The authors explain the impact of empire and its loss the interweaving of domestic and foreign impulses long standing approaches to national security and the effect of globalization over time Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today These patterns are driven by the country s political makeup geographical circumstances economic strivings unsettled position in the larger international setting and above all its tortured effort to resolve issues of national identity The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns but that history allows for an assessment of how much or how little has changed in Russia s approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia s complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined

A Russian Moment Bill Harris,1991 Reveals the often hidden cultural and geographical diversity of the Soviet Union in photographs that span from the Arctic Circle to the deserts of Kazakhstan and provide portraits of the land s peoples including Mongols Georgians Ukrainians and Uzbeks

A Companion to Russian History Abbott Gleason,2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field

Invisible Hands, Russian Experience, and Social Science Stefan Hedlund,2011-06-20 This book investigates cases in which national and international activities have gone massively wrong entailing seriously negative consequences and in which the sophisticated analytical models of social science have ceased to be helpful Illustrations range from the global financial crisis to the failure to achieve speedy systemic change in the former Soviet Union and the failure to achieve development in the Third World The analysis uses as a backdrop long term Russian history and short term Russian encounters with unrestrained capitalism to develop a framework that is based in the so called new institutionalism Understanding the causes of systemic failure is shown to require an approach that spans across the increasingly specialized subdisciplines of modern social science Demonstrating that increasing theoretical sophistication has been bought at the price of a loss of perspective and the need for sensitivity to the role of cultural and historical specificity the book pleads the case for a new departure in seeking to model the motives for human action

Energy Research Abstracts ,1985 The

Vexing Case of Igor Shafarevich, a Russian Political Thinker Krista Berglund, 2012-02-29 This is the first comprehensive study about the non mathematical writings and activities of the Russian algebraic geometer and number theorist Igor Shafarevich b 1923 In the 1970s Shafarevich was a prominent member of the dissidents human rights movement and a noted author of clandestine anti communist literature in the Soviet Union Shafarevich s public image suffered a terrible blow around 1989 when he was decried as a dangerous ideologue of anti Semitism due to his newly surfaced old manuscript Russophobia The scandal culminated when the President of the National Academy of Sciences of the United States suggested that Shafarevich an honorary member resign The present study establishes that the allegations about anti Semitism in Shafarevich s texts were unfounded and that Shafarevich s terrible reputation was cemented on a false basis **Putin's World** Angela Stent, 2019-02-26 In this revised version that includes an exclusive new chapter on the Russia Ukraine war renowned foreign policy expert Angela Stent examines how Putin created a paranoid and polarized world and increased Russia s status on the global stage How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively Is it because Putin is a brilliant strategist Or has Russia stepped into a vacuum created by the West s distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower Putin s World examines the country s turbulent past how it has influenced Putin the Russians understanding of their position on the global stage and their future ambitions and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed This book looks at Russia s key relationships its downward spiral with the United States Europe and NATO its ties to China Japan the Middle East and with its neighbors particularly the fraught relationship with Ukraine Putin s World will help Americans understand how and why the post Cold War era has given way to a new more dangerous world one in which Russia poses a challenge to the United States in every corner of the globe and one in which Russia has become a toxic and divisive subject in US politics **Russia and the West from Alexander to Putin** Andrei P. Tsygankov, 2012-06-28 Covering two centuries of Russian history this book shows how a sense of honor has affected Russia s foreign policy decision making **Russian Realism** Andrei P. Tsygankov, 2022-03-17 Russian Realism analyzes Russian contemporary geopolitical thinking or realism and explores the notion of Derzhava as the foundation of Russian realism The author defines Russian realists as all those favoring actions by the Russian state in defense of its interests including protection of national sovereignty security power and prestige on the international scene What makes Russian realism distinct is its vision of Russianness formed by the country s historical cultural religious experience and its semi peripheral position in the international system The vision stresses the importance of survival preservation of strong state and protection of national interests from external infringement Mainstream literature especially in the West tends to ignore Russian theoretical debates and narratives this book remedies this by providing significant insights into Russian realist thinking It explores the historical unfolding of the longstanding national debates about Russia s role in Europe the West and how realists have reframed these

debates in response to multiple international and domestic developments The book also identifies distinct groups and debates within the broad school of Russian realism This book will be of interest to students and scholars of Russian foreign policy IR theory diplomatic studies political science and European history It will also appeal to a broader general audience of those interested in Russia and international politics

Russian Path Dependence Stefan Hedlund, 2005-01-23 Russia's transition to a market economy has been tortuous to say the least However this book argues that the arguments and counter arguments that pitch shock therapy against gradualism are wide of the mark and quite pointless Indeed the reasons for the warped outcomes can actually be traced back through the long sweep of Russian history Decisions made in the distant past can fully influence policy making in the present Hedlund's thesis can like this be seen as influenced by the path dependency theories of Paul David among others

Utopia's Discontents Faith Hillis, 2021 Utopia's Discontents provides the first synthetic treatment of the Russian revolutionary emigration before the Revolution It argues that neighborhoods created by Russian exiles became sites of revolutionary experimentation that offered their residents a taste of their anticipated utopian future

Russian History Geoffrey Hosking, 2012-03-29 Spanning the divide between Europe and Asia Russia is a multi ethnic empire with a huge territory strategically placed and abundantly provided with natural resources But Russia's territory has a harsh climate is cut off from most maritime contact with the outside world and has open and vulnerable land frontiers It has therefore had to devote much of its wealth to the armed forces and the sheer size of the empire has made it difficult to mobilise resources and to govern effectively especially given the diversity of its people In this Very Short Introduction Geoffrey Hosking discusses all aspects of Russian history from the struggle by the state to control society the transformation of the empire into a multi ethnic empire Russia's relationship with the West Europe the Soviet experience and the post Soviet era

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Superclass David Rothkopf, 2008-03-18 Each of them is one in a million They number six thousand on a planet of six billion They run our governments our largest corporations the powerhouses of international finance the media world religions and from the shadows the world's most dangerous criminal and terrorist organizations They are the global superclass and they are shaping the history of our time Today's superclass has achieved unprecedented levels of wealth and power They have globalized more rapidly than any other group But do they have more in common with one another than with their own countrymen as nationalist critics have argued They control globalization more than anyone else But has their influence fed the growing economic and social inequity that divides the world What happens behind closed door meetings in Davos or aboard corporate jets at 41 000 feet Conspiracy or collaboration Deal making or idle self indulgence What does the rise of Asia and Latin America mean for the conventional wisdom that shapes our destinies Who sets the rules for a group

that operates beyond national laws Drawn from scores of exclusive interviews and extensive original reporting Superclass answers all of these questions and more It draws back the curtain on a privileged society that most of us know little about even though it profoundly affects our everyday lives It is the first in depth examination of the connections between the global communities of leaders who are at the helm of every major enterprise on the planet and control its greatest wealth And it is an unprecedented examination of the trends within the superclass which are likely to alter our politics our institutions and the shape of the world in which we live

Russia Reverts to Muscovy Stefan Hedlund, 2025-02-03 Russia Reverts to Muscovy explores the implications of removing the notion of Russia from political and scholarly discourse The book posits the following questions Should the state ruled from Moscow be termed Russia Might not Muscovy be more appropriate It reflects on how academia has conceptualized developments among the Eastern Slavs over the centuries from the early days of Muscovy up until the present day Russian Federation with the result that by consistently viewing events through a Moscow lens the West has been instrumental in supporting Muscovite claims to hegemony and thus in allowing Moscow to play an outsized role not only in the region but also in global geopolitics This book highlights the more recent developments of the Muscovite state and the increasingly hollow nature of the claims of the Russian Federation to represent all of Russia Exploring how the Eastern Slav world could be conceptualized differently and how this world might develop in reality this book will be of interest to researchers in International Relations Ethnic Studies Political Science and Central Asian Russian and Soviet Politics

Russia's Place in the World Andrej Kreutz, 2015-10-01 Prof Kreutz presents a concise geopolitical and historical background of Russia and the major predicaments that currently hamper its full international integration and acceptance He outlines the negative and potentially dangerous aspects of the existing situation In the author's view the Russian Federation which is a successor state of the Soviet Union and the previous Russian Empire should not now be treated as a defeated nation on probation Rather alongside China it should be acknowledged as a great independent power with its own political traditions and interests Only such an approach can secure international peace and cooperation in Europe and Asia which are needed by all countries of the region and even the world at large The book's approach is mainly historical nevertheless it focuses on some of the most important and controversial present day international challenges both in Europe and Asia Its aims to address academics journalists and other specialists but also is written for the general public Its goal is to provide an alternative and unprejudiced view of the Russian Problem starting with the recognition that the struggle for survival has been a major challenge in Russia's past and present a fact that is often seemingly overlooked by those analysts who misconstrue defensive moves as potential aggression An expert on Eastern Europe and political history Prof Kreutz is neither a Russia sympathizer nor a Russia basher but he presents a neutral account of Russia's place in the world This book fills a gap left by other recent works including the historical monograph by Marshall J Poe The Russian Moment in World History which provides only the introduction and background to the present situations and Professor

Tsygankov's Russia's Foreign Policy Change and Continuity in National Identity which is more about various Russian political theories than on the actual socio political and geopolitical situation of the country Mankoff's Russian Foreign Policy The Return of Great Power Politics and Treisman's The Return Journey from Gorbachev to Medvedev are focused on the current political issues and make some interesting points however they do not seem to perceive the challenges coming to Russia from the neo capitalist transformations and US imperial expansion in its neighborhood Dmitri Trenin did not mention much about them either in Post Imperium Eurasian Story While presenting a rather bleak picture of present day Russia he suggests that Moscow should open itself fully to the capitalist modernization and accept US hegemony His comparisons of the Soviet Union with the former Western colonial empires are not always convincing Trenin a former Soviet Colonel and diplomat is apparently influenced by his present employment with the Carnegie Endowment but his book is nevertheless informative and makes an interesting contribution to the existing literature on the subject Russia Engages the World, 1453-1825 Cynthia H. Whittaker, Edward Kasinec, Robert H. Davis, 2003 Russia Engages the World 1453-1825 an elegant new book created by a team of leading historians in collaboration with The New York Public Library traces Russia's development from an insular medieval liturgical realm centered on Old Muscovy into a modern secular world power embodied in cosmopolitan St Petersburg Featuring eight essays and 120 images from the Library's distinguished collections it is both an engagingly written work and a striking visual object Anyone interested in the dramatic history of Russia and its extraordinary artifacts will be captivated by this book Before the late fifteenth century Europeans knew virtually nothing about Muscovy the core of what would become the Russian Empire The rare visitor merchant adventurer diplomat described an exotic alien place Then under the powerful tsar Peter the Great St Petersburg became the architectural embodiment and principal site of a cultural revolution and the port of entry for the Europeanization of Russia From the reign of Peter to that of Catherine the Great Russia sought increasing involvement in the scientific advancements and cultural trends of Europe Yet Russia harbored a certain dualism when engaging the world outside its borders identifying at times with Europe and at other times with its Asian neighbors The essays are enhanced by images of rare Russian books illuminated manuscripts maps engravings watercolors and woodcuts from the fifteenth to the nineteenth centuries as well as the treasures of diverse minority cultures living in the territories of the Empire or acquired by Russian voyagers These materials were also featured in an exhibition of the same name mounted at The New York Public Library in the fall of 2003 to celebrate the tercentenary of St Petersburg

Russia and Courtly Europe Jan Hennings, 2016-10-27 In this book on early modern diplomacy Jan Hennings explores the relationship between European powers and Russia beyond the conventional East West divide from the Peace of Westphalia to the reign of Peter the Great He examines how at a moment of new departure in both Europe and Russia the norms shaping diplomatic practice emerged from the complex relations and direct encounters within the world of princely courts rather than from incompatible political cultures He makes clear the connections between dynastic representation politics and foreign

relations and shows that Russia despite its perceived isolation and cultural distinctiveness participated in the developments and transformations that were taking place more broadly in diplomacy The central themes of this study are the interlocking manifestations of social hierarchy monarchical honour and sovereign status in both text and ritual Related issues of diplomatic customs institutional structures personnel negotiation practice international law and the question of cultural transfer also figure prominently

Discover tales of courage and bravery in is empowering ebook, **Russian Moment** . In a downloadable PDF format (Download in PDF: *), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.

Russian Moment Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russian Moment has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russian Moment has opened up a world of possibilities. Downloading Russian Moment provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russian Moment has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russian Moment. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russian Moment. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russian Moment, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Russian Moment has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russian Moment Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Russian Moment is one of the best book in our library for free trial. We provide copy of Russian Moment in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Russian Moment. Where to download Russian Moment online for free? Are you looking for Russian Moment PDF? This is definitely going to save you time and cash in something you should think about.
