

Russian Orthodox Church

Aleksandr Molodin

Russian Orthodox Church:

Cross and Kremlin Thomas Bremer, 2013-10-17 Russian political history and Russian church history are tied together very tightly One cannot properly understand the overall history of Russia without considering the role of the Orthodox Church in Russia Cross and Kremlin uniquely surveys both the history and the contemporary situation of the Russian Orthodox Church The first chapter gives a concise chronology from the tenth century through the present day The following chapters highlight several important issues and aspects of Russian Orthodoxy church state relations theology ecclesiastical structure monasticism spirituality the relation of Russian Orthodoxy to the West dissidence as a frequent phenomenon in Russian church history and more *The Russian Orthodox Church, 1917-1948* Daniela Kalkandjieva, 2014-11-20 This book tells the remarkable story of the decline and revival of the Russian Orthodox Church in the first half of the twentieth century and the astonishing U turn in the attitude of the Soviet Union's leaders towards the church In the years after 1917 the Bolsheviks' anti religious policies the loss of the former western territories of the Russian Empire and the Soviet Union's isolation from the rest of the world and the consequent separation of Russian emigrants from the church were disastrous for the church which declined very significantly in the 1920s and 1930s However when Poland was partitioned in 1939 between Nazi Germany and the Soviet Union Stalin allowed the Patriarch of Moscow Sergei jurisdiction over orthodox congregations in the conquered territories and went on later to encourage the church to promote patriotic activities as part of the resistance to the Nazi invasion He agreed a Concordat with the church in 1943 and continued to encourage the church especially its claims to jurisdiction over migrant Russian orthodox churches in the immediate postwar period Based on extensive original research the book puts forward a great deal of new information and overturns established thinking on many key points

The Russian Orthodox Church Basaroff (Archpriest.), 1873 **A Long Walk To Church** Nathaniel Davis, 2018-10-08 Making use of the formerly secret archives of the Soviet government interviews and first hand personal experiences Nathaniel Davis describes how the Russian Orthodox Church hung on the brink of institutional extinction twice in the past sixty five years In 1939 only a few score widely scattered priests were still functioning openly Ironically Hitler's invasion and Stalin's reaction to it rescued the church and parishes reopened new clergy and bishops were consecrated a patriarch was elected and seminaries and convents were reinstituted However after Stalin's death Khrushchev resumed the onslaught against religion Davis reveals that the erosion of church strength between 1948 and 1988 was greater than previously known and it was none too soon when the Soviet government changed policy in anticipation of the millennium of Russia's conversion to Christianity More recently the collapse of communism has created a mixture of dizzying opportunity and daunting trouble for Russian Orthodoxy The newly revised and updated edition addresses the tumultuous events of recent years including schisms in Ukraine Estonia and Moldova and confrontations between church traditionalists conservatives and reformers The author also covers battles against Greek Catholics Roman Catholics Protestant evangelists and pagans in the south and east

the canonization of the last Czar the church's financial crisis and hard data on the slowing Russian orthodox recovery and growth Institutional rebuilding and moral leadership now beckon between promise and possibility

The Russian Orthodox Church Jane Ellis, 1988

The Post-Soviet Russian Orthodox Church Katja Richters, 2012-08-21 In recent years the Russian Orthodox Church has become a more prominent part of post Soviet Russia A number of assumptions exist regarding the Church's relationship with the Russian state that the Church has always been dominated by Russia's secular elites that the clerics have not sufficiently fought this domination and occasionally failed to act in the Church's best interest and that the Church was turned into a Soviet institution during the twentieth century This book challenges these assumptions It demonstrates that church state relations in post communist Russia can be seen in a much more differentiated way and that the church is not subservient very much having its own agenda Yet at the same time it is sharing the state's and Russian society's nationalist vision The book analyses the Russian Orthodox Church's political culture focusing on the Putin and Medvedev eras from 2000 It examines the upper echelons of the Moscow Patriarchate in relation to the governing elite and to Russian public opinion explores the role of the church in the formation of state religious policy and the church's role within the Russian military It discusses how the Moscow Patriarchate is asserting itself in former Soviet republics outside Russia especially in Estonia Ukraine and Belarus It concludes by re-emphasising that although the church often mirrors the Kremlin's political preferences it most definitely acts independently

A Concise History of the Russian Orthodox Church Neil Kent, 2022-08-08 Orthodox Christianity is one of the world's major religions and the Russian Orthodox Church is by far its largest denomination Few know its history and spiritual richness however Neil Kent's comprehensive new book fills that gap The Russian Orthodox Church's Eastern roots including its dogma canons and practices are explored along with the political and military contexts in which it carried out its mission over the centuries Hemmed in between the Catholic powers of pre Reformation Europe in the West the Mongol steppe empires to the East and the Islamic civilizations to the South Russia and its Church found themselves in a difficult position during the Middle Ages The Russian Orthodox Church's greatest strength was in the spiritual power of its liturgy prayerfulness icons and monastic life But even as the Church consolidated its authority under its own metropolitan and later patriarch it came into conflict with political rulers who sought to undermine it After defeating foreign challenges the Church underwent a painful reformation and schism finally coming under government control The Church survived this Babylonian Captivity and in philosophical and spiritual terms flourished under tsarist rule while still facing rising opposition The fall of the monarchy in 1917 led to the Church's brief rejuvenation but communist rule spelled relentless persecution with little respite at home and a lively migr church carrying Russian traditions abroad In post Soviet times however the Church enjoyed an extraordinary resurrection and benefiting from the spiritual richness and reunion with the Russian Orthodox Church abroad once again became a spiritual pillar of the Russian people and a beacon of hope and Christian values not only in Russia but anywhere it is currently practiced

Russian

Society and the Orthodox Church Zoe Knox, 2004-06-02 Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post Communist Russia. It shows how Orthodox prelates, clergy and laity have shaped Russians' attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy. It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society. **The Russian Orthodox Church** A. A.

Преображенский, 1988 The Russian Orthodox Church Jane Ellis, 2016-03-29 The Russian Orthodox Church has survived more than seventy years of the most brutal and sustained attempts to eradicate religion that has ever been. Weakened but spiritually alive it is confronted by the demands of a ravaged exhausted society. Can it however find the resources and energy to respond to these demands? Jane Ellis describes the developments and problems in the Russian Orthodox Church under glasnost and especially since the new freedoms were granted following the millennium celebrations of 1988. New opportunities mean new challenges and demand huge new resources. Old problems in the form of close State and KGB contacts remain and new problems in the form of competition from other denominations and sects arise. Traditionally the Orthodox Church has enjoyed a symbiosis with the State. However, are unhealthy links with the KGB and the communist past still damaging the Church? Is it in danger of becoming a state church? *Russian Church in the Digital Era* Hanna Stähle, 2021-08-23 The Russian Orthodox Church, the largest and most powerful religious institution in Russia, has become one of the central pillars of Vladimir Putin's authoritarianism. While church attendance remains low, the religiously inspired rhetoric of traditionalism has come to dominate the mainstream political and media discourse. Has Russia abandoned its atheist past and embraced Orthodox Christianity as its new moral guide? The reality is more complex and contradictory. Digital sources provide evidence of rising domestic criticism of the Russian Orthodox Church and its leadership. This book offers a nuanced understanding of contemporary Russian Orthodoxy and its changing role in the digital era. Topics covered within this book include Mediatization theory, Church reforms under Patriarch Kirill, Church state relations since 2009, The Russian Orthodox Church's media policy, Anticlericalism vs Church criticism and Religious secular and atheist critiques of the Church in digital media. Using contemporary case studies such as Pussy Riot's Punk Prayer, this book is a gripping read for those with an interest in media studies, digital criticism of religion, religion in the media, the role of religion in society and the Russian Orthodox Church. **The Russian Orthodox Church and Human Rights** Kristina Stoeckl, 2014-03-05 This book examines the key 2008 publication of the Russian Orthodox Church on human dignity, freedom and rights. It considers how the document was formed, charting the development over time of the Russian Orthodox Church's views on human rights. It analyzes the detail of the document and assesses the practical and political impact inside the Church at the national level and

in the international arena Overall it shows how the attitude of the Russian Orthodox Church has shifted from outright hostility towards individual human rights to the advocacy of traditional values Patriarch and Prophets Michael Bourdeaux,1970 **Communist Russia and the Russian Orthodox Church, 1943-1962** William B. Stroyen,1967

The Making of Holy Russia John Strickland,2013-09-01 This book is a critical study of the interaction between the Russian Church and society in the late 19th and early 20th century While other studies exist that draw attention to the voices in the Church typified as liberal in the years leading up to the Revolution this work introduces a wide range of conservative opinion that equally strove for spiritual renewal and the spread of the Gospel Grounded in original research conducted in the newly accessible libraries and archives of post Soviet Russia this study is intended to reveal the wider relevance of its topic to an ongoing discussion of the relationship between national or ethnic identities on the one hand and the self understanding of Orthodox Christianity as a universal and transformative faith on the other *The Orthodox Church in the History of Russia* Dimitry Pospelovsky,1998-01-01 A panoramic view of one of the largest most controversial spiritually profound and deeply suffering of all Christian churches The author begins with the legalization of Christianity by Constantine the Great and the subsequent chapters lead the reader to the calamities of the 20th century under communism The book ends with a brief survey of the post Communist era **The Making of Holy Russia** John Strickland (Archpriest),2013 At the beginning of February 2013 the Bishops Council of the Russian Orthodox Church met in Moscow In their concluding statement the Bishops declared Orthodoxy is being reborn as the foundation of national self consciousness uniting all the healthy forces in society those forces which strive for the transformation of life on the basis of a sure foundation and the spiritual and moral values that have entered the flesh and blood of our peoples This book is a critical study of an earlier period in the history of the Russian Church The late nineteenth and early twentieth century in which Orthodox patriots advocated for the place of the Church as a unifying force central to the identity and purpose of the burgeoning Russian Empire Their views were articulated not only in numerous publications but also through art and architecture Whilst other studies exist that draw attention to the voices in the Church typified as liberal in the years leading up to the Revolution this work introduces the reader to a wide range of conservative opinion that equally strove for the renewal of the Church and the spread of the Gospel Ultimately neither these conservative voices presented here nor those of their better known liberal protagonists were able to prevent the calamity that befell Russia with the Bolshevik revolution in 1917 The relatively narrow scope of this study should not conceal the wider relevance of its debates to the broader and continuing discussion of the relationship between national and ethnic identities and the self understanding of Orthodoxy as a universal and transformative Faith Book jacket *Russian Orthodoxy Under the Old Regime* Robert Lewis Nichols,Theofanis George Stavrou,1978 Russian Orthodoxy under the Old Regime was first published in 1978 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In this book which is

especially suitable for course use eleven scholars examine one of the most important institutions of imperial Russia the Orthodox church in the two centuries before the Russian revolution The material is arranged in two sections the first devoted to Orthodoxy s role in Russian social and cultural life and the second dealing with the church s relationship to the tsarist regime

Church and State in Soviet Russia Tatiana A. Chumachenko,Edward E. Roslof,2015-02-12 Church state relations during the Soviet period were much more complex and changeable than is generally assumed From the German invasion of the Soviet Union in 1941 until the 21st Party Congress in 1961 the Communist regime s attitude toward the Russian Orthodox Church zigzagged from indifference and opportunism to hostility and repression Drawing from new access to previously closed archives historian Tatiana Chumachenko has documented the twists and turns and human dramas of church state relations during these decades This rich material provides essential background to the post Soviet Russian government s controversial relationship to the Russian Orthodox Church today

Orthodox Domes of America Aleksandr Molodin,2021-02-20 The essential pieces of Russian cultural heritage in the U S A are the Orthodox churches built in various states and are a piece of the distant Motherland for Russian compatriots Since the end of the 18th century Orthodox churches have also become an essential part of many people in America who follow the Orthodox faith This book has the results of research into the architecture of Russian Orthodox church buildings in the United States of America The most famous examples of Moscow Patriarch architecture Russian Orthodox Church Outside Russia architecture and the Orthodox Church in America architecture were analyzed The text is supported by unique illustrations gathered by the author on a multitude of expeditions

Ignite the flame of optimism with is motivational masterpiece, **Russian Orthodox Church** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
