Russian Revolution The Essential Readings

WJ Hussar

Russian Revolution The Essential Readings:

The Russian Revolution Martin A. Miller, 2001-01-09 This indispensable volume comprises the work of nine of the most prominent scholars of the Russian Revolution with introductions by the editor that help students contextualize and understand each piece

Readings on the Russian Revolution Melissa K. Stockdale, 2020-09-03 Readings on the Russian Revolution brings together 15 important post Cold War writings on the history of the Russian Revolution It is structured in such a way as to highlight key debates in the field and contrasting methodological approaches to the Revolution in order to help readers better understand the issues and interpretative fault lines that exist in this contested area of history The book opens with an original introduction which provides essential background and vital context for the pieces that follow The volume is then structured around four parts Actors Language Symbols War Revolution and the State Revolutionary Dreams and Identities and Outcomes and Impacts that explore the beginnings events and outcomes of the Russian Revolution as well as examinations of central figures critical topics and major historiographical battlegrounds Melissa Stockdale also provides translations of two crucial Russian language works published here in English for the first time and includes useful pedagogical features such as a glossary chronology and thematic bibliography to further aid study Readings on the Russian Revolution is an essential collection for anyone studying the Russian Revolution

Centenary of the Russian Revolution (1917-2017) Andreu Mayayo i Artal, Antoni Segura i Mas, 2019-01-08 This collection of essays provides an historical plural and original analysis of the Russian Revolution to mark its first centenary It focuses on both regional aspects such as the impact of the Revolution in Spain and Latin America and major events ideas and phenomena including the importance of World War I the birth of the Communist International and the definition of revolution and counterrevolution The book will mainly appeal to academic audiences as well as non specialized readers interested in the major issues of the contemporary world It offers new insights into an event that contributed to the shaping of the twentieth century and that is still fundamental to understanding the world of today

Leaflets of the Russian Revolution , 2018-11-27 When workers and peasants rose up across Russia and smashed the centuries old Tsarist autocracy their actions reverberated across the world and continue to inspire activists to this day This carefully assembled and expertly translated collection of documents from the Petrograd socialist movement in 1917 provides contemporary readers with a firsthand glimpse into the revolutionary ferment as it unfolds In Leaflets of the Russian Revolution Barbara Allen selects and introduces the pamphlets and other agitational material that give life to the debates disagreements and perspectives that animated the masses during the revolution

[The Russian Revolution in Retreat, 1920-24](#) , [The Bolsheviks and the Russian Empire](#) Liliana Riga, 2012-11-12 This comparative historical sociology of the Bolshevik revolutionaries offers a reinterpretation of political radicalization in the last years of the Russian Empire Finding that two thirds of the Bolshevik leadership were ethnic minorities Ukrainians Latvians Georgians Jews and others this book examines the shared experiences of assimilation and socioethnic exclusion that underlay

their class universalism It suggests that imperial policies toward the Empire's diversity radicalized class and ethnicity as intersectional experiences creating an assimilated but excluded elite lower class Russians and middle class minorities universalized particular exclusions as they disproportionately sustained the economic and political burdens of maintaining the multiethnic Russian Empire The Bolsheviks' social identities and routes to revolutionary radicalism show especially how a class universalist politics was appealing to those seeking secularism in response to religious tensions a universalist politics where ethnic and geopolitical insecurities were exclusionary and a tolerant imperial imaginary where Russification and illiberal repressions were most keenly felt

The Standard of Living and Revolutions in Imperial Russia, 1700-1917

Boris Mironov, 2012-05-31 This is the first full scale anthropometric history of Imperial Russia 1700-1917 It mobilizes an immense volume of archival material to chart the growth weight and other anthropometric indicators of the male and female populations in order to chart how the standard of living in Russia changed over slightly more than two centuries It draws on a wide range of data statistics on agricultural production taxation prices and wages nutrition and demography to draw conclusions on the dynamics in the standard of living over this long period of time The economic social and political interpretation of these findings make it possible to reconsider the prevailing views in the historiography and to offer a new perspective on Imperial Russia

The Anatomy of Revolution Revisited Bailey Stone, 2014 This study aims to update a classic of comparative revolutionary analysis Crane Brinton's 1938 study *The Anatomy of Revolution* It invokes the latest research and theoretical writing in history political science and political sociology to compare and contrast in their successive phases the English Revolution of 1640-60 the French Revolution of 1789-99 and the Russian Revolution of 1917-29 This book intends to do what no other comparative analysis of revolutionary change has yet adequately done It not only progresses beyond Marxian socioeconomic class analysis and early revisionist stresses on short term accidental factors involved in revolutionary causation and process it also finds ways to reconcile state centered structuralist accounts of the three major European revolutions with postmodernist explanations of those upheavals that play up the centrality of human agency revolutionary discourse mentalities ideology and political culture

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

Stalinism John L. H. Keep, Alter L.

Litvin,2004-12-15 Stalinism surveys the efforts made in recent years by professional historians in Russia and the West to better understand what really went on in the USSR between 1929 and 1953 when the country's affairs were shrouded in secrecy The opening of the Soviet archives in 1991 has led to a profusion of historical studies whose strengths and weaknesses are assessed here impartially though not uncritically While Joseph Stalin now emerges as a less omnipotent figure than he seemed to be at the time most serious writers accept that the system over which he ruled was despotic and totalitarian Some nostalgic nationalists in Russia along with some Western post modernists disagree Their arguments are carefully dissected here Stalinism was of course much more than state sponsored terror and so due attention is paid to a wide range of socio economic and cultural problems Keep and Litvin applaud the efforts of Soviet citizens to express dissenting views

Out of Ashes Konrad H. Jarausch,2016-08-30 A sweeping history of twentieth century Europe that examines its unprecedented destruction and abiding promise A sweeping history of twentieth century Europe *Out of Ashes* tells the story of an era of unparalleled violence and barbarity yet also of humanity prosperity and promise Konrad Jarausch describes how the European nations emerged from the nineteenth century with high hopes for continued material progress and proud of their imperial command over the globe only to become embroiled in the bloodshed of World War I which brought an end to their optimism and gave rise to competing democratic communist and fascist ideologies He shows how the 1920s witnessed renewed hope and a flourishing of modernist art and literature but how the decade ended in economic collapse and gave rise to a second more devastating world war and genocide on an unprecedented scale Jarausch further explores how Western Europe surprisingly recovered due to American help and political integration Finally he examines how the Cold War pushed the divided continent to the brink of nuclear annihilation and how the unforeseen triumph of liberal capitalism came to be threatened by Islamic fundamentalism global economic crisis and an uncertain future A gripping narrative *Out of Ashes* explores the paradox of the European encounter with modernity in the twentieth century shedding new light on why it led to cataclysm inhumanity and self destruction but also social justice democracy and peace

Readings on the Russian Revolution Melissa K. Stockdale,2020-09-03 *Readings on the Russian Revolution* brings together 15 important post Cold War writings on the history of the Russian Revolution It is structured in such a way as to highlight key debates in the field and contrasting methodological approaches to the Revolution in order to help readers better understand the issues and interpretative fault lines that exist in this contested area of history The book opens with an original introduction which provides essential background and vital context for the pieces that follow The volume is then structured around four parts Actors Language Symbols War Revolution and the State Revolutionary Dreams and Identities and Outcomes and Impacts that explore the beginnings events and outcomes of the Russian Revolution as well as examinations of central figures critical topics and major historiographical battlegrounds Melissa Stockdale also provides translations of two crucial Russian language works published here in English for the first time and includes useful

pedagogical features such as a glossary chronology and thematic bibliography to further aid study Readings on the Russian Revolution is an essential collection for anyone studying the Russian Revolution **Imperial Russia, 1801-1905** Tim Chapman,2002-09-09 Imperial Russia 1801 1905 traces the development of the Russian Empire from the murder of mad Tsar Paul to the reforms of the 1890s that were an attempt to modernise the autocratic state This is essential reading for all students of the topic and provides a clear and concise introduction to the contentious historical debates of nineteenth century Russia *Boundaries of Utopia - Imagining Communism from Plato to Stalin* Erik van Ree,2015-05-22 The idea that socialism could be established in a single country was adopted as an official doctrine by the Soviet Union in 1925 Stalin and Bukharin being the main formulators of the policy Before this there had been much debate as to whether the only way to secure socialism would be as a result of socialist revolution on a much broader scale across all Europe or wider still This book traces the development of ideas about communist utopia from Plato onwards paying particular attention to debates about universalist ideology versus the possibility for socialism in one country The book argues that although the prevailing view is that socialism in one country was a sharp break from a long tradition that tended to view socialism as only possible if universal in fact the territorially confined socialist project had long roots including in the writings of Marx and Engels

Key Readings in Journalism Elliot King,Jane Chapman,2012-11-12 Key Readings in Journalism brings together over thirty essential writings that every student of journalism should know Designed as a primary text for undergraduate students each reading was carefully chosen in response to extensive surveys from educators reflecting on the needs of today s journalism classroom Readings range from critical and historical studies of journalism such as Walter Lippmann s Public Opinion and Michael Schudson s Discovering the News to examples of classic reporting such as Carl Bernstein and Bob Woodward s All the President s Men They are supplemented by additional readings to broaden the volume s scope in every dimension including gender race and nationality The volume is arranged thematically to enable students to think deeply and broadly about journalism its development its practice its key individuals and institutions its social impact and its future and section introductions and headnotes precede each reading to provide context and key points for discussion **Building Power to Change the World** James Muldoon,2020-11-18 The German council movements arose through mass strikes and soldier mutinies towards the end of the First World War They brought down the German monarchy founded several short lived council republics and dramatically transformed European politics Building Power to Change the World reconstructs how participants in the German council movements struggled for a democratic socialist society It examines their attempts to democratize politics the economy and society through building powerful worker led organisations and cultivating workers political agency Drawing from the practices of the council movements and the writings of theorists such as Rosa Luxemburg Anton Pannekoek and Karl Kautsky Building Power to Change the World returns to their radical vision of a self determining society and their political program of democratization and socialization It presents a powerful argument for renewed

attention to the political theories of this historical period and for their ongoing relevance for democratic politics today

Feliks Volkhovskii Michael Hughes, 2024-06-28 Feliks Volkhovskii 1846 1914 was a significant figure in the Russian revolutionary movement of the nineteenth and early twentieth centuries He lived through pivotal changes ranging from the rise of nihilism in the 1860s and the growth of populism in the 1870s through to the creation of the Socialist Revolutionary Party in the early 1900s Imprisoned three times before he turned thirty he spent ten years in Siberian exile before fleeing abroad to join the fight against tsarist autocracy from western Europe Following Volkhovskii's arrival in Britain in 1890 he played a central role in the campaign to win sympathy for the Russian revolutionary movement editing newspapers and journals including *Free Russia* He also helped to smuggle propaganda into Russia as well as becoming one of the most prominent figures in the migr leadership of the Socialist Revolutionaries Throughout his life Volkhovskii was also a prolific writer of poetry and short stories and was on good terms with many leading literary figures of the time including Ford Maddox Ford and Edward and Constance Garnett Michael Hughes's groundbreaking new biography provides a vivid history of this notable but hitherto neglected figure of both the political and literary worlds Based on ten years of research in archives across the world and drawing on sources in multiple languages this masterful biography explores how Volkhovskii's life illuminates broader intellectual and historical questions about the Russian revolutionary movement It is essential reading for anyone interested in late Imperial Russia and the Russian revolution **International Review of Social History**, 1956

The Many Deaths of Tsar Nicholas II Wendy Slater, 2007-06-26 How did Nicholas II Russia's last Tsar meet his death Shot point blank in a bungled execution by radical Bolsheviks in the Urals Nicholas and his family disappeared from history in the Soviet era But in the 1970s a local geologist and a crime fiction writer discovered the location of their clandestine mass grave and secretly removed three skulls before reburying them afraid of the consequences of their find Yet the history of Nicholas execution and the discovery of his remains are not the only stories connected with the death of the last Tsar This book recounts the horrific details of his death and the thrilling discovery of the bones and also investigates the alternative narratives that have grown up around these events Stories include the contention that the Tsar's killing was a Jewish plot in which Nicholas severed head was taken to Moscow as proof of his death tales of would be survivors of the execution self confessed children of the Tsar claiming their true identity and accounts of miracles performed by Nicholas who was made a saint by the Russian church in 2000 Not least among these alternative narratives is the romanticization of the Romanovs epitomized by the numerous photographs of the family released from the Russian archives *Rethinking Revolutionary Change in Europe* Bailey Stone, 2020-02-17 Reconsidering the English French and Russian Revolutions this book offers an important new approach to the theoretical and comparative study of revolutions Bailey Stone proposes an innovative neostructuralist integration of competing structuralist and postmodernist theory Providing a balanced and nuanced critique of both sides he presents new ways of understanding radical change in the European polities that created the concept and

the dramatic realities of modern revolution He focuses on the central issues of modernizers versus traditionalists old regime bourgeoisies regicides terror and state legitimacy By reconciling political and cultural theories of revolutionary causation and process Stone s synthesis marks a critical advance in our understanding of revolution

This book delves into Russian Revolution The Essential Readings. Russian Revolution The Essential Readings is a crucial topic that needs to be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Russian Revolution The Essential Readings, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Russian Revolution The Essential Readings
 - Chapter 2: Essential Elements of Russian Revolution The Essential Readings
 - Chapter 3: Russian Revolution The Essential Readings in Everyday Life
 - Chapter 4: Russian Revolution The Essential Readings in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Russian Revolution The Essential Readings. This chapter will explore what Russian Revolution The Essential Readings is, why Russian Revolution The Essential Readings is vital, and how to effectively learn about Russian Revolution The Essential Readings.
 3. In chapter 2, the author will delve into the foundational concepts of Russian Revolution The Essential Readings. This chapter will elucidate the essential principles that must be understood to grasp Russian Revolution The Essential Readings in its entirety.
 4. In chapter 3, the author will examine the practical applications of Russian Revolution The Essential Readings in daily life. The third chapter will showcase real-world examples of how Russian Revolution The Essential Readings can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Russian Revolution The Essential Readings in specific contexts. This chapter will explore how Russian Revolution The Essential Readings is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Russian Revolution The Essential Readings. This chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Russian Revolution The Essential Readings.
