Vladimir Fedorovich Odoevsky

Russian Romantic Prose An Anthology:

Russian Romantic Prose Carl R. Proffer, 1979 **Russian Romantic Prose** Carl R. Proffer, 2012-12-24 The Golden Age of Russian poetry 1820-41 was the Romantic period not only in verse but also in prose *Russian Romantic Prose*, 1979

Vladimir Odoevsky and Romantic Poetics Neil Cornwell, 1998 Vladimir Odoevsky 1804-1869 was a fascinating and encyclopedic figure in nineteenth century Russian culture who in his day was mentioned in the same breath as Pushkin and Gogol. Thinker, pedagogue, musicologist, amateur scientist and public servant, he is now undergoing a revival as a virtually rediscovered writer of Romantic and Gothic fiction. The author, a leading specialist on Odoevsky, analyses the contribution of Odoevsky to Russian prose fiction and in particular his influential approach to Romanticism, his Gothic novellas and his proto-science fiction as well as his critical reception. Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998, this volume will surely be regarded as the standard guide to Russian literature for some considerable time to come. It is therefore confidently recommended for addition to reference libraries, be they academic or public. **The Routledge Companion to Russian Literature** Neil Cornwell, 2002-06-01 The Routledge Companion to Russian Literature is an engaging and accessible guide to Russian writing of the past thousand years. The volume covers the entire span of Russian literature from the Middle Ages to the post-Soviet period and explores all the forms that have made it so famous: poetry, drama and, of course, the Russian novel. A particular emphasis is given to the nineteenth and twentieth centuries when Russian literature achieved world-wide recognition through the works of writers such as Pushkin, Dostoevsky, Tolstoy, Chekhov, Nabokov and Solzhenitsyn. Covering a range of subjects including women's writing, Russian literary theory, socialist realism and migrant writing, leading international scholars open up the wonderful diversity of Russian literature. With recommended lists of further reading and an excellent up-to-date general bibliography, *The Routledge Companion to Russian Literature* is the perfect guide for students and general readers alike. *Handbook of Russian Literature* Victor Terras, 1985-01-01 Profiles the careers of Russian authors, scholars and critics and discusses the history of the Russian treatment of literary genres such as drama, fiction and essays. **Romanticism in National Context** Roy Porter, Mikulas Teich, 1988-05-27 Special emphasis is placed on the interplay between Romantic culture and social, political and economic change in this study of the course of Romanticism in various European countries. *The Ardis Anthology of Russian Romanticism* Christine Rydel, 1984 V.F. Odoevsky Neil Cornwell, 2015-11-19 Odoevsky 1804-1869 was a leading writer, musicologist, popular educator and public servant in Russia, close to the major historical events of his period and acquainted with many of the leading personalities from Pushkin to Glinka to Turgenev, Tolstoy and Tchaikovsky as well as Berlioz and Wagner. Based upon published and unpublished sources in Russia and the West, Cornwell paints a portrait of one of Russia's central figures, though little known in the West. **The Society Tale in Russian Literature**, 2023-12-14 This collection of essays is the first book to appear on the society tale in nineteenth century Russian fiction. Written by a team of British and

American scholars the volume is based on a symposium on the society tale held at the University of Bristol in 1996 The essays examine the development of the society tale in Russian fiction from its beginnings in the 1820s until its subsumption into the realist novel later in the century The contributions presented vary in approach from the text or author based study to the generic or the sociological Power gender and discourse theory all feature strongly and the volume should be of considerable interest to students and scholars of nineteenth century Russian literature There are essays covering Pushkin Lermontov Odoevsky and Tolstoi as well as more minor writers and more general and theoretical approaches *Russian Romantic Criticism* Lauren G. Leighton, 1987 This scholarly work contains the best and most representative critical essays by leading Russian Romantic writers from the period 1815 to 1835 with the information needed to make them meaningful The editor has provided names dates events literary and critical subjects and heretofore unknown facts about the Romantic movement in Russia and the influence of European thought on the development of Russian culture **Russian Nights** Vladimir Fedorovich Odoevsky, 1997-03-20 *Russian Nights* Vladimir Fedorovich Odoevsky's major work is of great importance in Russian intellectual history This captivating novel is the summation of Odoevsky's views and interests in many fields Gothic literature romanticism mysticism the occult social responsibility Westernization utopia and anti utopia Compared variously to *The Decameron* to Hoffman's *Serapion Brethren* and the Platonic dialogues *Russian Nights* is a mixture of genres a series of romantic and society tales framed by Odoevsky's musings on the main strands of Russian thought of the 1820s and 1830s This is a unique work of Russian literature and a key sourcebook for Russian romanticism and Russian social and aesthetic thought of its epoch *Encyclopedia of the Romantic Era, 1760-1850* Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism **Worlds Apart** Alexander Levitsky, 2008-07-29 Discover some curiosities and some genuinely fascinating powerfully resonant works in this Book Riot 50 Must Reads of Slavic Literature selection Kirkus Reviews A constant thread woven throughout the history of Russian literature is that of fantasy and an escape from the bounds of realism *Worlds Apart* is the first single volume anthology that explores this fascinating and dominant theme of Russian literature from its origins in the provincial folk tale through its emergence in the Romantic period in the tales of Pushkin Lermontov and Turgenev to its contemporary incarnation under the clouds of authoritarianism revolution mechanization and modernization with all new translations of the key literary masterpieces that reveal the depth and ingenuity of the Russian imagination as it evolved over a period of tumultuous political social and technological upheaval Alexander Levitsky perhaps the world's foremost expert on this genre has selected and provided engaging and informative

introductions to the selections that simultaneously represent the works of Russia's best authors and reveal the dominant themes of her history. The authors range from familiar figures Pushkin, Lermontov, Turgenev, Gogol, Dostoevsky, Bulgakov, and Bely to writers practically unknown outside the Slavic world such as Derzhavin, Bulgarin, Kuprin, and Pilniak. *Worlds Apart* is an awe-provoking anthology with a compelling appeal both to the fantasy enthusiast and anyone with an abiding interest in Russian history and culture.

The Gothic-Fantastic in Nineteenth-Century Russian Literature, 2023-12-18 The BRILL series *Studies in Slavic Literature and Poetics* occupies a unique place in the academic and intellectual book market due to its emphasis on theoretically informed and interdisciplinary approaches to the study of Slavic literatures and cultures. The series welcomes book proposals for monographs or edited volumes discussing questions of Slavic culture, identity, and history as expressed in literature, film, and other forms of cultural production. Authors are cordially invited to submit proposals and/or full manuscripts to the publisher at BRILL, Masja Horn.

The Salamander and Other Gothic Tales Владимир Фёдорович Одоевский (князь), 1992. *The Salamander and Other Gothic Tales* contains eight stories by Vladimir Odoevsky, 1804-69. These include *The Salamander*, *The Cosmorama*, and *The Sylph*. Odoevsky's three main metaphysical tales. The collection as a whole represents some of the best of Russian Romantic fiction from the first half of the nineteenth century. This is the first English edition of Odoevsky's work to be published since 1965, and six of the tales are here translated for the first time.

Alexander Bestuzhev-Marlinsky and Russian Byronism Lewis Bagby, 2010-11-01. *Russian Romantic Fiction* John Mersereau, 1983. Russian fiction was born in the age of Pushkin, and in a remarkably short period of time the Russian novel became one of the glories of world literature. This book tells part of the story of how this happened. Of course, Pushkin, Gogol, and Lermontov are the primary figures of the Romantic era, and Mr. Mersereau devotes many pages to them. But it is the context of their works which is the main subject of this history: the entire development of Russian prose from the start of the 19th century until 1852. This background makes the appearance of such masterpieces as *Dead Souls*, *A Hero of Our Time*, *The Captain's Daughter*, and *The Queen of Spades* more understandable, but none the less amazing. Page 4 of cover.

Exhibited by Candlelight, 2022-05-20. *Exhibited by Candlelight: Sources and Developments in the Gothic Tradition* focuses on a number of strands in the Gothic. The first is Gothic as a way of looking: Paintings used as reference points, tableaux, or the Hammer Studios visualizations of *Dracula* present ways of seeing which are suggestive and allow the interplay of primarily sexual passions. Continuity with the past is a further strand which enables us to explore how the sources of the Gothic are connected with the origin of existence and of history, both individual and general. Here the Gothic offers a voice for writers whose perceptions do not fit into those of the dominant group, which makes them sensitive both to psychological and social gaps. This leads to an exploration of the very idea of sources and an attempt to bridge the gaps as can be observed in the variety of epithets used to clarify the ways that Gothic works, ranging from heroic gothic to porno gothic. This takes the reader to the main core of Gothic, a genre which is always ready to admit new forms of the unreal, to enter and change.

whatever has become mainstream literature and a way of reading and a mode profoundly affecting the reading experience
The Gothic mode cultivates its wicked ways in literature working through it as a leavening yeast

Immerse yourself in the artistry of words with Crafted by is expressive creation, Discover the Artistry of **Russian Romantic Prose An Anthology** .
