**Gordon M. Hahn**

## **Russia's 1996 Presidential Election:**

**Russia's 1996 Presidential Election: The End of Polarized Politics** Michael McFaul, 1997      **Russia's Unfinished Revolution** Michael A. McFaul, 2015-05-15

For centuries dictators ruled Russia. Tsars and Communist Party chiefs were in charge for so long some analysts claimed Russians had a cultural predisposition for authoritarian leaders. Yet as a result of reforms initiated by Mikhail Gorbachev new political institutions have emerged that now require election of political leaders and rule by constitutional procedures. Michael McFaul traces Russia's tumultuous political history from Gorbachev's rise to power in 1985 through the 1999 resignation of Boris Yeltsin in favor of Vladimir Putin. McFaul divides his account of the post-Soviet country into three periods: the Gorbachev era (1985-1991), the First Russian Republic (1991-1993), and the Second Russian Republic (1993-present). The first two were, he believes, failures: failed institutional emergence or failed transitions to democracy. By contrast, new democratic institutions did emerge in the third era, though not the institutions of a liberal democracy. McFaul contends that any explanation for Russia's successes in shifting to democracy must also account for its failures. The Russian Soviet case, he says, reveals the importance of forging social pacts; the efforts of Russian elites to form alliances failed, leading to two violent confrontations and a protracted transition from communism to democracy. McFaul spent a great deal of time in Moscow in the 1990s and witnessed firsthand many of the events he describes. This experience, combined with frequent visits and unparalleled access to senior Russian policymakers and politicians, has resulted in an astonishingly well-informed account. *Russia's Unfinished Revolution* is a comprehensive history of Russia during this crucial period.

**Russia's Revolution from Above 1985-2000** Gordon M. Hahn, Relying on a wealth of detailed institutional policy and elite information, Hahn presents a magisterial study that fills a significant void in our understanding of the USSR's destruction. While readers may at times feel overwhelmed, readers are presented with a conceptual approach that can be useful for appreciating ongoing institutional changes and often subtle elite maneuverings in the post-Soviet era. John P. Willerton, University of Arizona. This is a big book in all respects, weighty both in size and scholarship. The core is a meticulous analysis of the perestroika period of the Soviet Union (1985-91), followed by a concluding general chapter that applies the earlier analysis to post-Communist Russia (1992-2000). The work is based on years of painstaking analysis, considerable archival research, and numerous interviews. *The Russian Review*. This is an important book with a number of substantive strengths. *Slavic Review*. The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century. The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland, Hungary, or Latin America. It was not primarily the result of social modernization, the rise of a new middle class, or of national liberation movements in the non-Russian union republics. Instead, as Gordon Hahn argues, the Russian transformation was a bureaucrat-led, state-based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic.

RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars Gordon M Hahn is visiting scholar at the Hoover Institution Stanford University His articles on Soviet and Russian politics have appeared in Europe Asia Studies Problems of Post Communism Russian Review and Russian History Histoire Russe [The Communist Party in Post-Soviet Russia](#) Luke March,2002 This pioneering analysis uses the results from the first ever Irish election study to provide a comprehensive survey of the motives outlook and behaviour of voters in the Republic of Ireland Building on the foundations laid down by previous work on comparative electoral behaviour it explores long term influences on vote choice such as party loyalties and enduring values as well as short term ones such as the economy the party leaders and the candidates themselves It also examines how people use their vote and why so many people do not vote at all Many features of Irish elections make such a detailed study particularly important The single transferable vote system allows voters an unusual degree of freedom to pick the candidates they prefer while electoral trends observed elsewhere can be found in a more extreme form in Ireland For example attachment to parties is very low differences between them are often obscure candidate profiles are very high and turnout is falling rapidly However Irish elections defy international trends in other respects most notably in the degree of personal contact parties and candidates make with their voters Findings are presented in a manner that is highly accessible to anyone with an interest in elections electoral systems and electoral behaviour The book is essential reading for anyone interested in Irish politics and is an important text for students of European Politics Parties and Elections Comparative Politics and Political Sociology **The 1999-2000 Elections in Russia** Vicki L. Hesli,William M. Reisinger,2003-08-18 Sample Text **The Tragedy of Russia's Reforms** Peter Reddaway,Dmitri Glinski,2001 Examines the collapse of the Soviet Union in 1991 and the birth of the Russian state focusing on Yeltsin s disastrous policies which brought on an economic collapse almost twice as severe as America s Great Depression **The Rhetorical Rise and Demise of "Democracy" in Russian Political Discourse, Volume 2** David Cratis Williams,Marilyn J. Young,Michael K.

Launer,2022-05-17 Post Soviet Russia in the 1990s saw a surge in civic participation The traditional power structure officially relinquished control of political rhetoric and a nascent civil society had begun to emerge Free elections and political partisanship between reformist and conservative elements of Russian society spurred on by Russia s economic troubles gave a Wild West tenor to public rhetoric that was reflected in the election campaigns of 1993 1995 and 1996 In this volume the authors examine through a series of contemporaneously written essays the arc of government rhetoric during the height of media freedom the quest for a new national identity and the struggle for self government **Russia After Communism**

Rick Fawn,Stephen White,2020-04-28 Russia s transition from communism holds great significance not only for itself but also for the wider world This collection of essays examines the spectrum of Russia s transition since 1991 considering not only the pattern of events but also what the changes have meant for Russians themselves **Unexpected Outcomes** Robert G.

Moser,2001-01-15 Can democratization be promoted by getting the institutions right In Unexpected Outcomes Robert G Moser offers a compelling analysis of the extent to which institutions can be engineered to promote desired political outcomes The introduction of democracy in Eastern Europe and the former USSR has enabled scholars to bring new perspectives to the debate about electoral systems Russia is arguably the most important of the postcommunist states and its mixed electoral system provides an interesting controlled experiment for testing the impact of different electoral systems Moser examines the effects of electoral systems on political parties and representation in Russia during the 1990s Moser s study is not only a highly original contribution to our understanding of contemporary Russian politics but also a significant step forward in the comparative study of electoral systems Through his comprehensive empirical analysis of Russian elections Moser provides the most detailed examination of a mixed electoral system to date This system was introduced in Russia to encourage party formation and benefit reformist parties allied with President Yeltsin However the effects were contrary to what the creators of the system expected and also defied the most well established hypotheses in electoral studies Parties proliferated under both the PR and plurality halves of the election and patterns of women and minority representation ran counter to prevailing theory and international experience With an epilogue that updates the study through the December 1999 elections Unexpected Outcomes makes an important and timely contribution to the ongoing debate over the ability and inability of elites to fashion preferred political outcomes through institutional design **Television,**

**Democracy and Elections in Russia** Sarah Oates,2006-08-21 Sarah Oates gives a detailed examination on a central theme in political science the relationship between democracy and the mass media This significant book contains a wealth of information and data including public opinion surveys content analysis of television news focus groups and in depth interviews to examine why political parties and the mass media failed so spectacularly to aid in the construction of a democratic system in Russia The analysis presents compelling evidence that television helped to tune out democracy as it served as a tool for leaders rather than a conduit of information in the service of the electorate or parties In addition focus

groups and surveys show that the Russian audience are often more comfortable with authority rather than truth in television coverage Within this framework this fascinating work presents the colourful history of parties elections and television during one of the most critical eras in Russian history and captures a particularly significant epoch in contemporary Russian politics

**Russia's Communists At The Crossroads** Joan Urban,2021-08-12 This book is about the evolution of the communist movement in the Russian Federation from the last years of the U S S R s existence through Russia s presidential elections of June July 1996 when the chief contenders were the incumbent president Boris N Yeltsin and his communist challenger Gennadii A Ziuganov Our main protagonist is the Communist Party of the Russian Federation or CPRF as it is commonly called But the CPRF was a latecomer to the post Soviet communist playing field Its formal establishment came only in February 1993 well after the formation of a number of more doctrinaire communist parties which initially competed with the CPRF and influenced its political profile and conduct in numerous if not always readily apparent ways All of these new Russian CPs emerged from the rubble of what had been the mighty and supposedly monolithic Communist Party of the Soviet Union CPSU On the Marxist Leninist political spectrum however the range of the official positions espoused by these post Soviet neocommunist groups was more comparable to that of the international communist movement as a whole in the post Stalin era than to the CPSU under Nikita S Khrushchev and Leonid I Brezhnev

**Russian Politics** Zoltan D. Barany,Robert G. Moser,2001-08-27 What went wrong in Russia s decade old post communist transition A group of leading young scholars answer this question by offering assessments of five crucial political arenas during the Yeltsin era elections executive legislative relations interactions between the central state and the regions economic reforms and civil military relations All of the contributors recognize that adverse historical legacies have complicated Russian democratization They challenge structural explanations that emphasize constraints of the pre existing system however and concentrate instead on the importance of elite decisions and institution building The authors agree that elites failure to develop robust political institutions has been a central problem of Russia s post communist transition The weakness of the state and its institutions has contributed to a number of serious problems threatening democratic consolidation These include the tensions between the executive and the legislature the frail infrastructure for successful market reform and the absence of proper civilian control over the armed forces

*The Russian People and Foreign Policy* William Zimmerman,2009-02-09 Since the fall of communism public opinion in Russia including that of a now more diverse elite has become a substantial factor in that country s policymaking process What this opinion might be and how it responds to American actions is the subject of this study William Zimmerman offers important and sometimes disturbing insight into the thinking of citizens in America s former Cold War adversary about such matters as NATO expansion Drawing on nearly a decade of unprecedented surveys he conducted with a wide spectrum of the Russian public he gauges the impact of Russia s opening on its foreign policy and how liberal democrats orient themselves to foreign policy He also shows that insights from the study of American foreign policy

are often portable to the study of Russian foreign policy attitudes As Zimmerman shows the general public which had a modest but real role in foreign policy decision making tended much more toward isolationism than did the predominant elites who steered Russia's foreign policy in the 1990s Interspersing smooth prose with a wide array of richly informative tables the book represents an invaluable opportunity to discern probable shifts in Russian foreign policy that domestic political changes would bring And it powerfully suggests that the West by forging its own policies toward Russia with more prudence can have a say in the outcome of the great choice facing Russia whether to forge ahead with democracy or slip back into authoritarianism

**Authoritarian Russia** Vladimir Gel'man, 2015-07-01 Russia today represents one of the major examples of the phenomenon of electoral authoritarianism which is characterized by adopting the trappings of democratic institutions such as elections political parties and a legislature and enlisting the service of the country's essentially authoritarian rulers Why and how has the electoral authoritarian regime been consolidated in Russia What are the mechanisms of its maintenance and what is its likely future course This book attempts to answer these basic questions Vladimir Gel'man examines regime change in Russia from the collapse of the Soviet Union in 1991 to the present day systematically presenting theoretical and comparative perspectives of the factors that affected regime changes and the authoritarian drift of the country After the fall of the Soviet Union Russia's national political elites aimed to achieve their goals by creating and enforcing of favorable rules of the game for themselves and maintaining informal winning coalitions of cliques around individual rulers In the 1990s these moves were only partially successful given the weakness of the Russian state and troubled post socialist economy In the 2000s however Vladimir Putin rescued the system thanks to the combination of economic growth and the revival of the state capacity he was able to implement by imposing a series of non democratic reforms In the 2010s changing conditions in the country have presented new risks and challenges for the Putin regime that will play themselves out in the years to come

*Japanese-Russian Relations Under Gorbachev and Yeltsin* Hiroshi Kimura, 2016-07-08 Why has the stalemate in Japanese Russian relations persisted through the end of the Cold War and Moscow's weakening control over its far eastern territories In this volume Kimura continues his comprehensive analysis of Russia and Japan's strained and unstable relations to the present day

[Russia Political Parties and Organizations Directory Volume 1 Strategic Information, Regulations, Contacts](#) IBP USA, **Russian-Belarusian Integration** Alex

Danilovich, 2018-02-06 Russian domestic politics has long been both labyrinthine and pragmatic at once both inordinately complex and breathtakingly dynamic The same can be said of Russia's foreign policy in particular in relations with former Soviet republics Any study of Russian foreign policy comes back to the intriguing question of why Russia long perceived as an inveterate imperial power would refuse to take back a handsome portion of its former empire a portion that offers a bridge to Europe and an advantageous geostrategic position Despite formal declarations Russia has made little progress in achieving union with its ex Soviet neighbour Belarus Linking Russia's foreign policy to its domestic politics Alex Danilovich clarifies this

paradox and explains why specific attempts to reunify Russia and Belarus failed contrary to the desires of significant forces on both sides and to certain theory based expectations *Political Parties in the Russian Regions* Derek S.

Hutcheson,2005-08-03 This book based on extensive original research in a range of Russian provinces examines political parties in the new Russia exploring in particular how party activism on the ground actually works in practice

Restructuring Post-Communist Russia Yitzhak Brudny,Jonathan Frankel,Stefani Hoffman,2004-06-21 Since the fall of the Soviet Union in 1991 the question of whether Russia has been the source of ceaseless speculation both at home and abroad In search of answers twelve highly qualified scholars examine the complex interplay between continuity and change that has marked developments in Russia under the leadership first of Boris Yeltsin and now of Vladimir Putin Analysing the recent past they also peer into the country s future In his introduction to the volume Peter Rutland asks whether we are witnessing the gradual entrenchment of parliamentary democracy the slow return to autocracy or mere political stagnation

Restructuring Post Communist Russia poses the fundamental questions while providing the information and analysis needed to give the at least preliminary answers *Political Cleavages* Alejandro Moreno,2019-06-04 In *Political Cleavages* Issues Parties and the Consolidation of Democracy Alejandro Moreno argues that the political split between authoritarian and democratic ideologies is the main determinant of party competition in less developed relatively new democracies That is political competition is drawn between those parties that propose to furthe

This is likewise one of the factors by obtaining the soft documents of this **Russias 1996 Presidential Election** by online. You might not require more period to spend to go to the book creation as capably as search for them. In some cases, you likewise accomplish not discover the publication Russias 1996 Presidential Election that you are looking for. It will utterly squander the time.

However below, next you visit this web page, it will be in view of that categorically simple to get as with ease as download guide Russias 1996 Presidential Election

### **Russias 1996 Presidential Election Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Russias 1996 Presidential Election has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russias 1996 Presidential Election has opened up a world of possibilities. Downloading Russias 1996 Presidential Election provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russias 1996 Presidential Election has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russias 1996 Presidential Election. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russias 1996 Presidential Election. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russias 1996 Presidential Election, users should also consider the potential

security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Russias 1996 Presidential Election has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Russias 1996 Presidential Election Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Russias 1996 Presidential Election is one of the best book in our library for free trial. We provide copy of Russias 1996 Presidential Election in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Russias 1996 Presidential Election. Where to download Russias 1996 Presidential Election online for free? Are you looking for Russias 1996 Presidential Election PDF? This is definitely going to save you time and cash in something you should think about.
