**Russia's Protectorates in Central Asia** Seymour Becker,2004-08-02 This book examines the Russian conquest of the ancient Central Asian khanates of Bukhara and Khiva in the 1860s and 1870s and the relationship between Russia and the territories until their extinction as political entities in 1924 It shows how Russia s approach developed from one of non intervention with the primary aim of preventing British expansion from India into the region to one of increasing intervention as trade and Russian settlement grew It goes on to discuss the role of Bukhara and Khiva in the First World War and the Russian Revolution and how the region was fundamentally changed following the Bolshevik conquest in 1919 20 The book is a re issue of a highly regarded classic originally published in 1968 and out of print for some years The new version includes a new introduction some corrections of errors and a survey of new work undertaken since first publication **Anglo-Russian**

M. Buyers,2003 Central Asia in Focus Political Economic Issues **Longman Companion to Imperial Russia, 1689-1917**

David Longley,2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period **The Russian Revolution and Civil War 1917-1921**

Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Soviet Nation-Building in Central Asia Grigol Ubiria,2015-09-16 The

demise of the Soviet Union in 1991 resulted in new state led nation building projects in Central Asia The emergence of independent republics spawned a renewed Western scholarly interest in the region s nationality issues Presenting a detailed study this book examines the state led nation building projects in the Soviet republics of Kazakhstan and Uzbekistan Exploring the degree forms and ways of the Soviet state involvement in creating Kazakh and Uzbek nations this book places

the discussion within the theoretical literature on nationalism The author argues that both Kazakh and Uzbek nations are artificial constructs of Moscow based Soviet policy makers of the 1920s and 1930s This book challenges existing arguments in current scholarship by bringing some new and alternative insights into the role of indigenous Central Asian and Soviet officials in these nation building projects It goes on to critically examine post Soviet official Kazakh and Uzbek historiographies according to which Kazakh and Uzbek peoples had developed national collective identities and loyalties long before the Soviet era This book will be a useful contribution to Central Asian History and Politics as well as studies of Nationalism and Soviet Politics      **Turkmenistan: Strategies of Power, Dilemmas of Development** Sebastien

Peyrouse,2015-02-12 This book is the first comprehensive introduction to contemporary Turkmenistan in English      *Essays on Central Asia* HB Paksoy, D. Phil., historical essays      **Globalizing Central Asia** Marlene Laruelle,Sebastien

Peyrouse,2015-02-12 In this global era Central Asia must be understood in both geo economic and geopolitical terms The region s natural resources compel the attention of rivalrous great powers and ambitious internal factions The local regimes are caught between the need for international collaborations to valorize these riches and the need to maintain control over them in the interest of state sovereignty Russia and China dominate the horizon with other global players close behind meanwhile neighboring countries are fractious and unstable with real potential for contagion This pathbreaking introduction to Central Asia in contemporary international economic and political context answers the needs of both academic and professional audiences and is suitable for course adoption      *Central Asia in the Era of Sovereignty* Daniel L.

Burghart,Theresa Sabonis-Helf,2018-03-16 After twenty five years of independence there is little doubt that the five Central Asian states will persist as sovereign independent states They increasingly differ from each other and are making their way in global politics No longer connected only to Russia they are now connected in important ways to Afghanistan South Asia China Iran and each other This volume covers a wide range of issues and presents the work of emerging scholars authors well known for their expertise in the region The first part addresses social issues Covering a wide range from HIV AIDs to social media the rebirth of Islam outmigration and problematic borders this section follows two main currents political development in the region and states responses to transboundary challenges The second part addressing economics and security provides analyses of new infrastructure informal economies from bazaars to criminal networks energy development the role of enclaves in the Ferghana Valley and the development of the states military structures This section illuminates the interactions between economic developments and security and the forces that could undermine both The final part comprised of five case studies offers a deeper dive into a specific factor that matters in the development of each Central Asian state These cases include Kazakhstan s foreign policy identity Kyrgyzstan s domestic politics Tajikistan s pursuit of hydropower foreign direct investment in Turkmenistan and the perception of everyday corruption in Uzbekistan      **The Political Economy of Reform in Central Asia** Martin C. Spechler,2008-04-23 This book examines the economic reforms and

**The Modernization of Inner Asia** Cyril Edwin Black, 1991 Inner Asia in premodern times the little known land of nomads and semi nomads has moved to the world's front page in the 20th century as the complex struggles for the future of Afghanistan Soviet Central Asia Tibet and other territories make clear But because Inner Asia as a whole is divided among several states politically and among area specialists academically broad perspectives on recent events are difficult to find This work treats the region as a single unit providing both an account of the region's past and an analysis of its present and its prospects in a thematic rather than a strictly country by country manner

**The Establishment of National Republics in Soviet Central Asia** A. Haugen, 2003-10-16 After almost four centuries of expansion the Russian Empire at the beginning of the 20th century covered vast territories on the Eurasian continent and included an immensely diverse population How was the new Russian regime to deal with the complexity of its population This book examines the role of nation and nationality in the Soviet Union and analyzes the establishment of national republics in Soviet Central Asia It argues that the originally nationally minded Soviet communists with their anti nationalist attitudes came to view nation and national identity as valuable tools in state building

**Tashkent** Paul Michael Stronski, 2010-09-19 Paul Stronski tells the fascinating story of Tashkent an ethnically diverse primarily Muslim city that became the prototype for the Soviet era reimagining of urban centers in Central Asia Based on extensive research in Russian and Uzbek archives Stronski shows us how Soviet officials planners and architects strived to integrate local ethnic traditions and socialist ideology into a newly constructed urban space and propaganda showcase The Soviets planned to transform Tashkent from a feudal city of the tsarist era into a flourishing garden replete with fountains a lakeside resort modern roadways schools hospitals apartment buildings and of course factories The city was intended to be a shining example to the world of the successful assimilation of a distinctly non Russian city and its citizens through the catalyst of socialism As Stronski reveals the physical building of this Soviet city was not an end in itself but rather a means to change the people and their society Stronski analyzes how the local population of Tashkent reacted to resisted and eventually acquiesced to the city s socialist transformation He records their experiences of the Great Terror World War II Stalin s death and the developments of the Krushchev and Brezhnev eras up until the earthquake of 1966 which leveled large parts of the city Stronski finds that the Soviets established a legitimacy that transformed Tashkent and its people into one of the more stalwart supporters of the regime through years of political and cultural changes and finally during the upheavals of glasnost
