Ryse Regain Your Self Esteem:

Ryse Brahim Derder, 2001-02-22 Developing or regaining your self esteem basically requires you to follow some simple steps The first step is very essential believe that you are as good as the next person that you are an EQUAL equipped with ALL THE TOOLS everybody else has a brain a body a spirit and the whole nine yards Some people think that self esteem confidence courage and other human characteristics are born with us In other words some people had them from birth The fact of the matter is that all human characteristics are learned after birth Self esteem is a major part of any human being he or she learns as he she grows This process of learning by definition makes self esteem a skill that can be learned and developed This is good news for all of us even for the completely stripped of self esteem or the one of us with a low self esteem because we can develop our self esteem like we develop any skill For 25 years I have been observing interacting with people and researching their behavior I came to the conclusion that indeed there are major differences between people who are happy and those who are unhappy between those who are successful and those who are not between those who are confident and those who are always in doubt of themselves Regain Your Self Esteem RYSE is the result of these 25 years experience which will show you how to become self confident assertive happy successful and live the rest of your life at its best Yes you can if you believe you can Individual and Organizational Success or Failure Brahim Derder, 2002-02-27 Do you want to be successful or are you scared of success Are you perfect Do you know anyone who is perfect Do you think you can improve and be happier more successful and a better person Do you know anyone who had the courage to get what he or she wanted in life by daring to change directions in life Do you have the courage to be successful in your life Are you afraid of success Did you ever wonder why some people keep doing the same things usually mistakes that keep them failures even though success can be theirs if they only acted differently This book shows you how to be successful and embrace it with courage Life is a simple system you were born raised and when you reached school age you attended classes and learned a system of reading and writing and perhaps you majored in some field That is all good but those things things you learned in school are only basic and raw tools Life has its own rules and secrets that this book will unravel and show you all you to know It is up to you not your teachers or bosses or your parents or anyone else to act and make your life a success and get you what you want from it because nobody else will hand it to you You can do it Just start today and right now good things will happen for people who try Good things will happen for you **Our Inner Ocean** LeCain W.
