Achieving Peace in the Abortion War Ph. D. Rachel M. Macnair, 2008-12 Elections come and go and outcomes depend on events and characters out of the control of any single movement The United States downward trend in abortions however has happened steadily through both Democrat and Republican administrations There are several reasons to believe this is likely to continue The fragility of abortion practice in the United States is

becoming increasingly clear People in other countries may also find useful information in the principles explained here The real life experience of doctors and nurses involved in providing abortion show that they are a weakening link in the abortion chain and this book explains reasons why this is so that depend more on psychology than politics There is also a vital opportunity in understanding the human mind s drive for consistency and its link to behavior When knowing about how abortion practice has begun collapsing people find it safer to hear the case against it and to act in a more constructive way toward the genuine needs of pregnant women The social and psychological dynamics of performing and defending abortions offer many opportunities for stopping widespread feticide The more we understand these the more effective we can be as peacemakers in the abortion war

Reilly,2015-09-05 Why are Americans being forced to consider homosexual acts as morally acceptable Why has the US Supreme Court discovered a constitutional right to same sex marriage which until a decade ago was unheard of in the history of Western or any other civilization Where has the gay rights movement come from and how has it so easily conquered America The answers are in the dynamics of the rationalization of sexual misbehavior The power of rationalization the means by which one mentally transforms wrong into right drives the gay rights movement gives it its revolutionary character and makes its advocates indefatigable The homosexual cause moved naturally from a plea for tolerance to cultural conquest because the security of its rationalization

requires universal acceptance In other words we all must say that the bad is good At stake in the rationalization of homosexual behavior is reality itself which is why it will have consequences that reach far beyond the issue at hand Already America s major institutions have been transformed its courts its schools its military its civic institutions and even its diplomacy The further institutionalization of homosexuality will mean the triumph of force over reason thus undermining the very foundations of the American Republic The Unholy Trinity Matt Walsh,2017 According to Walsh for years conservatives have worried endlessly about peripheral issues while liberals have been hard at work chipping away at the bedrock of our civilization and putting a new foundation in its place New attitudes on abortion gay marriage and gender identity threaten to become culture defining victories for progressives radically altering not just our politics but dangerously placing Man above God and the self above the good of the whole Amazon com Pagan Threat Lucas Miles,2025-09-16 A fearless warrior for Christ Lucas is a man built to stand for the truth in a time of great apostasy Don t just read PAGAN THREAT internalize what it has to say Then share its message with your Christian friends before they are seduced by Paganism themselves We have a faith and a country to save CHARLIE KIRK THERE IS A RISING PAGAN THREAT TO THE CHURCH AND AMERICAN WAY OF LIFE The world does not need a Christianity of convenience or cultural compliance it needs a Christianity that is fervent passionate and unapologetically true For only when we believe with all our hearts that Christ is the way the truth and the life only when we are convinced that the Gospel is not just a set of doctrines but the living breathing power of God will we have the courage to stand against the forces of Paganism PASTOR LUCAS MILES Pastor Lucas Miles bestselling author of Woke Jesus The False Messiah Destroying Christianity delves into the alarming resurgence of pagan ideologies within the United States posing significant threats to the church the nation and the world Unveiling the complex interplay between ancient beliefs and modern society PAGAN THREAT CONFRONTING AMERICA S GODLESS UPRISING meticulously exposes the inherent dangers that challenge the core fabric of our faith and civic unity From exposing an evolving techno paganism to blatant idol worship Pastor Miles navigates the intricate terrain of safeguarding the nation and the pulpit against the rising tide of paganism PAGAN THREAT serves as an insightful guide a warning and a call to action urging readers to understand confront and ultimately fortify the foundations of their faith and the principles that define our great nation and is a necessary work to prepare God s people for what comes next in a society experiencing moral and spiritual decline PAGAN THREAT aims to shed light on how the ancient and the modern have converged in ways that threaten both the church and the broader fabric of our society The connection between Woke ideology and Paganism is not merely a coincidence but a natural progression Behind the emphasis on identity politics intersectionality and radical inclusivity within Wokeism lies centuries old ancient Pagan ideologies Pastor Lucas Miles does more than diagnose the threats we face he aims to equip and inspire us to rise to the challenge and invites readers to embark on an adventure of spiritual awakening To seek the guidance of the Holy Spirit embrace the transformative power of revival and stand resolute

Scott Hahn makes the startling claim that our society's ills and its cures are rooted in whether we reject or accept the divine graces made available through the Sacrament of Holy Matrimony. Man, he argues, is social in his very nature. We were created for community. As it was in the beginning, so it remains today. The family formed through the Sacrament of Matrimony is the most basic building block of every society, whether we like it or not. We've corrupted marriage, and so we have a corrupt society. If we get marriage right, our society through God's grace will flourish. This is so because Matrimony, like all the sacraments, heals and elevates human nature. Without marriage, our ambitions toward a just social order will remain forever foolhardy. With it, the seemingly impossible, a truly peaceful and humane civilization becomes possible.

Sex and the Catholic Feminist Sue Ellen Browder, 2020-05-06. In *Sex and the Catholic Feminist*, Browder challenges the notion that you can't be a feminist and believe in God. She echoes John Paul II's call for Catholics to embody a new feminism, a radical new view of women's dignity. Her goal in this book is to follow one golden thread of feminism in America: the pro-life thread. To show why it has been ignored by the media and left out of public conversation for fifty years. For Browder, the pro-life movement is about more than abortion and contraception; it's about loving and respecting all human life. While tracing the history of feminism in America, Browder discovered at the core of these various feminist movements a search for personhood. Where do women place their identity and find their fulfillment? Browder ultimately concludes that in our noisy consumerist society, placing one's identity anywhere other than in God will prove disappointing and unfulfilling. My hope is that some thoughts presented here will spark a new conversation and help heal one of the deepest political divisions in our nation.

Sue Ellen Browder, *Abortion and Martyrdom*. Aidan Nichols, 2002. The horror presented by the increasing institutionalisation of abortion in contemporary society poses some of the strongest moral and theological questions of our time. The innocent suffering of children killed in the womb raises fundamental questions. This book explores issues raised by the place of these children in the plan of Salvation.
