

# Sacramental Theology for a Modern and Future World

The Seven Sacraments in History  
and in The Christian Community

Michael Debus

# Sacramental Theology

**Kenan B. Osborne**

## **Sacramental Theology:**

**Sacramental Theology** Herbert Vorgrimler, 1992 Both resistance to and renewed interest in the sacraments mark current theological thought This work acknowledges human limitations of the sacraments but stresses that God's relationship to human beings cannot be other than sacramental Sacramental structures and events constitute salvation history and thus permeate all theology What makes this sacramental view comprehensible is faith faith is an indispensable precondition for a sacramental theology Therefore the author first demonstrates the preconditions of faith on which sacramental theology rests and what place it holds within the whole of theology Following this he briefly presents the concept of sacraments and the history of that concept the teachings of Church tradition on sacraments in general and the basic features of a sacramental theology Next he explains from a theological perspective the traditional sacraments of the Catholic Church including related topics such as indulgences and sacramentals

**The Oxford Handbook of Sacramental Theology** Hans Boersma, Matthew Levering, 2015-08-06 As a multi faceted introduction to sacramental theology the purposes of this Handbook are threefold historical ecumenical and missional The forty four chapters are organized into the following parts five parts Sacramental Roots in Scripture Patristic Sacramental Theology Medieval Sacramental Theology From the Reformation through Today and Philosophical and Theological Issues in Sacramental Doctrine Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church's practice In Scripture and the early Church Orthodox Protestants and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox Protestants and Catholics today affirm as the foundation of their own faith and practice Thus for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions this Handbook provides an introduction As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook it is not thereby without ecumenical and missional value This book evidences that the story of the Christian sacraments is despite divisions in interpretation and practice one of tremendous hope

**An Introduction to Catholic Sacramental Theology** Alexandre Ganoczy, 2008-04-01 Ganoczy provides a complete overview of the history of Catholic sacramental theology and a clear explanation of contemporary theological developments The classical teaching of the Council of Trent and its later theological formulations are compared to the new theological language of the Second Vatican Council and the personalist theologies of modern thinkers such as Karl Rahner and Edward Schillebeeckx Introduction to Catholic Sacramental Theology moves clearly from 1 a sketch of the historical development of the sacramental concept to 2 the basic elements in a general theory of the sacraments to 3 discussion of the individual sacraments In the last chapter the author introduces his own expanded understanding of the sacraments Using the concepts of modern communication theory he envisions the sacraments as events of communication in the life of the concrete faith

community in which each sacrament has its own particular form and purpose      *Sacramental Theology* Kenan B. Osborne, 1988 A general introduction to the whole study of sacraments that analyzes them from the perspective of the sacrament that is Christ and the Church Ecumenical in its presentation it sets out the complete teaching of the Roman Catholic Church and relates this to a wide range of Anglican and Protestant thought as well The author brings together the teaching of Vatican II on the sacraments with the rich tradition of sacramental theology through the centuries

Introduction to Sacramental Theology Jose Granados, 2021-06-18 Introduction to Sacramental Theology presents a complete overview of sacramental theology from the viewpoint of the body This viewpoint is supported in the first place by Revelation for which the sacraments are the place where we enter into contact with the body of the risen Jesus It is a viewpoint secondly which is firmly rooted in our concrete human bodily experience thus allowing for a strong connection between faith and life creation and redemption From this point of view the treatise on the sacraments occupies a strategic role For the sacraments appear not as the last of a series of topics after dealing with Creation Christ the Church but as the original place in which to stand in order to contemplate the entire Christian mystery This point of view of the body which resonates with contemporary philosophy sheds fruitful light on classical themes such as the relationship of the sacraments with creation the composition of the sacramental sign the efficacy of the sacraments the sacramental character the role of the minister or the relationship of the sacrament with the Church as a sacrament As a result of this approach the Eucharist takes on a central role since this is the sacrament where the body of Jesus is made present The rest of the sacraments are seen as prolongations of the eucharistic body so as to fill all the time and space of the faithful This foundation of the theology of the sacraments in eucharistic theology is supported by an analysis of the patristic and medieval tradition In order to support its conclusions Introduction to Sacramental Theology examines the doctrine of Scripture especially St John and St Paul the main patristic and medieval authors St Augustine Hugh of St Victor St Bonaventure St Thomas Aquinas the response of Trent to the protestant challenges up to modern authors such as Scheeben Rahner Ratzinger or Chauvet including the teaching of Vatican II about the Church as a kind of sacrament      **Sacramentality Renewed** Lizette Larson-Miller, 2016 Tracing developments in sacramental theology over the past twenty five years this study explores a growing ecumenical dynamism in both the academic study of sacramentality and its centrality in pastoral applications But how does ecumenical excitement in a renewed discovery of sacramental theology fit with different theologies of church and different pastoral beliefs and practices How does the universality of academic accessibility in the form of an expansive ecumenical sharing of perspectives meet the particularities of pastoral reality and ecclesial polity Arguing in favor of fruitful ecumenical conversation this book also focuses on the crucial interaction of ecclesiology liturgical practice and sacramentality which raises the need for a creative tension between the particularities of a given ecclesial system and the catholicity of Christian sacramentality Using Anglican sacramental theologies and Anglicanism as vehicles of exploration this study contributes to an

overview of the state of the field of sacramental theology in the twenty first century while challenging the assumption that one size fits all In sacramental theology as in other important areas of Christian life unity in diversity may be the basis for authentic lived sacramentality

Deconstructing Sacramental Theology and Reconstructing Catholic Ritual Joseph Martos, 2015-05-12 Catholic sacramental doctrine has lost much of its credibility Baptized people leave the church adolescents stop attending shortly after they are confirmed supposedly indissoluble marriages regularly dissolve few go to confession and many do not believe in transubstantiation Drawing upon his decades long study of the sacraments Martos reveals how teachings that seemed rooted in the scriptures and Catholic life have become unmoored from the contexts in which they arose and why seemingly eternal truths are actually historically relative After carefully constructing Catholic teaching from the church's own documents he deconstructs it by demonstrating how biblical passages were misconstrued by patristic authors and how patristic writings were misunderstood by medieval scholastics The long process of misinterpretation culminated in the dogmatic pronouncements of the Council of Trent which continues to dominate Catholic thinking about the church's religious ceremonies If the sacraments are released from their dogmatic baggage Martos believes that the spiritual realities they symbolize can be celebrated in any human culture without being tied to their traditional rites

Christian Theologies of the Sacraments Justin S. Holcomb, David A. Johnson, 2017-07-25 Delves into the ancient debate regarding the nature and purpose of the seven sacraments What are the sacraments For centuries this question has elicited a lively discussion and among theologians and a variety of answers that do anything but outline a unified belief concerning these fundamental ritual structures In this extremely cohesive and well crafted volume a group of renowned scholars map the theologies of sacraments offered by key Christian figures from the Early Church through the twenty first century Together they provide a guide to the variety of views about sacraments found throughout Christianity showcasing the variety of approaches to understanding the sacraments across the Catholic Protestant and Orthodox faith traditions Chapters explore the theologies of thinkers from Basil to Aquinas Martin Luther to Gustavo Guti rrez Rather than attempting to distill their voices into a single view the book addresses many of the questions that theologians have tackled over the two thousand year history of Christianity In doing so it paves the way for developing theologies of sacraments for present and future contexts The text places each theology of the sacraments into its proper sociohistorical context illuminating how the church has used the sacraments to define itself and its congregations over time The definitive resource on theologies of the sacraments this volume is a must read for students theologians and spiritually interested readers alike

**General Principles of Sacramental Theology** Roger W. Nutt, 2017 General Principles of Sacramental Theology addresses a current lacuna in English language theological literature Bernard Leeming's highly respected book Principles of Sacramental Theology was published more than sixty years ago Since that time there has been a noted decrease especially in English language sacramental theology in treatments of the basic topics and principles such as the nature of the sacraments

of signs sacramental grace sacramental character sacramental causality sacramental intention the necessity and number of the sacraments sacramental matter and form inter alia which apply to all of the sacraments This book will be of use in seminary graduate and undergraduate courses The sacraments play an irreplaceable role in pursuing a Universal Call to Holiness that is so central to Vatican II's teaching     The Sacraments Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments.org](http://www.TheSacraments.org)     **Signs of Freedom** German Martinez, 2003 Modern secular culture has severely eroded the religious foundations on which traditional sacramental practice was based Built upon the sacramental bedrock the very Christian identity and mission were affected German Martinez looks at this challenge from the perspective of freedom as an opportunity to develop a sacramental worldview relevant to the new millennium To this effect he applies a series of methodologies and fresh pastoral approaches to the highly complex sacramental reality and to each individual sacrament Beginning with ten key interpretative elements he offers a coherent synthesis of the remarkable development of sacramental theology in our time Envisioned for both scholarly research and pastoral ministry this book presents the key issues of a renewed sacramentality rooted in ordinary life and celebrated in the liturgical mystery This theology is grounded in a biblical patristic historical and theological background It tries to articulate especially the Christological ecclesial individual and social aspects of the celebration of the sacraments as a dynamic and organic whole emphasizing their spirituality The material is organized into four parts the Sacramental Way of Life the Initiation and Foundational Church the Healing Church the Church at the service of Communion Highlights scholarly yet pastorally sensitive perfect text for courses on the sacraments solid one volume comprehensive text     Rediscovering Aquinas and the Sacraments Matthew Levering, Michael Dauphinais, 2009     **Principles of Sacramental Theology** Bernard Leeming, 1960     *Christian Sacraments in a Postmodern World* Kenan B. Osborne, 1999 Radically rethinks sacramental life and theology from the standpoint of postmodern philosophy     **Symbol and Sacrament** Michael G. Lawler, 1995 In this comprehensive study Michael Lawler incorporates the insights of philosophy anthropology biblical and liturgical studies to fashion a theology of sacraments as prophetic symbols Reflecting on each of the sacraments he presents the significant biblical data highlights important

historical shifts and notes contemporary revisions of the sacramental rites and current theological developments With an excellent command of the sources and employing insights of contemporary sacramental theology Michael Lawler develops a theology of the sacraments which seeks to respond to the many pressing pastoral issues of today      **Practical Sacramental Theology** Bruce T. Morrill, 2021-09-09 What motivates practice of the liturgy and sacramental rites of the church Does the worship of God begin and end within each ritual enactment or does the truth and value of sacramental celebration reside in the broader context of Christian life in church and society For more than two decades prominent Jesuit sacramental liturgical theologian Bruce Morrill has explored the promise and problems inherent in the Second Vatican Council's call to renew liturgy's basic purpose namely the glorification of God and the sanctification of people Morrill's fundamental argument is that this ancient Christian principle is of a piece that divine glory and human holiness are so to speak two sides of a single coin The value of liturgy and sacraments is depleted if not lost unless they function within a holistic practice of faith that seeks the upbuilding of ethical lives personal and social With numerous real life examples plus references to current sociological studies the chapters address both modern challenges to and biblical and traditional resources for the celebration of sacramental rites today      An Introduction to Catholic Sacramental Theology Alexandre Ganoczy, 2008-04-01 Ganoczy provides a complete overview of the history of Catholic sacramental theology and a clear explanation of contemporary theological developments The classical teaching of the Council of Trent and its later theological formulations are compared to the new theological language of the Second Vatican Council and the personalist theologies of modern thinkers such as Karl Rahner and Edward Schillebeeckx Introduction to Catholic Sacramental Theology moves clearly from 1 a sketch of the historical development of the sacramental concept to 2 the basic elements in a general theory of the sacraments to 3 discussion of the individual sacraments In the last chapter the author introduces his own expanded understanding of the sacraments Using the concepts of modern communication theory he envisions the sacraments as events of communication in the life of the concrete faith community in which each sacrament has its own particular form and purpose      Sacraments Ray Robert Noll, 1999 Firmly rooted in the tradition of the Church and some of the best scholarship of the past 40 years Noll explores the sign meaning and experience of each of the seven sacraments in the church Included is a CD ROM containing articles and passages by some of today's key sacramental theologians      The Oxford Handbook of Sacramental Theology Hans Boersma, Matthew Levering, 2015 This Handbook introduces the theology of the sacraments from a variety of perspectives It contains historical overviews biblical discussion philosophical and theological reflection as well as ecumenical discussion It is one of the most comprehensive overviews of the sacraments throughout the tradition of the Christian church
