Sacraments In A World Of Change:

The sacraments in a world of change Joseph M. Champlin, 1971 **Christian Sacraments in a Postmodern World**
Kenan B. Osborne, 1999 Radically rethinks sacramental life and theology from the standpoint of postmodern philosophy

Celebrating Sacraments Joseph Stoutzenberger, 2000 Discusses the seven sacraments of the Catholic faith and how God communicates through the people places and experiences that shape a person's life *Honest Rituals, Honest Sacraments* Joseph Martos, 2017-12-28 Honest rituals are ceremonial actions that celebrate what is actually happening in people's lives Religious rituals however often celebrate beliefs and doctrines e.g. the birth of Christ God's forgiveness of sins or the gifts of the Holy Spirit that have little to do with people's experience Martos argues that early Christian rituals were grounded in experiences such as conversion community commitment and self-giving Lacking a vocabulary to name such experiences the authors of the New Testament and other early documents resorted to metaphors such as baptism into Christ receiving the Holy Spirit forgiveness by God and the presence of Christ during worship By the fourth century however those metaphors were taken to be unexperienced metaphysical realities rather than experienced realities The medieval schoolmen developed philosophical explanations of what went on in church rituals and the Catholic Church continues to teach that its sacraments are automatically effective despite growing evidence to the contrary What if religious rituals were to regain their original authenticity What if the guiding value in designing church ceremonies was honesty rather than liturgical correctness After liberating the reader from doctrinal constraints Martos invites Catholics into a re-visioning of the traditional sacraments and a reawakening of ritual imagination in non-Western cultures **The Doctrine of the Sacraments in Relation to the Doctrines of Grace, as Contained in the Scriptures, Taught in Our Formularies, and Upheld by Our Reformers ... By an English Presbyterian [i.e. N. Dimock].** Doctrine, Nathaniel Dimcock, 1871 T&T Clark Handbook of Sacraments and Sacramentality Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory

comparative theology and disability studies The World as Sacrament Michael P Plekon,2017-03-24 Not a few figures writers poets activists teachers have focused on the presence of the Holy One in the ordinary on the many possibilities of worldly spirituality In this book pastor teacher and theologian Michael Plekon introduces us to several persons of faith from both the Western and Eastern Church traditions to illumine God s presence in everyday living the world as sacrament In this discovery of liturgy and life entwined Plekon shows how these lives and our own lives are texts about looking for and following God in everyday existence **Seven Sacraments for Everyone** Dale F. Coye,2014-03 Millions of Christians are abandoning their churches to become spiritual seekers but now find themselves adrift Without the church what do we believe in Where do we look for the Sacred in our lives The seed of an answer can be found in the Roman Catholic sacraments but with a shift in focus from rites and rituals to human experience It s not baptism it s the birth of a child that is holy It s not the wedding ceremony it s the sublime oneness we feel in the arms of our best beloved that lifts us into the realm of the Divine Seven Sacraments for Everyone maps the roads that lead to these out of this world experiences and into the heartland of the Sacred By acknowledging these moments of Mystery and teaching our children to respect them we will find the clues to a universal moral code on which to build a healthier more meaningful world **Introduction to Christian Worship** James F. White,2023-11-21 James White s classic Christian worship text revised and updated The book students of worship have read and re read is now revised and updated for the first time in more than twenty years Author Ed Phillips one of White s graduate students is joined by practitioners and teachers from emerging generations who contribute timely and well researched material from their own areas of expertise This new content brings the original up to date filling significant gaps since the original publication on topics like technology arts embodiment in and of worship pluralism and multiculturalism denominational changes and changes in the spaces and forms of worship including worship in the age of pandemics This new edition will take its place on the shelf of every student pastor and leader of Christian worship **Teaching as a Sacramental Act** Mary Elizabeth Moore,2004-11-01 Moore asserts that Christian vocation and the teaching vocation in particular can be best understood as sacramental mediating the grace of God through ordinary creation for the sanctification of human life and the well being of all creation She develops her argument through three important factors a historical theological analysis of the Christian sacraments and sacramentality a phenomenological study of teaching events and a description of six sacramental movements and corresponding teaching practices informed by Jewish Christian traditions and Eucharistic practices The nine detailed chapters include Searching for the Sacred Sacred Teaching Education as Sacrament Expecting the Unexpected Remembering the Dismembered Seeking Reversals Giving Thanks Nourishing Life Reconstructing Community and Repairing the World and Mapping the Future of Sacramental Teaching Teaching as a Sacramental Act is ideal for students pastors Christian educators spiritual directors and pastoral caregivers who want to rethink and reshape the teaching ministry of the church In Counterpoint Kristine Suna-Koro,2017-05-01 What does postcoloniality have to do with

sacramentality How do diasporic lives and imaginaries shape the course of postcolonial sacramental theology Neither postcolonial theorists nor sacramental theologians have hitherto sought to engage in a sustained dialogue with one another In this trailblazing volume Kristine Suna Koro brings postcolonialism diaspora discourse and Christian sacramental theology into a mutually critical and constructive transdisciplinary conversation Dialoguing with thinkers as diverse as Edward Said and Gayatri Spivak as well as Francis D Sa S J Martin Luther Mayra Rivera and John Chryssavgis the author offers a postcolonial retrieval of sacramentality through a robust theological engagement with the postcolonial notions of hybridity contrapuntality planetarity and Third Space While exploring the methodological potential of diasporic imaginary in theology this innovative book advances the notion of sacramental pluriverse and of Christ as its paradigmatic crescendo within the sacramental economy of creation and redemptive transformation In the context of ecological degradation In Counterpoint argues that it is vital for the postcolonial sacramental renewal to be rooted in ethics as a uniquely postcolonial fundamental theology

Lectures on the Church and the Sacraments Peter Taylor Forsyth, 1917

The World as Intention Louis Pope Gratacap, 1905

Church as Fullness in All Things Mark W. Birkholz, Jonathan Mumme, Richard J. Serina, Jr., 2019-06-25

What is Lutheran ecclesiology The Lutheran view of the church has been fraught with difficulties since the Reformation Church as Fullness in All Things reengages the topic from a confessional Lutheran perspective Lutheran theologians and clergy who are bound to the Holy Scriptures and the Lutheran Confessions explore the possibilities and pitfalls of the Lutheran tradition s view of the church in the face of contemporary challenges The contributors also take up questions about and challenges to thinking and living as the church in their tradition while looking to other Christian voices for aid in what is finally a common Christian endeavor The volume addresses three related types of questions faced in living and thinking as the church with each standing as a field of tension marked by disharmonized though perhaps not inherently opposite poles the individual and the communal the personal and the institutional and the particular and the universal Asking whether de facto prioritizations of given poles or unexamined assumptions about their legitimacy impinge the church Lutherans seek the volume closes with Anglican Reformed and Roman Catholic contributors stating what their ecclesiological traditions could learn from Lutheranism and vice versa

The Eucharist and World Hunger Izunna Okonkwo, 2011-12-21

Hunger is a menace in different parts of the globe It has more unnatural than natural causes Though efforts have been made towards alleviating its causes and consequences more actions still need to be taken for its genuine alleviation and eventual eradication in the world For Joseph Grassi painful hunger is a daily occurrence that must be countered by ongoing effective programs that enter into the lives of every Christian Such position not only recognises the frequency and excruciating nature of hunger but also suggests that Christians and other religious groups have a very important role to play in order to eradicate hunger and its devastating effects This book explores the nuances of hunger its causes dimensions and approaches as well as its connection to the Eucharist It argues that hunger can be eradicated and that the Eucharist stands out as a veritable model
