Brown,2006-10-10 Many books have been published in recent years on the topic of mahamudra or meditation on the fundamentally clear nature of the mind This book is different in the systematic way it draws from a variety of source texts in order to construct a complete graded path of practice informed by an understanding of the particular obstacles faced by meditators in the West Dan Brown is a clinical psychotherapist who has also spent much time evaluating the experiences of meditators on longterm retreats He knows the Tibetan literature on mahamudra meditation and has over thirty years of both personal meditation experience and observation of the experiences of others He co wrote with Ken Wilber and Jack Engler the book Transformations in Consciousness and he teaches an annual seminar on mahamudra meditation at the Esalen Institute Pointing Out the Great Way is a spiritual manual that describes the Tibetan Buddhist meditation known as mahamudra from the perspective of the gradual path The gradual path is a progressive process of training that is often contrasted to sudden realization As such this book contains a step by step description of the ways to practice precise descriptions of the various stages and their intended realizations and the typical problems that arise along with their remedies Simply put mahamudra meditation involves penetrative focus free of conceptual elaboration upon the very nature of conscious awareness A unique feature of this book is its integrative approach to the stages of mahamudra meditation A number of works on Buddhist meditation stages in general and mahamudra meditation in particular are already available in English yet none single text or commentary on the stages of mahamudra meditation captures the inner experience of these stages in sufficient detail to convey its richness This book represents the needed alternative by integrating material from a variety of root texts practical manuals *Society and the Holy in Late Antiquity* Peter Brown,1989-10-25 With the blend of art and learning that is the hallmark of his work Peter Brown here examines how the sacred impinged upon the profane during the first Christian millennium **Contemplative Prayer** David Foster,2015-05-07 A study of contemplative prayer in the context of contemporary discussions of religious experience and mysticism David Foster author of the bestselling Reading with God and Deep Calls to Deep Bloomsbury extends their discussion of contemplative prayer in terms of its philosophical framework Contrasting a traditional framework with one based on continental philosophy Foster explores a number of metaphysical and epistemological questions as well as the place of silence in a philosophy of language He defends traditional

insights of the mystical tradition including its underlying metaphysical realism religious experience as awareness of God and the role of apophatic discourse in mysticism arguing that the sense of God's absence can be a threshold of prayer *God Is Not a Boy's Name* Lyn Brakeman, 2016-03-02 Lyn Brakeman was among the first women to enter the ordination process in the Episcopal Church just after the General Convention voted in 1976 that women could be priests The bishop of her diocese had voted against ordaining women priests and hospitality towards female aspirants was guarded at best So why would a forty year old institutional naïf suburban housewife and mother of four enter such unfriendly territory to seek priestly ordination at a time when her personal life was in chaos Things would have been easier had she been a man and had she not read Betty Friedan not been headed for divorce and not engaged in sins beginning with a How did she manage to stay this course Brakeman offers no easy answers but tackles difficult issues addiction death and grief divorce the nature of priesthood church politics Christian feminism and Jesus the Christ with candor Her story is held together by her spiritual connection to the voice of God from within and her growing conviction that the nature of divinity is gender free hence theological language in sanctuary and classroom must reflect this truth in a balanced way *The Living Church*, 1998

The Death of Death Neil Gillman, 1997 Does death end life or is it the passage from one stage of life to another In *The Death of Death* noted theologian Neil Gillman offers readers an original and compelling argument that Judaism a religion often thought to pay little attention to the afterlife not only presents us with rich ideas on this subject but delivers a deathblow to death itself Combining astute scholarship with keen historical theological and liturgical insights Gillman outlines the evolution of Jewish thought about bodily resurrection and spiritual immortality Beginning with the near silence of the Bible on the afterlife he traces the development of these two doctrines through Jewish history He also describes why today somewhat surprisingly more contemporary Jewish scholars including Gillman have unabashedly reaffirmed the notion of bodily resurrection In this innovative and personal synthesis Gillman creates a strikingly modern statement on resurrection and immortality *The Death of Death* gives new and fascinating life to an ancient debate This new work is an intellectual and spiritual milestone for all of us interested in the meaning of life as well as the meaning of death

Redeeming Our Sacred Story Mary C. Boys, 2013 Stories of Jesus passion and death lie at the core of Christian identity They offer an encounter with his experience of the human condition betrayals by those closest to him his own fear of death uncertainty about God's will and the endurance of terrible suffering and an ignominious death From generation to generation these stories have functioned in sacred and saving ways for Christians Yet misinterpretations of the passion narratives have rationalized hostility to and violence against Jews as Christ killers This sacrilegious telling cries out for redemption Redeeming Christianity's sacred story requires respect even awe for its power demands rigorous examination of the history between Jews and Christians and the ethical obligation to be altered by this history and entails pursuing solid biblical scholarship principles for reinterpreting troubling texts and incorporation into Christian spirituality *Redeeming Our Sacred*

Story challenges us to forge more just relations between Jews and Christians It witnesses to the world that reconciliation is possible Back cover **Christ the Ideal of the Monk** Columba Marmion,1926 **Lectio Divina** Christine Valters
