Perversion of Power Mary Gail Frawley-O'Dea, 2007 Since 2002 the Roman Catholic Church has been in crisis over the sexual abuse of minors by priests and the cover up of those crimes by bishops Over 11 000 alleged victims have reported their experiences to the Church and more than 4 700 priests since 1950 have been credibly accused of sexually victimizing minors The Church has paid over one billion dollars to adults who claim to have been sexually abused by priests and there is no end in sight to these lawsuits Celibacy homosexuality in the priesthood the infiltration into the priesthood of secular moral relativism too much liberalism in the Church since Vatican II damaging rollback of Vatican II reforms by conservative prelates all have been suggested as causes for the crisis This book however begins with the premise that because the pattern of abuse and cover up was so similar across the world there is something fundamentally awry with Church traditions and power structures in relationship to sexuality and sexual abuse Specifically in chapters on suffering and sadomasochism bodies and gender desire and sexuality celibacy and homosexuality the author concludes that aspects of the Catholic theology of sexuality set the stage for the abuse of minors and its cover up Frawley O Dea also analyzes the American bishops lack of pastoral care and tendency towards clerical narcissism the belief that the needs of the hierarchy represent the needs of the wider Church as central factors in the scandal She balances this criticism with a discussion of the

backgrounds of the bishops presiding over the crisis and the challenges they faced in their relationships with the Pope and Vatican officials Drawing on twenty years of clinical experience she imagines the dynamics of sexual abuse both from the victim s point of view and from the priest s and she probes why the Church hierarchy fellow priests and lay people were silent for so long Finally Frawley O Dea examines factors internal to the Church and outside of it that drew this scandal into the public square and kept it there

Celibacy, Seminary Formation, and Catholic Clerical Sexual Abuse Vivencio O. Ballano, 2024-04-30 Does the current celibate semi monastic and all male seminary formation contribute to the persistence of clerical sexual abuse in the Roman Catholic Church Applying sociological theories on socialization total institutions and social resistance as the primary conceptual framework and drawing on secondary literature media reports the author s experience interviews and Church documents this book argues that the Catholic Church s institution of the celibate seminary formation as the only mode of clerical training for Catholic priests has resulted in negative unintended consequences to human formation such as the suspension of normal human socialization in society psychosexual immaturity and weak social control against clerical sexual abuse The author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes As such an alternative model for diocesan clerical formation is advanced A fresh look at the aptness and effects of celibate formation for diocesan clergy this volume is the first to relate the persistence of Catholic clerical sexual abuse to celibate seminary formation exploring the structural links between the two using sociological arguments and proposing an apprenticeship based model of formation which has numerous advantages as a form of clerical training It will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation
