Sacred Willow Four Generations In The Life Of A Vietnamese Family:

The Sacred Willow Mai Elliott, 2017-08-04 A finalist for the Pulitzer Prize Duong Van Mai Elliott's *The Sacred Willow* illuminates recent Vietnamese history by weaving together the stories of the lives of four generations of her family Beginning with her great grandfather who rose from rural poverty to become an influential landowner and continuing to the present Mai Elliott traces her family's journey through an era of tumultuous change She tells us of childhood hours in her grandmother's silk shop and of hiding while French troops torched her village watching while blossoms torn by fire from the trees flutter like hundreds of butterflies overhead She makes clear the agonizing choices that split Vietnamese families her eldest sister left her staunchly anti communist home to join the Viet Minh and spent months sleeping in jungle camps with her infant son fearing air raids by day and tigers by night And she follows several family members through the last desperate hours of the fall of Saigon including one nephew who tried to escape by grabbing the skid of a departing American helicopter Based on family papers dozens of interviews and a wealth of other research this is not only a memorable family saga but a record of how the Vietnamese themselves have experienced their times *The Sacred Willow* Duong Van Mai Elliott, 2000 An extraordinary narrative S Dean Powell Western Mail 10 03 01 **China and Vietnam** Brantly Womack, 2006-02-13 The value of asymmetry theory is demonstrated in the dynamics of the Sino Vietnamese relationship **Vietnam and the Cold War 1945-1954** John Pike, 2024-06-30 A forensic study of Vietnam's war imperial history and international relations in the years following the Second World War A forensic study of war imperial history and international relations following the Second World War and leading into the Cold War and defeat of Western imperialism in Asia And above all the story of the pivotal battle and French defeat at Dien Bien Phu It shows France's revanchist attempt to regain imperial glory in her former Asian empire following humiliation in the Second World War defeat and Vichy The effort was spurred by de Gaulle's chauvinism and desire to recover France's honour and reputation after so many humiliations by friend and foe The Communist led Vietminh were guided to victory by ruthless revolutionary Ho Chi Min far from the attractive Uncle Ho who is revered as a communist saint in contrast to louche playboy emperor Bao Dai and the very able General Giap Communist strength in rural Vietnam society the Vietminh represented a nation in arms was backed by supplies from Communist China and the Soviet Union It was an existential struggle on the French side the end of cafe society and the gravy train for planters officials the military and politicians Military matters including General Giap's strategy and tactics are analyzed in detail but it was a soldier's war told at ground level and readers will feel the heat and fear of battle be shocked at war crimes and intrigued by the tales of Graham Greene et al The global importance was not lost on the powers following exhaustion from world war and in the shadow of the Cold War All great leaders were involved Roosevelt Truman Eisenhower Churchill Stalin Khrushchev Chou En Lai and Mao Zedong Under the shadow of the A bomb a negotiated peace and first detent of the Cold War would end in the sumptuous salons of Geneva **Making Sense of the Vietnam Wars** Mark Philip Bradley, Marilyn B.

Young,2008-04-30 Making sense of the wars for Vietnam has had a long history The question why Vietnam dominated American and Vietnamese political life for much of the length of the wars and has continued to be asked in the decades since they ended This volume brings together the work of eleven scholars to examine the conceptual and methodological shifts that have marked the contested terrain of Vietnam War scholarship Editors Marilyn Young and Mark Bradley s superb group of renowned contributors spans the generations including those who were active during wartime along with scholars conducting research in Vietnamese sources and uncovering new sources in the United States former Soviet Union China and Eastern and Western Europe Ranging in format from top down reconsiderations of critical decision making moments in Washington Hanoi and Saigon to microhistories of the war that explore its meanings from the bottom up these essays comprise the most up to date collection of scholarship on the controversial historiography of the Vietnam Wars **The Greenwood Encyclopedia of Children's Issues Worldwide** Irving Epstein,2007-12-30 From the skyrocketing AIDS rate in Haiti to the oppressive pollution in industrial China from the violent street culture of Nigeria to the crippling poverty in Nicaragua from child trafficking in Thailand to child marriages in India this jam packed six volume set explores all these issues and more in an unprecedented look at the world s children at the dawn of the 21st century In recent years while many countries have enjoyed a higher standard of living and improved working conditions others have been torn apart by war and incapacitated by famine and are struggling to improve life for their children and their future Recent concern over the world s children has resulted in a global attempt to define what constitutes an acceptable childhood New attention has been paid not only to healthcare and secondary education but also to the right to play and increased access to technology The UN s codification of children s rights has done much to expand our understanding of what is needed for healthy growth and development of children and youth Organized by region The Greenwood Encyclopedia of Children s Issues Worldwide is the first globally focused set of this magnitude offering extensive up to date coverage of these critical issues Original chapters accessibly synthesize current data on key topics including education play and recreation child labor family health laws and legal status religious life abuse and neglect and growing up in the 21st century **The OSS and Ho Chi Minh** Dixee Bartholomew-Feis,2006-05-12 Some will be shocked to find out that the United States and Ho Chi Minh our nemesis for much of the Vietnam War were once allies Indeed during the last year of World War II American spies in Indochina found themselves working closely with Ho Chi Minh and other anti colonial factions compelled by circumstances to fight together against the Japanese Dixee Bartholomew Feis reveals how this relationship emerged and operated and how it impacted Vietnam s struggle for independence The men of General William Donovan s newly formed Office of Strategic Services closely collaborated with communist groups in both Europe and Asia against the Axis enemies In Vietnam this meant that OSS officers worked with Ho Chi Minh and the Viet Minh whose ultimate aim was to rid the region of all imperialist powers not just the Japanese Ho for his part did whatever he could to encourage the OSS s negative view of the French who were

desperate to regain their colony Revealing details not previously known about their covert operations Bartholomew Feis chronicles the exploits of these allies as they developed their network of informants sabotaged the Japanese occupation s infrastructure conducted guerrilla operations and searched for downed American fliers and Allied POWs Although the OSS did not bring Ho Chi Minh to power Bartholomew Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan s surrender Her study also hints that had America continued to champion the anti colonials and their quest for independence rather than caving in to the French we might have been spared our long and very lethal war in Vietnam Based partly on interviews with surviving OSS agents who served in Vietnam Bartholomew Feis s engaging narrative and compelling insights speak to the yearnings of an oppressed people and remind us that history does indeed make strange bedfellows

Gender, Household and State in Post-Revolutionary Vietnam Jayne Werner,2009-01-21 This book examines gender in post revolutionary Vietnam focusing on gender relations in the family and state since the onset of economic reform in 1986 Drawing on a wide range of primary sources including surveys interviews and responses to film screenings Jayne Werner demonstrates that despite the formal institution of public gender equality in Vietnam in practice women do not hold a great deal of power continuing to defer to men in both the family and the wider community Contrary to conventional analyses equating liberalisation and decentralisation with a reduced role for the state over social relations this book argues that gender relations continued to bear the imprint of state gender policies and discourses in the post socialist state While the household remained a highly statist sphere the book also shows that the unequal status of men and women in the family was based on kinship ties that provided the underlying structure of the family and contrary to resource theory depended less on their economic contribution than on family norms and conceptions of proper gendered behaviour Werner s analysis explores the ways in which the Doi Moi state utilised constructions of gender to advance its own interests just as the communist revolutionary regime had earlier used gender as a key strategic component of post colonial government Thus this book makes an important and original contribution to the study of gender in post socialist countries

Withdrawal Gregory A. Daddis,2017 In a riveting sequel to his celebrated Westmoreland s War Daddis

offers a bold new interpretation of America's first lost war. Upending myths of a better war that led to victory in Vietnam, Withdrawal is required reading for anyone hoping to understand the final years of American intervention in Southeast Asia.

American War Stories Brenda M. Boyle, 2020-11-13 American War Stories asks readers to contemplate what traditionally constitutes a war story and how that constitution obscures the normalization of militarism in American culture. The book claims the traditionally narrow scope of war story as by a combatant about his wartime experience compartmentalizes war, casting armed violence as distinct from everyday American life. Broadening war story beyond the specific genres of war narratives such as war films, war fiction, or war memoirs, American War Stories exposes how ingrained militarism is in everyday American life, a condition that challenges the very democratic principles the United States is touted as exemplifying.

Cauldron of Resistance Jessica M. Chapman, 2013-02-19 In 1955 Ngo Dinh Diem organized an election to depose chief of state Bao Dai, after which he proclaimed himself the first president of the newly created Republic of Vietnam. The United States sanctioned the results of this election, which was widely condemned as fraudulent, and provided substantial economic aid and advice to the RVN. Because of this, Diem is often viewed as a mere puppet of the United States in service of its Cold War geopolitical strategy. That narrative, Jessica M. Chapman contends in *Cauldron of Resistance*, grossly oversimplifies the complexity of South Vietnam's domestic politics and indeed Diem's own political savvy. Based on extensive work in Vietnamese, French, and American archives, Chapman offers a detailed account of three crucial years, 1953-1956, during which a new Vietnamese political order was established in the south. It is in large part a history of Diem's political ascent as he managed to subdue the former Emperor Bao Dai, the armed Hoa Hao and Cao Dai religious organizations, and the Binh Xuyen crime organization. It is also an unparalleled account of these same outcast political powers, forces that would reemerge as destabilizing political and military actors in the late 1950s and early 1960s. Chapman shows Diem to be an engaged leader whose personalist ideology influenced his vision for the new South Vietnamese state but also shaped the policies that would spell his demise. Washington's support for Diem, because of his staunch anticommunism, encouraged him to employ oppressive measures to suppress dissent, thereby contributing to the alienation of his constituency and helping inspire the organized opposition to his government that would emerge by the late 1950s and eventually lead to the Vietnam War.

Cultures of Development Jonathan Warren, 2016-11-25 The North Atlantic development establishment has had a blemished track record over the past 65 years. In addition to a sizeable portfolio of failure, the few economic success stories in the developing world such as South Korea and China have been achieved by rejecting the advice of Western experts. Despite these realities, debates within mainstream development studies have stagnated around a narrow, acultural emphasis on institutions or the size and role of government. *Cultures of Development* uses a contrapuntal comparison of Vietnam and Brazil to show why it is important for development scholars and practitioners to broaden their conceptualization of economies to include the socio-cultural. This smartly written book, based on original ethnographic research, breathes new life

into development studies by bringing cultural studies into conversation with development studies with an emphasis on improving rather than merely critiquing market economies The applied deployment of critical development studies i e interpretive economics results in a number of theoretical advances in both development and areas studies demonstrating the economic importance of certain kinds of cultural work carried out by religious leaders artists activists and educators Most importantly the reader comes to fully appreciate how economies are embedded within the subjectivities discourses symbols rituals norms and values of a given society This pioneering book revives development practice and policy by offering fresh insights and ideas about how development can be advanced It will be of special interest to scholars and students of
