Sacred Hunting Mansal Denton, 2021-08-14 What is Sacred Hunting A practice that leads us back to our origins A reminder that for our ancestors obtaining the food that sustains life was a spiritual act involving bloodshed A reconnection to nature and the earth that gave us birth An opportunity for connection and tribal brotherhood A transformative encounter with death Mansal Denton like the men he leads on wilderness quests was raised in a culture alienated from its sources of nourishment and sustenance A youthful indiscretion that led to a prison cell fundamentally altered his life's trajectory Here he shows the power and vitality that the hunt can bring into men's lives in this perilous time when rites of passage are notably absent Sacred Hunting brings the richness of his hunting experience and that of the men whose journeys he facilitates into inspirational focus

House Name Michelle West, 2011-01-04 In this epic fantasy series for fans of George R R Martin and Robin Hobb Jewel Markess must contend with deadly court politics and visions of looming magical threats Jewel has been assigned the task of finding the entryways to the ancient undercity that lies beneath the streets of the empire s capital in exchange for shelter for her and her den at House Terafin But even with the aid of the most powerful First Circle Mage of the Order of

Knowledge Jewel's search seems hopeless. All of the ways into the undercity seem to be magically disappearing before Jewel can lead the mage to them. Wildlife Photography Joseph F. Classen, 2015-08-17 Wildlife photography is an adventure, and as any great adventure story unfolds, odds are there are bound to be some great risks involved. Whether it's the risk or the reward or both that motivates wildlife shooters, there is one pervasive truth: Preparation is key to success and survival. In this book, Joe Classen approaches the art of wildlife photography from a hunter's perspective. He teaches readers how to select and use the appropriate specialized photographic gear required for the rigors of wildlife photography as you'd expect. However, he also teaches you how to mentally and physically prepare for an outing in which your wits must be as keen as your eye. Classen provides detailed insights into planning and packing for a wilderness adventure. Readers will learn how to securely pack their delicate photographic gear for a rugged outdoor environment but will also learn how to choose and tote the best clothing for the site, accessories to ensure your personal safety, and even basic cooking and drinking requirements for days spent shooting in remote areas. Once you've scouted your location, you'll learn how to track and lure your photographic subject using time-honored practices: calls from lust to hunger to anger, and sloth, decoys, attractor scents working invisibly, etc. While shooting your camera from a blind or stand, or conversely by using a more aggressive stalk and ambush approach, you'll learn how to read animal behaviors from eating to mating and predict how, when, and where your best photographic opportunities will arise and when your safety should be a greater concern than your shot. With this soup-to-nuts approach, readers will find in this book a compendium of information about wild animal behavior, wilderness survival, and safety, the art and science of photographic capture, and even storing and processing your prized digital files once you return home from your adventure. Armed with Classen's suggestions and strategies, you'll maximize your photo opportunities and increase the odds that your wildlife images are the mount-and-frame trophies for which you risked life and limb.

A Strange Manuscript Found in a Copper Cylinder James De Mille, 2021-11-16 *A Strange Manuscript Found in a Copper Cylinder* 1888 is a novel by James De Mille. Originally serialized in *Harper's Weekly*, the novel was published posthumously and at first anonymously. Although De Mille's work predated such popular Lost World novels as H. Recent scholarship, however, has sought to emphasize De Mille's talents as a writer and his importance in the historical development of literary science fiction. The wind had failed, a deep calm had succeeded, and everywhere as far as the eye could reach the water was smooth and glassy. The yacht rose and fell at the impulse of the long ocean undulations, and the creaking of the spars sounded out a lazy accompaniment to the motion of the vessel. Sailing in their yacht, a crew spots a copper cylinder afloat on the sunbeaten sea. Hauling it aboard, they open it to reveal a manuscript.
