# Secrets of the Heart

A romantic couple is walking in a park. The woman, on the left, has long brown hair and is wearing a red and black patterned cardigan over a white top and blue jeans. She is smiling and looking at the man. The man, on the right, has short brown hair and a beard, wearing a grey hoodie and blue jeans. He is also smiling and looking at the woman. They are holding hands. In the bottom left corner, a black dog is looking up at the camera. The background is a blurred park scene with trees and a path.

**Literature** Albrecht Classen,2022-10-17 The Secret in Medieval Literature Alternative Worlds in the Middle Ages explores the many strange phenomena both in the Middle Ages and today that do not find any good rational explanations Those do not pertain to magic or to religion in the traditional sense of the word they are secrets of an epistemological kind and tend to defy human rationality without being marginal or irrelevant At first sight we might believe that we face elements from fairy tales but the medieval cases discussed here go far beyond such a simplistic approach to the mysterious dimension of secrets In fact as this book argues medieval poets commonly engaged with alternative forces and described their workings within the human context both in the Latin West and in the East without being able to come to terms with them critically Those mysteries appear both in heroic epics and courtly romances among other genres and they figure more frequently than we might have assumed On the one hand we could conceive of those secrets as the product of literary liberties and imagination on the other those secrets prove to be rather serious agents intervening in the lives of the fictional protagonists By the same token our modern world is not all rationality and material conditions either The study of secrets in the Middle Ages thus opens the pathway toward a new epistemology both for the people in the pre modern age and us today **The Rains of**
