*The Routledge History of Women in Early Modern Europe* Amanda L. Capern, 2019-10-30 The Routledge History of Women in Early Modern Europe is a comprehensive and ground-breaking survey of the lives of women in early modern Europe between 1450 and 1750 Covering a period of dramatic political and cultural change, the book challenges the current contours and chronologies of European history by observing them through the lens of female experience The collaborative research of this book covers four themes: the affective world, practical knowledge for life, politics, and religion; arts, science, and humanities These themes are interwoven through the chapters, which encompass all areas of women's lives: sexuality, emotions, health, and wellbeing; educational attainment, litigation, and the practical and leisured application of knowledge, skills, and artistry from medicine to theology The intellectual lives of women through reading and writing, and their spirituality and engagement with the material world are also explored So too is the sheer energy of female work, including farming and manufacture, skilled craft, and artwork, theatrical work, and scientific enquiry The Routledge History of Women in Early Modern Europe revises the chronological and ideological parameters of early modern European history by opening the reader's eyes to an exciting age of female productivity, social engagement, and political activism across European and transatlantic boundaries It is essential reading for students and researchers of early modern history, the history of women, and gender studies

*Memories of the Slave Trade* Rosalind Shaw,2020-04-04 How is the slave trade remembered in West Africa In a work that challenges recurring claims that Africans felt and still feel no sense of moral responsibility concerning the sale of slaves Rosalind Shaw traces memories of the slave trade in Temne speaking communities in Sierra Leone While the slave trading past is rarely remembered in explicit verbal accounts it is often made vividly present in such forms as rogue spirits ritual specialists visions and the imagery of divination techniques Drawing on extensive fieldwork and archival research Shaw argues that memories of the slave trade have shaped and been reshaped by experiences of colonialism postcolonialism and the country s ten year rebel war Thus money and commodities for instance are often linked to an invisible city of witches whose affluence was built on the theft of human lives These ritual and visionary memories make hitherto invisible realities manifest forming a prism through which past and present mutually configure each other
