The Secrets of Hebrew Words Benjamin Blech, 1991 Ever since the earliest times Jewish scholars have looked to the Hebrew language as a source of holiness and a wellspring of wisdom Both letters and words it has always been assumed they have hidden messages and secrets to be sought after as if we are opening a shell to extract the fruit Rabbi Benjamin Blech has gathered many examples of the meanings hidden within Hebrew words and has explained them to the modern reader\_ even those who do not know any Hebrew The result is both a fine illustration of this activity as well as a book rich with Jewish insight and teachings *Absorbing Perfections* Moshe Idel, 2008-10-01 In this wide ranging discussion of Kabbalah from the mystical trends of medieval Judaism to modern Hasidism one of the world's foremost scholars considers different visions of the nature of the sacred text and of the methods to interpret it Moshe Idel takes as a starting point the fact that the postbiblical Jewish world lost its geographical center with the destruction of the temple and so was left with a textual center the Holy Book Idel argues that a text oriented religion produced language centered forms of mysticism Against this background the author demonstrates how various Jewish mystics amplified the content of the Scriptures so as to include everything the world or God for example Thus the text becomes a major realm for contemplation and the interpretation of the text frequently becomes an encounter with the deepest realms of reality Idel delineates the particular hermeneutics belonging to Jewish mysticism investigates the progressive filling of the text with secrets and hidden levels of meaning and considers in detail the various interpretive strategies needed to decodify the arcane dimensions of the text **Moshe Idel:**

**Representation in Religion** Jan Assmann, Albert I.

Baumgartner, 2018-08-14 The role of representation in religion is complex While often perceived as essential it is also associated in many traditions with the liability of idolatry and provokes iconoclasm The essays in this volume examine the nuances of representation in religion and the debate concerning its place across a variety of traditions from the three Abrahamic faiths to those of antiquity and the East This volume consists of presentations made at an international conference held in honor of Moshe Barasch art historian and cultural critic who has done much to elucidate the light which representation and religion shed on each other It pays tribute to Barasch by expanding the base of understanding and insight he has erected It should be of interest to students of religion and of art history

exchange      **A History of Jewish Literature: Hasidism and enlightenment (1780-1820)** Israel Zinberg, 1976

*Aesthetics of Renewal* Martina Urban, 2009-05-15 Martin Buber's embrace of Hasidism at the start of the twentieth century was instrumental to the revival of this popular form of Jewish mysticism. Hoping to instigate a Jewish cultural and spiritual renaissance, he published a series of anthologies of Hasidic teachings written in German to introduce the tradition to a wide audience. In *Aesthetics of Renewal*, Martina Urban closely analyzes Buber's writings and sources to explore his interpretation of Hasidic spirituality as a form of cultural criticism. For Buber, Hasidic legends and teachings were not a static canonical body of knowledge but were dynamic and open to continuous reinterpretation. Urban argues that this representation of Hasidism was essential to the Zionist effort to restore a sense of unity across the Jewish diaspora as purely religious traditions weakened and that Buber's anthologies in turn played a vital part in the broad movement to use cultural memory as a means to reconstruct a collective identity for Jews. As Urban unravels the rich layers of Buber's vision of Hasidism in this insightful book, he emerges as one of the preeminent thinkers on the place of religion in modern culture.
