

# Sectarianism In Scotland

**Andrew Millie**

## **Sectarianism In Scotland:**

**Scotland's Shame?** Thomas Martin Devine, 2000 In one of the most controversial lectures of recent times Scotland's foremost composer James MacMillan accused his country of being a land of sleep walking bigotry where visceral anti Catholicism disfigures national life Pandora's Box it turned out had been opened in truly spectacular fashion By his remarks the media became obsessed with the issue and for weeks Scotland's broadsheets were crammed with columns and letters exploring all aspects of the topic Clearly MacMillan had touched a nerve Was Scotland really Northern Ireland without the guns and bullets Although the debate was intense however few contributions rose above the level of swapping competing anecdotes More heat than light was generated in the process It soon became clear there was a crying need for more reflective assessments and for hard evidence to confirm or deny the many assertions made in the course of the discussion Scotland's Shame is the first book since the MacMillan lecture to tackle the issues he raised head on A team consisting of the best writers researchers and academics in the field has produced a readable volume which is accessible in approach to everyone interested in the subject Their conclusions will often surprise and intrigue *The Sectarian Myth in Scotland* M. Rosie, 2004-06-22 The question of sectarianism in Scotland belongs within a wider framework than it has hitherto been placed It offers insights into continuing indeed pressing debates about religious identity and civil and political society in the modern world This book questions the view that religion and politics do not and cannot mix in pluralistic tolerant and increasingly secular societies and reveals that memories bitter memories can outlive and obscure the demise of actual conflict Liverpool Sectarianism Keith Daniel Roberts, 2017 Presenting evidence from an array of archival and original resources this book chronicles the development and derailment of sectarian tensions in the city of Liverpool

**Sectarianism in Scotland** Steve Bruce, 2000 *Understanding 'sectarianism'* Fanar Haddad, 2020 Much has been published on sectarianism in the Middle East but few writers have separated received wisdom from the facts as Haddad does in this book Sectarianism in Scotland Steve Bruce, 2019-06-01 No detailed description available for Sectarianism in Scotland Religious Schools in Europe Marcel Maussen, Floris Vermeulen, Michael Merry, Veit Bader, 2017-10-02 The European Convention on Human Rights guarantees freedom of education including the opportunities to create and operate faith based schools However as European societies become more religiously diverse and less religious at the same time the role of faith based schools is increasingly being contested Serious tensions have emerged between those who ardently support religious schools in their various forms and those who oppose them Given that faith based schools enjoy basic constitutional guarantees in Europe the controversy around them often surrounds issues of public financing degrees of organisational and pedagogical autonomy and educational practices and management This volume is about the controversies surrounding religious schools in a number of Western European countries The introductory chapter briefly analyses the structural pressures that affect the position of religious schools outlining the relevant institutional arrangements in countries

such as Denmark Germany France Ireland the Netherlands and Scotland The following chapters provide a detailed analysis of the discussions and controversies surrounding faith based schools in each country Finally the two concluding chapters aim to provide a bigger comparative picture with regard to these debates about religious education in liberal democratic states and culturally pluralist societies This book was originally published as a special issue of *Comparative Education* *Scottish Education* T. G. K. Bryce, 2018-06-21 Interrogates the rise of national philosophies and their impact on cosmopolitanism and nationalism

**Anti-Catholicism in Britain and Ireland, 1600-2000** Claire Gheeraert-Graffeuille, Geraldine Vaughan, 2020-08-24 This edited collection brings together varying angles and approaches to tackle the multi dimensional issue of anti Catholicism since the Protestant Reformation in Britain and Ireland It is of course difficult to infer from such geographically and historically diverse studies one single contention but what the book as a whole suggests is that there can be no teleological narration of anti Catholicism its manifestations were episodic more or less rooted in common worldviews and its history does not end today

**The Irish Diaspora** Andrew Bielenberg, 2014-05-12 This book brings together a series of articles which provide an overview of the Irish Diaspora from a global perspective It combines a series of survey articles on the major destinations of the Diaspora the USA Britain and the British Empire On each of these there is a number of more specialist articles by historians demographers economists sociologists and geographers The inter disciplinary approach of the book with a strong historical and modern focus provides the first comprehensive survey of the topic

**The Oxford Handbook of Scottish Politics** Michael Keating, 2020-08-21 The Handbook of Scottish Politics provides a detailed overview of politics in Scotland looking at areas such as elections and electoral behaviour public policy political parties and Scotland's relationship with the EU and the wider world The contributors to this volume are some of the leading experts on politics in Scotland

*Sectarianism in Scotland* Iain R. Paterson, Steve Bruce, 1999

**Securing Respect** Andrew Millie, 2009-04-15 Securing respect contains essays from leading academics in the field that consider the origins current interpretations and possible future for the Respect Agenda It explores various policy and theoretical discourses relating to respect behavioural expectations and anti social behaviour

**The Oxford Handbook of Modern Scottish History** T. M. Devine, Jenny Wormald, 2012-01-26 Over the last three decades major advances in research and scholarship have transformed understanding of the Scottish past In this landmark study some of the most eminent writers on the subject together with emerging new talents have combined to produce a large scale volume which reconsiders in fresh and illuminating ways the classic themes of the nation's history since the sixteenth century as well as a number of new topics which are only now receiving detailed attention Such major themes as the Reformation the Union of 1707 the Scottish Enlightenment clearances industrialisation empire emigration and the Great War are approached from novel and fascinating perspectives but so too are such issues as the Scottish environment myth family criminality the literary tradition and Scotland's contemporary history All chapters contain expert syntheses of current knowledge but their authors also stand back and reflect critically on the

questions which still remain unanswered the issues which generate dispute and controversy and sketch out where appropriate the agenda for future research The Handbook also places the Scottish experience firmly into an international historical perspective with a considerable focus on the age old emigration of the Scottish people the impact of successive waves of immigrants to Scotland and the nation s key role within the British Empire The overall result is a vibrant and stimulating review of modern Scottish history essential reading for students and scholars alike

**Global Citizenship Education**, 2008-01-01 The essays in this edited collection argue that global citizenship education realistically must be set against the imperfections of our contemporary political realities As a form of education it must actively engage in a critically informed way with a set of complex inherited historical issues that emerge out of a colonial past and the savage globalization which often perpetuates unequal power relations or cause new inequalities The essays in the book explore these issues and the emergent world ideologies of globalism as well as present territorial conflicts ethnic tribal and nationalist rivalries problems of increasing international migration and asylum growing regional imbalances and increasing world inequalities Contributors to this collection each on their own way argues that global citizenship education needs to project new values to reality test and debate the language concepts and theories of global citizenship and the proto world institutions that seek to give expression to nascent aspirations for international forms of social justice and citizen participation in world government Many of the contributors argue that global citizenship education offers the prospect of extending the liberal ideologies of human rights and multiculturalism and of developing a better understanding of forms of post colonialism One thing is sure as the essays presented in this book demonstrate so clearly there can be no one dominant notion of global citizenship education as notions of global citizenship and education are all contested and open to further argument and revision Global citizenship education does not name the moment of global citizenship or even its emergence so much as the hope of a form of order where the rights of the individual and of cultural groups irrespective of race gender ethnicity or creed are observed preserved and protected by all governments in order to become the basis of citizen participation in new global spaces that we might be tempted to call global civil society

[The Role of Religion in Peacebuilding](#) Pauline Kollontai, Sue Yore, Sebastian Kim, 2017-12-14 The question who is my neighbour challenges the way we see ourselves as well as the way we see others Especially in situations where we feel conflicted between our own self identity and common identity within a wider society Historically religion has contributed to this inner conflict by creating us versus them mentalities Challenging this traditional view this volume examines how religions and religious communities can use their resources methodology and praxis to encourage peace making The book is divided into two parts the first includes sources theories and methodologies of crossing boundaries of prejudice and distrust from the perspectives of theology and religious studies The second includes case studies of theory and practice to challenge prejudice and distrust in a conflict or post conflict situation The chapters are written by scholars religious leaders and faith motivated peace practitioners from various global contexts to create a diverse academic

study of religious peace building      **Religious Diversity Today** Jean-Guy A. Goulet, Liam D. Murphy, Anastasia Panagakos, 2015-12-01 This insightful three volume set examines faith through the social and cultural perspective of anthropology sociology and religious studies shedding light on the role of religion in the human experience Why is human suffering and the existence of evil part of the human experience How does religious doctrine establish one's identity In what ways does religion interact with and shape the social order This thought provoking work ponders these questions and explores the concept of religion from various perspectives as a tool for self and community based spiritual awareness as a set of practices that translates faith into interaction with others and as a cornerstone of society for those who seek to harness or hinder its influence Written in accessible and inviting language each volume focuses on a particular dimension of religion The first book examines religious experience in the modern world and explores suffering in religious faiths the second volume centers around ritual and pilgrimage and the last book analyzes the controversial relationship between religion and societies The content features such thought provoking topics as death and green burials sexuality and sex trade and how and why evil manifests in the human experience      *Gangs, Drugs and Youth Adversity* Deuchar, Ross, McLean, Robert, Chris Holligan, 2021-12-02 Revisiting the young men interviewed in Deuchar's original fieldwork over a decade later this book ascertains how early exposure to gang culture and weapon carrying acts as a path to wider types of offending Through empirical insights and policy analysis it considers the evolving nature of gangs knife crime and street violence in Glasgow

Politics and Religion in the United Kingdom Steve Bruce, 2013-07-03 This important new volume seeks to provide significant contribution to our understanding of religion and politics demonstrating through comparisons with other countries the unusually complex nature of the interaction of religion and politics in the United Kingdom Bruce provides a detailed and comprehensive analysis of the field covering key topics including Religion and Violence in Northern Ireland A UK US comparison of the relationship between the church and the nation state Links between Protestantism and the rise of modern democracy The relationship between Methodism and Socialism The impact that ethnic minority status and religious values have on political alignment This work will be of great interest to students and scholars of religion politics and religious sociology      *Social Control and Disorder in Football* Mark Turner, Jan Andre Lee Ludvigsen, 2024-05-07 This is the first book to focus on the interrelated issues of social control and disorder in football It shows how the beautiful game illuminates our understanding of the mechanisms and techniques of social control and regulation in contemporary societies It explores past new and continued responses from law enforcers football associations sport's governing bodies the media and international organizations to issues of disorder and misbehaviour in football and how this is highly contested by fans and fan groups Featuring the work of an international team of leading researchers in football and sport related studies the book examines key contemporary trends and topics including fan activism football specific legislation power violence fan rivalries subcultures the policing of crowds social sorting and surveillance Featuring diverse international cases including the Qatar

World Cup stadium protests in Portland Oregon spectator violence in Polish football social media and Brazilian football and sectarianism in Scottish football the book also looks ahead to what the future holds for the world's most popular sport This is an invaluable resource for students researchers or the general reader with an interest in the sociology of sport criminology sport management and sports law
