Civil Religion in Israel Charles S. Liebman, Eliezer Don-yehiya, 2024-03-29 This study explores the profound influence of Judaism on the political culture of the Jewish settlement in the Land of Israel, spanning from the prestate yishuv period to the present day. Focusing on the concept of civil religion, defined as the ceremonials, myths, and creeds that legitimize the social order, foster unity, and mobilize society toward its key political goals, the research examines how these elements, often rooted in Jewish tradition, have shaped the political and moral community of Israel. Civil religion, representing what is most sacred in a political culture, has played a distinctive role in unifying the population and guiding political aims within modern Jewish society in Israel. The book traces the evolution of civil religion in Israel, highlighting its decline in recent years as a key shift in Israeli political culture. Organized into chapters that define terms, detail the development of civil religions over time, and explore the responses of religious Jews, the study culminates in a comprehensive analysis of the topic. Drawing on research supported by grants from the Israel Foundations Trustees and Bar Ilan University, the authors offer a collaborative and in-depth examination of civil religion's dynamic presence and transformation within Israeli society, shedding light on one of the most significant elements of its political and cultural identity. Identity, Place, and Subversion in Contemporary Mizrahi Cinema in Israel Yaron Shemer, 2013-07-29 In *Identity, Place, and Subversion in Contemporary Mizrahi Cinema in Israel*, Yaron Shemer presents the most comprehensive and systematic study to date of Mizrahi, Oriental Jewish, or Arab Jewish films produced in Israel in the last several decades. Through an analysis of dozens of films, the book illustrates how narratives, characters, and space have been employed to give expression to Mizrahi ethnic

identity and to situate the Mizrahi within the broader context of the Israeli societal fabric The struggle over identity and the effort to redraw ethnic boundaries have taken place against the backdrop of a long standing Zionist view of the Mizrahi as an inferior other whose Levantine culture posed a threat to the Western oriented Zionist enterprise In its examination of the nature and dynamics of Mizrahi cinema defined by subject matter the book engages the sensitive topic of Mizrahi ethnicity head on confronting the conventional notion of Israeli society as a melting pot and the widespread dismissal of ethnic divisions in the country Shemer explores the continuous marginalization of the Mizrahi in contemporary Israeli cinema and the challenge some Mizrahi films offer to the subjugation of this ethnic group He also studies the role cultural policies and institutional power in Israel have played in shaping Mizrahi cinema and the creation of a Mizrahi niche in cinema In a broader sense this pioneering work is a probing exploration of Israeli culture and society through the prism of film and cinematic expression It sheds light on the play of ethnicity class gender and religion in contemporary Israel and on the heated debates surrounding Zionist ideology and identity politics By charting a new territory of academic inquiry grounded in an interdisciplinary theoretical framework the study contributes to the formation of Mizrahi Cinema as a recognized and vibrant scholarly field
