Still Learning to Read Franki Sibberson, Karen Szymusiak, 2016 Foreword by Colby Sharp In the decade since the first edition of Still Learning to Read was published the prevalence of testing and the Common Core State Standards have changed what is expected of both teachers and students The new edition of Still Learning to Read focuses on the needs of students in grades 3 6 in all aspects of reading workshop including reading workshop read aloud classroom design digital tools fiction nonfiction and close reading The book stays true to its original beliefs of slowing down and knowing our readers but it also takes into account the sense of urgency that changing times and standards impose on classrooms This edition examines current trends in literacy includes a new section on intentional instructional planning and provides expanded examples of mini lessons and routines that promote deeper thinking about learning It also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors latest thinking on close reading and text complexity Online videos provide glimpses into classrooms as students make book choices work in small groups and discuss their reading notebooks Expanded and updated book lists recommendations for digital tools lesson cycles and sections specifically written for school leaders round out this foundational resource

Reading for Our Lives Maya Payne Smart, 2022-08-02 An award winning journalist and literacy advocate provides a clear step by step guide to helping your child thrive as a reader and a learner When her child went off to school Maya Smart was shocked to discover that a good education in America is a long shot in ways that few parents fully appreciate Our current approach to literacy offers too little too late and attempting to play catch up when our kids get to kindergarten can no longer be our default strategy We have to start at the top The brain architecture for reading develops rapidly during infancy and early language experiences are critical to building it That means parents work as children s first teachers begins from day one too and we need deeper knowledge to play our positions Reading for Our Lives challenges the bath book bed mantra and the idea that reading aloud to our kids is enough to ensure school readiness Instead it gives parents easy immediate and accessible ways to nurture language and literacy development from the start Through personal stories historical accounts scholarly research and practical tips this book presents the life and death urgency of literacy investigates inequity in reading achievement and illuminates a path to a true transformative education for all

Learning to Read: An Integrated View from Research and Practice Terezinha Nunes, 1999-08-31 Literacy research has continued to develop at a rapid pace in these last

five years of the millennium New ideas about how children learn to read have led to a better understanding of the causes of progress and failure in the mastery of literacy with repercussions for children s assessment and teacher education These new discoveries also allow teachers to transcend the old debates in reading instruction phonics versus whole language and offer the path to a synthesis At the same time research with teachers about their own implementation of methods and the development of their own knowledge about the teaching of literacy has produced a fresh analysis of the practice of literacy teaching Inspired by these developments teachers teacher educators and researchers worked together to produce this volume which promotes the integration of literacy research and practice Reading for Understanding Cynthia
