Freedman,Martha Stoddard Holmes,2012-02-01 These highly personal essays from a range of academic settings explore the palpable moments of discomfort disempowerment and or enlightenment that emerge when we discard the fiction that the teacher has no body Visible and or invisible the body can transform both the teacher s experience and classroom dynamics When students think the teacher s body is clearly marked by ethnicity race disability size gender sexuality illness age pregnancy class linguistic and geographic origins or some combination of these both the mode and the content of education can change Other less visible aspects of a teacher s body such as depression or a history of sexual assault can have an equally powerful impact on how we teach and learn The collection anatomizes these moments of embodied pedagogy as unexpected teaching opportunities and examines their apparent impact on teacher student educational dynamics of power authority desire friendship open mindedness and resistance      **A Black Soul Rises** Keith LeMar Anderson,2010-06-24
