Africa's Green Revolution William G. Moseley, Matthew A. Schnurr, Rachel Bezner-Kerr, 2017-10-02 This volume examines the dominant neoliberal agenda for agricultural development and hunger alleviation in Africa The text reviews the history of African agricultural and food security policy in the post colonial period across a range of geographical contexts in order to contextualise the productionist approach embedded in the much heralded New Green Revolution for Africa This strategy supported by a range of international agencies promotes the use of hybrid seeds fertilisers and pesticides

to boost crop production This approach is underpinned by a new and unprecedented level of public private partnerships as donors actively work to promote the private sector and build links between African farmers input suppliers agro dealers agro processors and retailers On the consumer end increased supermarket penetration into poorer neighbourhoods is proffered as a solution to urban food insecurity The chapters in this volume complicate understandings of this new approach and raise serious questions about its effectiveness as a strategy for increasing food production and alleviating poverty across the continent This book is based on a special issue of African Geographical Review

The Routledge History of Food Carol Helstosky,2014-10-03 The history of food is one of the fastest growing areas of historical investigation incorporating methods and theories from cultural social and women s history while forging a unique perspective on the past The Routledge History of Food takes a global approach to this topic focusing on the period from 1500 to the present day Arranged chronologically this title contains 17 originally commissioned chapters by experts in food history or related topics Each chapter focuses on a particular theme idea or issue in the history of food The case studies discussed in these essays illuminate the more general trends of the period providing the reader with insight into the large scale and dramatic changes in food history through an understanding of how these developments sprang from a specific geographic and historical context Examining the history of economic technological and cultural interactions between cultures and charting the corresponding developments in food history The Routledge History of Food challenges readers assumptions about what and how people have eaten bringing fresh perspectives to well known historical developments It is the perfect guide for all students of social and cultural history
