

## Pittsburgh '80 Ignored, Unrich Event Carried Seeds of Promise

By David L. Hardy  
Pittsburgh Courier

Pittsburgh's 1980 Olympic Games, which opened last night, were a disappointment to many who had hoped for a more spectacular event. The city's facilities were outdated, and the weather was poor. However, the games did provide a chance for the city to showcase its talent and spirit.

The games were a success in many ways. The athletes showed great skill and determination. The city's people were proud to host the event. The games also provided a chance for the city to improve its facilities and infrastructure.

**Seeds of Promise** Allan Starling, 1981      People Vision Leonard N., 2024-09-30 Explore the Unreached Frontier of Global Mission In a world full of digital connections and globalization a startling truth remains hidden in plain sight countless communities have yet to hear the transformative message of the gospel A mere fraction of global missionaries less than 4 percent are devoted to the unreached people groups UPGs This glaring disparity reveals a challenge in modern missiology People Vision is a benchmark study of the people group paradigm that underscores its vital role in the twenty first century Leveraging insights from those in the Majority World over sixty authors reexamine our understanding of people group missiology from the lens of Scripture reflection conversation prayer and case studies from field workers and church mission leaders Readers are equipped with the tools to navigate and overcome the barriers hindering effective mission work among UPGs and envision innovative approaches Engage with this transformative guide and be part of a movement that redefines mission work ensuring no people group is left behind      *A Missiology of the Road* J Kevin Livingston, 2014-09-25 David Bosch 1929 1992 was one of the foremost mission theologians of the twentieth century a prolific scholar committed church leader and active participant in the global conciliar and evangelical mission movements His distinctive role in the South African church's struggle against apartheid is less well known however After reviewing Bosch's background and exploring key themes in his understanding of mission and evangelism Livingston explores Bosch's legacy from the perspective of the missionary nature of the church The church is God's kingdom community acting as a witness to and instrument of the coming reign of God The church is God's alternative community simultaneously set apart from the world but also existing for the sake of the world exemplifying the radical implications of Christ's new community It is also God's reconciled and reconciling community serving as a sign and embodiment of God's love in Christ For those acquainted with Bosch only as the author of his magisterial *Transforming Mission* *A Missiology of the Road* shows how Bosch integrated his theology and practice in a faithful contextually relevant way within South Africa and the global church      **Apostolic Function** Alan R. Johnson, 2009-06-01 The Paradigm of Missionary Identity In the past we have focused on the why of missions in terms of motives the what of missions in terms of the content of the message and the how of missions in terms of methodologies and strategies but the where question in terms of where we send cross cultural workers has simply been assumed it has meant crossing a geographic boundary In *Apostolic Function in 21st Century Missions* Alan R Johnson introduces the idea of apostolic function as the paradigm of missionary self identity that reminds us to focus our efforts on where Christ is not named He then examines in detail the where paradigm in missions frontier mission missiology with a sympathetic critique and a review of the major contributions of unreached people group thinking Johnson concludes by illustrating his notion of seeking to integrate missions paradigms and discussing of issues that relate specifically to the where questions of missions today      World Christianity and the Unfinished Task F. Lionel Young, III, 2021-03-15 This book is a short introduction to one

of the most remarkable transformations in the modern world that many people still do not know about In 1900 more than 80 percent of the world's Christians lived in Europe and North America and nearly all of the world's missionaries were sent out from the West to the rest In a dramatic turn of events Christianity experienced a decidedly Southern shift during the twentieth century Today nearly 70 percent of the world's 2.5 billion Christians live in Africa Asia and Latin America while nearly half of all missionaries are being sent out into all the world from places like Brazil Ethiopia and South Korea This book is intended to change the way readers think about the church and challenge the way the Western Christians engage in contemporary missions

**Peoples and Places** Matthew Hirt, 2022-05-27 Jesus's final command to his disciples was to make disciples of all nations But who are the nations How do we know we are being obedient to the task Do our current lists of ethnolinguistic people groups sufficiently answer the question For the last fifty years missiologists and missionaries have discussed this topic but much of the conversation has been focused on definitions that give little attention to biblical theology When we explore how the Bible describes the nations we find some other categories that have been overlooked forgotten or set aside in the development of missions strategy Geography is one of these categories However this is not simply bringing current geo political entities back into our missions strategy Instead Matthew Hirt is calling on missiologists missions researchers and missionaries on the field to discover how people groups identify their own geographies and in turn how that geography contributes to a people group's identity

The Internet and the Google Age: Prospects and Perils James, Jonathan D., 2014-11-16 The book commemorates the 25th Anniversary of the Internet in March 2014 and celebrates the achievements and benefits while also pointing out the limitations and perils of the Internet Edited by Dr Jonathan James of Edith Cowan University in Australia the book identifies the broad characteristics of the Internet age and includes several studies that outline the educational benefits of the Internet and social media platforms like Facebook which connect families in the diaspora The Internet and the Google Age also looks at the place of faith and religion on the Internet It describes how life in our digital world is both exciting and challenging An excellent introduction to Internet Studies the book predicts that life will become more and more digitalized and how the current demarcation between private and public spheres home and office human and non humans robots will become less and less apparent as the Internet becomes more interwoven into our lives

*Uncharted Mission* D. C. Keane, 2021-11-02 Too Soon to Celebrate Too Soon to Quit Lord why another mission agency There are already so many good ones Greg Livingstone cried out on a beach in 1983 But as he made his case to God that he should find someone else to change the world the answer became clear the world needed a new agency operating in a new way that would focus entirely on all Muslim peoples So began the wild risky worthy story told in *Uncharted Mission* a book that is more than the history of the founding of Frontiers D C Keane weaves together interviews with over one hundred missionaries who refused to accept the status quo in missions and were willing to go where no one had gone before to the Muslim frontiers In this inspiring true story you'll meet pastors engineers artists pilots and others whose lives changed

course when they discovered that Muslims were largely left out of historic missionary efforts This is a book for innovators who ask as Greg Livingstone always asks How can we do this better How can we improve Don t simply admire the groundbreakers who went before us in this compelling narrative there is still work to be done There are still frontiers of mission for the next generation of Christians who want to change the world

**One New Humanity** Kristin Caynor, Werner Mischke, 2025-04-01 Is Jesus the way to recover our humanity One New Humanity offers a vision of glory that confronts the shame and violence of our world Drawing insights from early Christians the global church social sciences and Scripture the authors argue that Ephesians 2 13 17 reveals a social and horizontal dimension to the gospel of Christ In Christ we gain a new peaceable way of being human Through this extensive look at the gospel of peace we discover that Scripture speaks more powerfully than we often realize to the problems of polarization alienation shame and violence The gospel offers a way out of the cycles of violence which have entrapped both the church and the world and opens up a path of true freedom purpose and glory in Jesus One New Humanity offers a fresh framework for Jesus centered reconciliation we embody Christ s peace for the world near and far

**Being the Church** Edward Rommen, 2017-07-18 If the divine liturgy really is as beautiful as we claim wouldn t more people attend Wouldn t the church grow Driven by our desire for growth we count we analyze we make charts and we strategize but often with few discernible results That is probably the result of focusing on secondary aspects of church life As we know the very existence of a church is a gift of God s presence and not the result of any particular actions taken by human beings For that reason church is primarily about being something rather than doing or achieving something So the growth of the church is not reflected in ever increasing numbers dollars and activities but rather in steadily growing conformity to the divine ideal So in order to evaluate ecclesial growth we will first have to ask what the church is supposed to be One answer to that question is captured in the four marks of the church given in the creed Oneness Holiness Catholicity and Apostolicity These four characteristics serve as a matrix or framework within which we can focus on the primary aspects of ecclesial being and help it grow and become what it was intended to be

**Solving the Immigrant Church Crisis** Ronald M. Rothenberg, 2016-08 Solving the Immigrant Church Crisis The Biblical Solution of Parallel Ministry Acts 6 1 7 addresses the crisis of the immigrant church in which complex cultural and linguistic factors create a reticence on the part of immigrants to transfer financial and decision making authority to succeeding generations and this results in a culturally irrelevant ministry to those generations an exodus of believers from the church a spiritually immature remnant and an inability to reach the lost The thesis of this book is that parallel ministry based on Acts 6 1 7 is the biblical solution to the crisis in the immigrant church While there are at least two main aspects of this crisis a spiritual relational and an ecclesiastical aspect this book focuses on the ecclesiastical aspect of defining the biblical structure of church government Specifically this book is for immigrant churches primarily in the United States and offers them a biblical and practical solution to the problem plaguing them for over two centuries of how to minister effectively to the succeeding generations
