Seeing Red Being Green The Life And Times Of A Southern Rebel

Thomas Crane Public Library

Seeing Red Being Green The Life And Times Of A Southern Rebel:

Performing Peace and Friendship Pia Koivunen, 2022-11-07 *Performing Peace and Friendship* tells the story of how the Soviet Union succeeded in utilizing the World Festival of Youth and Students in its cultural diplomacy from late Stalinism through the early Khrushchev period Pia Koivunen discusses the evolution of the youth gathering into a Soviet cultural product starting from the first festival held in Prague in 1947 and ending with the Moscow 1957 gathering the latter becoming one of the most frequently referred moments of Khrushchev's Thaw By combining both institutional and grass roots perspectives the book widens our understanding of what Soviet cultural diplomacy was in practice re evaluates the agency of young people and provides new insights into the Soviet role in the cultural Cold War Koivunen argues that rather than simply being orchestrated rallies by the Kremlin bureaucrats the World Youth Festivals also became significant spaces of transnational encounters for young people who found ways to employ the event for overcoming the various restrictions and boundaries of the Cold War world

From Coldwar Communism to the Global Emancipatory Movement Peter Waterman, 2014-12-12 Boaventura de Sousa Santos says This is an admirable memoir of an intellectual activist who has lived most intensely the progressive struggles of the last sixty years of world history because despite being born in Europe Peter in the best tradition of communist internationalism participated in struggles and movements not only in Central and Eastern Europe but also in Africa and most recently in Latin America But this is much more than a memoir It is so well documented that in this personal experience there are reflected some of the most decisive events of contemporary history It is a living history book But even more than this this book is so clearly and vividly written that at times it reads like the script for an imaginary documentary of our times This book should be read by all concerned with our recent history in order to get a much more complex inside view of what happened while it was happening In particular it should be read by the youth in order to get a close up of the difficulties and possibilities in building another possible world at a time where there existed a vibrant international communist movement It is up to such youth to evaluate whether difficulties are now or more daunting the possibilities less or more luminous

Seeing Red, Being Green Denis Hill, 1989-01-01 *Catalogue of the Public Library of Quincy, Mass* Thomas Crane Public Library, 1875

The British National Bibliography Arthur James Wells, 1993

Hear My Sad Story Richard Polenberg, 2015-12-07 In 2015 Bob Dylan said I learned lyrics and how to write them from listening to folk songs And I played them and I met other people that played them back when nobody was doing it Sang nothing but these folk songs and they gave me the code for everything that's fair game that everything belongs to everyone In *Hear My Sad Story* Richard Polenberg describes the historical events that led to the writing of many famous American folk songs that served as touchstones for generations of American musicians lyricists and folklorists Those events which took place from the early nineteenth to the mid twentieth centuries often involved tragic occurrences murders sometimes resulting from love affairs gone wrong desperate acts borne out of poverty and unbearable working conditions and calamities

such as railroad crashes shipwrecks and natural disasters All of Polenberg s account of the songs in the book are grounded in historical fact and illuminate the social history of the times Reading these tales of sorrow misfortune and regret puts us in touch with the dark but terribly familiar side of American history On Christmas 1895 in St Louis an African American man named Lee Shelton whose nickname was Stack Lee shot and killed William Lyons in a dispute over seventy five cents and a hat Shelton was sent to prison until 1911 committed another murder upon his release and died in a prison hospital in 1912 Even during his lifetime songs were being written about Shelton and eventually 450 versions of his story would be recorded As the song you may know Shelton as Stagolee or Stagger Lee was shared and adapted the emotions of the time were preserved but the fact that the songs described real people real lives often fell by the wayside Polenberg returns us to the men and women who in song became legends The lyrics serve as valuable historical sources providing important information about what had happened why and what it all meant More important they reflect the character of American life and the pathos elicited by the musical memory of these common and troubled lives *Encyclopedia of China* Dorothy Perkins,2013-11-19 Presents a representative cross section of entries on all aspects of the history and culture of China Alphabetically organized the entries include major cities and provinces historical eras and figures government and politics economics religion language and the writing system food and customs sports and martial arts crafts and architecture important Chinese figures outside of mainland China important Westerners in China **Civil War Biographies from the Western Waters** Myron J. Smith, Jr.,2015-02-20 From 1861 to 1865 the Civil War raged along the great rivers of the Ohio and Mississippi valleys While various Civil War biographies exist none have been devoted exclusively to participants in the Western river war as waged down the Mississippi to the mouth of the Red River and up the Ohio the Tennessee and the Cumberland Based on the Official Records county histories newspapers and internet sources this is the first work to profile personnel involved in the fighting on these great streams Included in this biographical encyclopedia are Union and Confederate naval officers down to the rank of mate enlisted sailors who won the Medal of Honor or otherwise distinguished themselves or who wrote accounts of life on the gunboats army officers and leaders who played a direct role in combat along Western waters political officials who influenced river operations civilian steamboat captains and pilots who participated in wartime logistics and civilian contractors directly involved including shipbuilders dam builders naval constructors and munitions experts Each of the biographies includes where known birth death and residence data unit organization or ship involvement in the river war pre and post war careers and source documentation Hundreds of individuals are given their first historic recognition *Congressional Record* United States. Congress,1924 **Confederate Veteran** ,1895 **Diehard Rebels** Jason Phillips,2007 Concentrates on diehard rebel soldiers faith in Confederate invincibility and reveals the history of southern culture as a continuum rather than a succession of old South Confederacy new South **AF Press Clips** ,1984 *Chatterbox* John Erskine Clarke,1915 Stories articles puzzles games and other miscellaneous writings for children

Chatterbox ,1915 **AF Press Clips** United States Department of State. Bureau of African Affairs,1979 **Promise and Peril** Christopher McKnight Nichols,2011-08-11 Spreading democracy abroad or taking care of business at home is a tension as current as the war in Afghanistan and as old as America itself Tracing the history of isolationist and internationalist ideas from the 1890s through the 1930s Nichols reveals unexpected connections among individuals and groups from across the political spectrum who developed new visions for America s place in the world From Henry Cabot Lodge and William James to W E B Du Bois and Jane Addams to Randolph Bourne William Borah and Emily Balch Nichols shows how reformers thinkers and politicians confronted the challenges of modern society and then grappled with urgent pressures to balance domestic priorities and foreign commitments Each articulated a distinct strain of thought and each was part of a sprawling national debate over America s global role Through these individuals Nichols conducts us into the larger community as it strove to reconcile America s founding ideals and ideas about isolation with the realities of the nation s burgeoning affluence rising global commerce and new opportunities for worldwide cultural exchange The resulting interrelated set of isolationist and internationalist principles provided the basis not just for many foreign policy arguments of the era but also for the vibrant as well as negative connotations that isolationism still possesses Nichols offers a bold way of understanding the isolationist and internationalist impulses that shaped the heated debates of the early twentieth century and that continue to influence thinking about America in the world today **Harper's Weekly** John Bonner,George William Curtis,Henry Mills Alden,Samuel Stillman Conant,Montgomery Schuyler,John Foord,Richard Harding Davis,Carl Schurz,Henry Loomis Nelson,John Kendrick Bangs,George Brinton McClellan Harvey,Norman Hapgood,1861 **"A" New English Dictionary on Historical Principles** William A. Craigie,James Augustus Henry Murray,1919 *Southern Agriculturist* ,1906 Confederate War Journal ,1894
