The Lands of the Eastern Caliphate Guy Le Strange, 1905 **NBS Special Publication** , 1968 **Walking to Magdalena** Seth Schermerhorn, 2019-04-01 In *Walking to Magdalena* Seth Schermerhorn explores a question that is central to the interface of religious studies and Native American and indigenous studies What have Native peoples made of Christianity By focusing on the annual pilgrimage of the Tohono O'odham to Magdalena in Sonora Mexico Schermerhorn examines how these indigenous people of southern Arizona have made Christianity their own This walk serves as the entry point for larger questions about what the Tohono O'odham have made of Christianity With scholarly rigor and passionate empathy Schermerhorn offers a deep understanding of Tohono O'odham Christian traditions as practiced in everyday life and in the words of the O'odham themselves The author's rich ethnographic description and analyses are also drawn from his experiences accompanying a group of O'odham walkers on their pilgrimage to Saint Francis in Magdalena For many years

scholars have agreed that the journey to Magdalena is the largest and most significant event in the annual cycle of Tohono O odham Christianity. Never before, however, has it been the subject of sustained scholarly inquiry. Walking to Magdalena offers insight into religious life and expressive culture relying on extensive field study, videotaped and transcribed oral histories of the O odham, and archival research. The book illuminates indigenous theories of personhood and place in the everyday life, narratives, songs, and material culture of the Tohono O odham. *The ISCC-NBS Method of Designating Colors and a Dictionary of Color Names* Kenneth Low Kelly, 1955 Circular United States. Green Section, 1926 **Shadowlands** Anthony McCann, 2019-07-02 Los Angeles Times Bestseller An epic exploration of the 2016 right wing Oregon Occupation, an excellent microcosm by which we might better understand our difficult national history and distressing political moment. Maggie Nelson In 2016 a group of armed, divinely inspired right wing protestors led by Ammon Bundy occupied the Malheur National Wildlife Refuge in the high desert of eastern Oregon. Encamped in the shadowlands of the republic, insisting that the Federal government had no right to own public land, the occupiers were seen by a divided country as either dangerous extremists dressed up as cowboys or as heroes insisting on restoring the rule of the Constitution. From the Occupation's beginnings to the trials of the occupiers in federal court in downtown Portland and their tumultuous aftermaths, *Shadowlands* is the resonant, multifaceted story of one of the most dramatic flashpoints in the year that gave us Donald Trump. Sharing the expansive stage with the occupiers are a host of others: Native American tribal leaders, public lands ranchers, militia members, environmentalists, federal defense attorneys, and Black Lives Matter activists, each contending in their different ways with the meaning of the American promise of Liberty. Gathering into its vortex the realities of social media, technology, history, religion, race, and the environment, this piercing work by Anthony McCann offers us a combination of beautiful writing and high stakes analysis of our current cultural and political moment. *Shadowlands* is a clarifying, exhilarating story of a nation facing an uncertain future and a murky past in a time of great collective reckoning.
