**Seeing Ourselves in Nature** Jessica Fong, 2025-08-19 Discover the profound and joyous stories of Black and Brown nature educators In *Seeing Ourselves in Nature* author Jessica Fong asks how educators in the United States who are Black Indigenous or other people of color can create space for predominantly BIPOC children and families to reconnect to nature Recognizing the scarcity of stories from people of color in the predominately white literature surrounding nature education in the United States Fong sought out thirteen other BIPOC educators to share their rich and profound experiences with young children in nature Sharing these stories is a first step in the long road to making nature education equitable for all children In section one educators work toward liberation and justice by actively pushing against the pushdown of academics on children of color In section two community and cultural connections based in nature come to the forefront as educators share the importance of seeing Black and Brown faces in natural spaces both in real life and in the images found in books In section three prose and poetry stories from Black women become radical by virtue of their simplicity as they connect the students and families they serve by centering their experiences with nature In section four children harness their powerful curiosity and intrinsic motivation when interacting with nature

Clooney, SJ, 1996-07-03 *Seeing through Texts* invites us into the world of south Indian Hinduism through a study of 100 songs of the Tiruv ymoli the great masterpiece of the ninth century Hindu saint Sa k pan These unique songs dedicated to the Hindu god Vi u K a lead us through poetic and imaginative philosophical and moral reflections on the nature of the self and the world ancient myths and temple worship and the mystical moods of longing desire and love in which one seeks loses and finds again the God who loves us first The book is also a study of the interpretation of the Tiruv ymoli in the traditional Hindu rivai ava commentaries of the twelfth fourteenth centuries as well as a comparative theological study which explores the implication of the songs and their commentaries for readers from outside the rivai ava tradition

**Animals as Seen Through God'S Eyes** Dwila R. Funk, 2014-06-30 Have you ever wondered what happens to your beloved pet when he or she dies Will you ever be able to see him or her again in heaven Or have you been plagued by the disturbing thought that animals are only here on earth for our enjoyment in this life but when they die that is it for them and they are gone forever This haunted me for decades until I finally got up enough courage to seek out the truth for myself I went to the word of God to conduct my own research This book is the result of my quest to find the truth about how God really sees animals and His plan for them I was

astounded by the wealth of information that God shares in the Holy Bible regarding animals The answers are there hidden in His word All anyone needs to do is look      **Seeing Through the Veil** Suzanne Conklin Akbari,2004-01-01 During the later Middle Ages new optical theories were introduced that located the power of sight not in the seeing subject but in the passive object of vision This shift had a powerful impact not only on medieval science but also on theories of knowledge and this changing relationship of vision and knowledge was a crucial element in late medieval religious devotion In *Seeing through the Veil* Suzanne Conklin Akbari examines several late medieval allegories in the context of contemporary paradigm shifts in scientific and philosophical theories of vision After a survey on the genre of allegory and an overview of medieval optical theories Akbari delves into more detailed studies of several medieval literary works including the *Roman de la Rose* Dante's *Vita Nuova* *Convivio* and *Commedia* and Chaucer's dream visions and *Canterbury Tales* The final chapter *Division and Darkness* centres on the legacy of allegory in the fifteenth century Offering a new interdisciplinary synthetic approach to late medieval intellectual history and to major works within the medieval literary canon *Seeing through the Veil* will be an essential resource to the study of medieval literature and culture as well as philosophy history of art and history of science
