Seek And You Shall Find:

Seek and You Shall Find Taizé, 2006-09 Short meditations about the nature of God are offered as answers to questions such as Why do we call God Father Is God a judge and What does it mean to believe The answers emphasize the human longing for a meaningful life and offer starting points for further investigation in Bible passages with commentary on the Resurrection and Jesus's message of love and forgiveness **Joy** Osho, 2010-04-01 One of the twentieth century's greatest spiritual teachers inspires us to experience and appreciate both the elation and sadness of Joy The Happiness That Comes from Within With an artful mix of compassion and humor Osho shows us that joy is the essence of life that even unhappiness has its root in joy He encourages us to accept joy by being grateful to be alive and for the challenges and opportunities in life and by finding the good in all that we have rather than setting conditions or demands for happiness By embracing joy one comes closer to a true peaceful and balanced state Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world Thee Truth Bonga

Makholwa, 2015-06-15 The truth is that there is something within you that is not in harmony with what you believe Your will is not in harmony with what should be There is something within you that sees the world and knows that these answers are not leading to what actually should be All through life you have chosen to look at the world as you are and what your circumstances told you You never took time to look at it as it is and at its true nature for I tell you the painful truth life is really simple but you insist on complicating it For a long time you have listened to outside noises and ignored the voice inside you You have forgotten the person you were before the world told you who you are for I say to you take a look at the world closely Now see what I see feel what I feel understand what I understand and perceive what I perceive According to religion 99 percent are going to heaven According to the Son of Man a mere 1 percent is going to hell For I tell you the truth not all you have been told is what truly is for some people have been fooled most of this time but I tell you the truth not all of the people can be fooled all of the time For a long time you have searched for the door to the truth only to realize that you had the key all along for I tell you the truth you are what you think not what you think you are Think about it Now think about it

Words I Love, Volume 2 Charles Santiago, 2024-12-27 When a loving husband lost his wife his world was turned all upside down He began to seek a higher life and a higher life is what he found Questions came and brought relief Can love be stronger than the grave Are humans more than animated clay Are departed loved ones not able to communicate with those they love on Earth Could it be that far from being in a remote afterlife only minimally or not at all engaged with their loved ones on Earth departed loved ones are fully aware of their loved ones earthly lives and can interact with them moment by

moment Could it be that only resistance to this idea keeps it from becoming a reality **The Revolution** OSHO,2023-09-20 Osho brings alive the words of the Indian mystic Kabir with this fiery treatise on the only real revolution that matters enlightenment With love insight and compassion Osho delves deeply into the essential difference between a rebel and a revolutionary The sham of the orthodox conventional and traditional approaches to religion and spirituality are exposed by Osho s penetrating clarity In Osho s hands Kabir s approach will give you a glimpse into what kind of religiousness is possible in the future **The Christian examiner and Church of Ireland magazine** ,1826 *Inquiring about God: Volume 1, Selected Essays* Nicholas Wolterstorff,2010-02-04 Inquiring about God is the first of two volumes of Nicholas Wolterstorff s collected papers This volume collects Wolterstorff s essays on the philosophy of religion written over the last thirty five years The essays which span a range of topics including Kant s philosophy of religion the medieval or classical conception of God and the problem of evil are unified by the conviction that some of the central claims made by the classical theistic tradition such as the claims that God is timeless simple and impassible should be rejected Still Wolterstorff contends rejecting the classical conception of God does not imply that theists should accept the Kantian view according to which God cannot be known Of interest to both philosophers and theologians Inquiring about God should give the reader a lively sense of the creative and powerful work done in contemporary philosophical theology by one of its foremost practitioners *ANF03.
