Seek Reports From The Edge Of America :

The Laughing Monsters Denis Johnson, 2014-11-04 Denis Johnson's New York Times bestseller *The Laughing Monsters* is a high suspense tale of kaleidoscoping loyalties in the post 9/11 world that shows one of our great novelists at the top of his game. Roland Nair calls himself Scandinavian but travels on a U.S. passport. After ten years' absence, he returns to Freetown, Sierra Leone, to reunite with his friend Michael Adriko. They once made a lot of money here during the country's civil war and are curious to see whether good luck will strike twice in the same place. Nair has allowed himself to be drawn back to a region he considers hopeless. Adriko is an African who styles himself a soldier of fortune and who claims to have served at various times the Ghanaian army, the Kuwaiti Emiri Guard, and the American Green Berets. He's probably broke now but he remains at thirty-six, as stirred by his own doubtful schemes as he was a decade ago. Although Nair believes some kind of money-making plan lies at the back of it all, Adriko's stated reason for inviting his friend to Freetown is for Nair to meet Adriko's fiancée, a grad student from Colorado named Davidia. Together the three set out to visit Adriko's clan in the Uganda-Congo borderland, but each of these travelers is keeping secrets from the others. Their journey through a land abandoned by the future leads Nair, Adriko, and Davidia to meet themselves not in a new light but rather in a new darkness. **None Dare Call it**

Masculinity Andrew Strombeck, 2003 **Contemporary Literary Criticism Cumulative Title Index 08**, 2008-07 [The End of Engagement](#) David M. McCourt, 2024-09-03 After the Cold War, America's leaders hoped Russia and China could be integrated into the rules-based international order and might even become more like the West. By the late 2010s, their optimism was dead. In *The End of Engagement*, David M. McCourt traces the intense personal, professional, and policy struggles over China and Russia in U.S. foreign policy since 1989. Drawing on 170 original interviews with America's China and Russia experts, from former policymakers and diplomats to prominent think tankers and academics, McCourt chronicles the rise and recent fall of engagement with Beijing and Moscow. While there are numerous explanations for why America moved away from engagement with China and Russia in the last decade, McCourt shows that none consider how important foreign policy knowledge communities have been in impacting policy. Adopting a unique sociological perspective, this book offers an intimate look into the world of America's national security experts as they have struggled to make sense of changes in China and Russia and the remaining question of what comes next.
