Pamela Leong

Seeker Churches Promoting Traditional Religion In A Non Traditional Way:

Seeker Churches Kimon Howland Sargeant,2000 *Seeker Churches* Kimon Howland Sargeant,2000 America's religious landscape is in flux New churches are springing up and many older churches are redefining themselves to survive At the forefront of this denominational free for all are evangelical seeker churches These churches target seekers individuals of any faith or denominational background who seek spiritual fulfillment but are not currently affiliated with any specific church By focusing on this largely untapped group seeker churches have become one of the fastest growing religious movements in the country In his study Kimon Sargeant provides a sociological context for the rise of these churches by exploring the rituals messages strategies and denominational functions of this emerging form of American evangelical Protestantism Featuring live bands professional lighting and sound systems and multi media presentations seeker churches are attracting many people who have dropped out of organized religion To broaden their appeal they offer attendees advice on everyday issues ranging from relationships to finance Sargeant focuses on the success of the Willow Creek Association the seeker church association started by the Willow Creek Community Church near Chicago With over 5 000 member churches the seven year old association has already outdistanced 90 percent of American denominations and is the leader of the seeker church movement Through eyewitness accounts and careful research Sargeant reveals the seeker movement to be a reformation of American Protestantism Beyond Megachurch Myths Scott Thumma,Dave Travis,2007-08-10 Drawing on extensive broad based and well designed research as well as stories and anecdotes *Beyond Megachurch Myths* dispels popular myths about megachurches while highlighting the diversity within the megachurch phenomenon Defining a megachurch as a Protestant church that averages at least 2000 total attendees in their weekend services Scott Thumma and Dave Travis reveal what these churches are and are not why they are thriving what their members say about their experiences and why they have many valuable lessons to teach smaller churches *Religion in Consumer Society* François Gauthier,2016-04-08 Presenting an overview of an emerging field in the study of contemporary religion this book together with a complementary volume *Religion in the Neoliberal Age* explores issues of religion neoliberalism and consumer society Claiming that we have entered a new phase that implies more than the recasting of state religion relations the authors examine how religious changes are historically anchored in modernity but affected by the commoditization mediatization neoliberalization and globalization of society and social life *Religion in Consumer Society* explores religion as both shaped by consumer culture and as shaping consumer culture Following an introduction which critically analyses studies on consumer culture and integrates scholarship in the sociology of religion this book explores the following topics how consumerism and electronic media have shaped globalized culture and how this is affecting religion the dynamics and characteristics of often overlooked middle class religion and how these relate to globalization and differences between developed and emerging countries emerging trends and how we understand phenomena as different as mega churches and holistic spiritualistic

journeys and how the pressures of consumer culture act on religious traditions indigenous and exogenous the politics of religious phenomena in the Age of Neoliberalism and the hybrid areas emerging from these reconfigurations of religion and the market Outlining changes in both the political institutional and cultural spheres the contributors offer an international overview of developments in different countries and state of the art representation of religion in the new global political economy

After the Baby Boomers Robert Wuthnow, 2010-02-22 Much has been written about the profound impact the post World War II baby boomers had on American religion But the lifestyles and beliefs of the generation that has followed and the influence these younger Americans in their twenties and thirties are having on the face of religion are not so well understood It is this next wave of post boomers that Robert Wuthnow examines in this illuminating book What are their churchgoing habits and spiritual interests and needs How does their faith affect their families their communities and their politics Interpreting new evidence from scores of in depth interviews and surveys Wuthnow reveals a generation of younger adults who unlike the baby boomers that preceded them are taking their time establishing themselves in careers getting married starting families of their own and settling down resulting in an estimated six million fewer regular churchgoers He shows how the recent growth in evangelicalism is tapering off and traces how biblical literalism while still popular is becoming less dogmatic and more preoccupied with practical guidance At the same time Wuthnow explains how conflicts between religious liberals and conservatives continue including among new immigrant groups such as Hispanics and Asians and how in the absence of institutional support many post boomers have taken a more individualistic improvised approach to spirituality Wuthnow s fascinating analysis also explores the impacts of the Internet and so called virtual churches and the appeal of megachurches **After the Baby Boomers** offers us a tantalizing look at the future of American religion for decades to come

The Humble Church Martyn Percy , 2021-03-31 In this bold and provocative invitation Martyn Percy imagines what the post pandemic Church might look like and sets out what it needs to learn It argues that the Church needs to stop obsessing about itself its size its strategies to shore up decline its waning public influence and rediscover how to live as the body of Christ In other words what does it need to do in order to become more like Christ As Christ poured out his life for the sake of others he considers ways in which the Church might imitate Christ in practice today Whenever Jesus visited anywhere beyond the confines of the Jewish community he immediately became socially useful and so this extols such virtues as humble service in the community not because it is an effective way to grow the Church but because it is faithful to Christ s own example Avoiding responses such as exasperation righteous anger at shortcomings or wishful thinking about returning to the past he sets out a vision for the Church s future that is both biblical and christological Incisive imaginative and engagingly written this will resonate deeply with many lay and ordained members of the Church

Soul Winners David Clary, 2022-09-15 American evangelicals have always been innovators They reimagined what a church could be whether it was a humble tent in a rural field or a high tech urban megachurch They embraced new forms of media to spread their

message to the masses They thrived in a fiercely competitive religious marketplace In *Soul Winners* journalist David Clary argues that this entrepreneurial spirit has indelibly shaped evangelical ministries and their worldview For generations evangelical leaders have partnered with tycoons to pay for their churches crusades and campuses In turn evangelicals adopted the pro business anti government values of their conservative benefactors White evangelicals evolved into the Republican Party s most loyal voting bloc The close relationship between business and evangelicals has produced the growth oriented megachurches that dot the nation s landscape Pastors such as Rick Warren used market research and management theory to create their seeker sensitive churches Televangelists and prosperity gospel preachers most notably Joel Osteen tell their audiences that faith will be rewarded in this world as well as in the kingdom to come Clary s narrative approach brings to life colorful characters such as the ballplayer turned preacher Billy Sunday who condemned the godless social service nonsense of liberal churches and Billy Graham who brought evangelicalism into the highest precincts of business and politics *Soul Winners* offers a fresh balanced perspective on evangelicals and the consequences of their enduring influence on American life

Vocation and the Politics of Work Jeffrey Scholes, 2013-03-08 Since Martin Luther vocations or callings have had a close relationship with daily work It is a give and take relationship in which the meaning of a vocation typically negotiates with the kinds of work available and vice versa at any given time While vocation language still has currency in Western culture today s predominant meaning of vocation has little to do with the actual work performed on a job Jeffrey Scholes contends that recent theological treatments of the Protestant concept of vocation both academic and popular often unwittingly collude with consumer culture to circulate a concept of vocation that is detached from the material conditions of work The result is a consumer friendly vocation that is rendered impotent to inform and if necessary challenge the political norms of the workplace For example he classifies Rick Warren s concept of purpose in his best selling book *The Purpose Driven Life* as a functional equivalent of vocation that acts in this way Other popular uses of vocation along with insights culled from traditional theology and consumer culture studies help Scholes reveal the current state of vocations in the West Using recent scholarship in the field of political theology he argues that resisting commodification is a possibility and a prerequisite for a political vocation if it is at all able to engage the norms that regulate and undermine the pursuit of justice in many modern workplaces

The Worship Mall Bryan D. Spinks, 2011-02-01 Religion today is in competition with the leisure and entertainment industries Gen Y the postmodern generation is open to spirituality but most of today s young adults have not been born into faith communities where they feel any lasting allegiance Studies suggest that for the young belief in God is an optional matter a virtual consumer choice As a result different trends in worship and worship styles are offered by different churches to suit lifestyles attitudes and personal taste

The Theology of Dallas Willard Gary Black Jr., 2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the

hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith Evangelicals, Worship and Participation Alan Rathe,2016-04-22 In discussions of worship the term participation covers a lot of ground It refers not only to concrete acts in gathered liturgy but also to some of the loftiest claims of Christian theology In this book Alan Rathe probes the ways in which North American evangelicals have in recent years regarded the landscape of participation Rathe presents a broad review of evangelical worship literature through a lens borrowed from medieval theology This brings into surprising focus not only evangelical understandings but also evangelical identities and the historical traditions they reflect and offers fresh perspectives on such current theological concerns as God s triunity missio Dei and the practical theology of participation Offering a fresh contribution to a young but important discipline the liturgically informed study of evangelical worship practice this book reconnects the evangelical tradition to the Great Tradition and in the process re appropriates classic concepts that are full of promise for contemporary ecumenical dialogue

Church Advertising, Public Relations and Marketing in Twentieth-Century America John C. Hardin,2022-12-14 This book examines the complex relationship between religion and business in twentieth century America It is the story of how Christianity s most basic institution the local church wrestled with the challenges and compromises of competing in the modern marketplace through adopting the advertising public relations and marketing methods of business It follows these sacred promoters and their critics as they navigated between divinely inspired and consumer demanded Amid an animated and contentious battleground for principles practices and parishioners John C Hardin explores the landscape of selling religion in America and its evolution over the twentieth century **Salvation with a Smile** Phillip Luke Sinitiere,2015-11-13 Joel Osteen the smiling preacher has quickly emerged as one of the most recognizable Protestant leaders in the country His megachurch the Houston based Lakewood Church hosts an average of over 40 000 worshipers each week Osteen is the best selling author of numerous books and his sermons and inspirational talks appear regularly on mainstream cable and satellite radio How did Joel Osteen become Joel Osteen How did Lakewood become the largest megachurch in the U S **Salvation with a Smile** the first book devoted to Lakewood Church and Joel Osteen offers a critical history of the congregation by linking its origins to post World War II neopentecostalism and connecting it to the exceptionally popular prosperity gospel movement and the enduring attraction of televangelism In this richly documented book historian Phillip Luke Sinitiere carefully excavates the life and times of Lakewood s founder John Osteen to explain how his son Joel expanded his legacy and fashioned the congregation into America s largest megachurch As a popular preacher Joel Osteen s ministry has been a source of existential strength for many but also the routine target of religious critics who

vociferously contend that his teachings are theologically suspect and spiritually shallow Sinitiere's keen analysis shows how Osteen's rebuttals have expressed a piety of resistance that demonstrates evangelicalism's fractured but persistent presence Salvation with a Smile situates Lakewood Church in the context of American religious history and illuminates how Osteen has parlayed an understanding of American religious and political culture into vast popularity and success *The Spirit of Praise* Monique M. Ingalls, Amos Yong, 2015-06-18 In *The Spirit of Praise* Monique Ingalls and Amos Yong bring together a multidisciplinary scholarly exploration of music and worship in global pentecostal charismatic Christianity at the beginning of the twenty first century *The Spirit of Praise* contends that gaining a full understanding of this influential religious movement requires close listening to its songs and careful attention to its patterns of worship The essays in this volume place ethnomusicological theological historical and sociological perspectives into dialogue By engaging with these disciplines and exploring themes of interconnection interface and identity within musical and ritual practices the essays illuminate larger social processes such as globalization sacralization and secularization as well as the role of religion in social and cultural change Aside from the editors the contributors are Peter Althouse Will Boone Mark Evans Ryan R Gladwin Birgitta J Johnson Jean Ngoya Kidula Miranda Klaver Andrew Mall Kimberly Jenkins Marshall Andrew M McCoy Martijn Oosterbaan Dave Perkins Wen Reagan Tanya Riches Michael Webb and Michael Wilkinson *Rhythms of Reformation* Garth Ball, 2025-07-29 *Rhythms of Reformation* explores how the COVID 19 pandemic exposed the cracks in a Sunday centric consumer driven church culture and awakened a call to return to Christ's original heartbeat of discipleship It argues that the pandemic was not a disaster to lament or an interruption to endure but a catalyst for a profound reformation of the church Blending personal story with theological reflection this book follows the author's leadership journey through the pandemic engaging a broad range of literature to offer insight for navigating Spirit led seasons of change These seasons however need not be limited to times of crisis they can become intentional patterns that leaders cultivate shaping churches continually around the biblical priority of disciple making This book is especially helpful for current and emerging church leaders who sense the winds of change but lack a clear blueprint for navigating them **Pentecostal Megachurches in Southeast Asia** Terence Chong, 2018-05-24 Charismatic pastors fast paced worship sessions inspirational but shallow theology and large congregations these are just some of the associated traits of Pentecostal megachurches But what lies beneath the veneer of glitz What are their congregations like How did they grow so quickly How have they managed to negotiate local and transnational challenges This book seeks to understand the growth and popularity of independent Pentecostal megachurches in Southeast Asia Using an ethnographic approach the chapters examine Pentecostal megachurches in Malaysia Indonesia the Philippines and Singapore Each chapter dwells on the development of the megachurch set against the specific background of the country's politics and history **The Megachurch and the Mainline** Stephen Ellingson, 2008-09-15 Religious traditions provide the stories and rituals that define the core values of church members Yet modern life in America

can make those customs seem undesirable even impractical As a result many congregations refashion church traditions so they may remain powerful and salient How do these transformations occur How do clergy and worshipers negotiate which aspects should be preserved or discarded Focusing on the innovations of several mainline Protestant churches in the San Francisco Bay Area Stephen Ellingson's *The Megachurch and the Mainline* provides new understandings of the transformation of spiritual traditions For Ellingson these particular congregations typify a new type of Lutheranism one which combines the evangelical approaches that are embodied in the growing legion of megachurches with American society's emphasis on pragmatism and consumerism Here Ellingson provides vivid descriptions of congregations as they sacrifice hymns in favor of rock music and scrap traditional white robes and stoles for Hawaiian shirts while also making readers aware of the long history of similar attempts to Americanize the Lutheran tradition This is an important examination of a religion in flux one that speaks to the growing popularity of evangelicalism in America

Religion, Flesh, and Blood

Pamela Leong, 2015-05-06 This is a case study of one congregation within the Unity Fellowship Church Movement that relies on therapeutic religion a form of religion that strives to equip individuals with psychological capital by enabling self expressions and affirmations of social differences The therapeutic ethic that characterizes this congregation has enabled some freedoms that are otherwise disallowed in traditional congregations These new freedoms inadvertently have led to certain excesses including overtly sexual language and behaviors But this is not to say that the congregation disregards conventional norms altogether or that therapy is used simply as an excuse for self indulgence Rather in spite of the occasional messiness that may arise there is something significant and deep about therapeutic religion For religious organizations serving traumatized and marginalized populations in particular therapeutic religion may be pivotal in helping to reintegrate the wounded back into the community folds

Baptists in America

Bill J. Leonard, 2005 From Little Dove Old Regular Baptist Church up a hollow in the Appalachian Mountains with its 25 member congregation to the 18 000 strong Saddleback Valley Church in Lake Forest California where hymns appear on wide screen projectors and from Jerry Falwell Jesse Helms and Tim LaHaye to Martin Luther King Jr Jesse Jackson Bill Clinton and Maya Angelou Baptists are a study in contrasts At first glance Baptist theology seems classically Protestant in its emphasis on the Trinity the incarnation of Jesus Christ the authority of Scripture salvation by faith alone and baptism by immersion Yet interpretation and implementation of these beliefs have made Baptists one of the most fragmented denominations in the United States Indeed they are often characterized as a people who multiply by dividing This book introduces readers to this fascinating and diverse denomination offering a sociological portrait of a group numbering some thirty million members Bill J Leonard explores Baptist history beliefs practices and disputes as well as contributions to American culture and the religious landscape Leonard also discusses the major controversial issues within the denomination including race the interpretation of scripture the role of women in the church the separation of church and state religion and politics ethics and sexuality From publisher description

Church Planters Richard N. Pitt, 2022 Millions are leaving churches half of all churches do not add any new members and thousands of churches shutter their doors each year These numbers suggest that American religion is not a growth industry Yet more than 1000 new churches are started in any given year In Church Planters sociologist Richard Pitt uses a series of in depth interviews with church planters to understand what moves people who might otherwise be satisfied working for churches to the riskier role of starting one
