Papyri Sir Denys Lionel Page, 1932 *Select papyri* gives a selection of Greek papyri covering a period from before 300 BCE to the eighth century CE. From such papyri we get much information about administration and social and economic conditions in Egypt and about native Egyptian Greek Roman and Byzantine law as well as glimpses of ordinary life. Also included are papyri relating to public business of various kinds in Egypt including affairs in that country first when it was ruled by the Greek Ptolemaic kings secondly when it was a Roman province. The earliest examples date from the reign of King Ptolemy II Philadelphus and the latest from the government by the Arabs after their conquest of Egypt in 639/3641 CE. The papyri found in Egypt and included here have also yielded fragments large and small of ancient literary authors. *Select Papyri, in Five Volumes: Literary papyri, poetry* Arthur Surridge Hunt, Campbell Cowan Edgar, 1952 Beware the Evil Eye, 4-Volume Set John H. Elliott, 2017-09-20. In the Sermon on the Mount Jesus of Nazareth makes reference to one of the oldest beliefs in the ancient world: the malignity of an Evil Eye. The Holy Scriptures in their original languages contain no less than twenty-four references to the Evil Eye, although this is obscured by most modern Bible translations. John H. Elliott's *Beware the Evil Eye* describes this belief and associated practices: its history, its voluminous appearances in ancient cultures, and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the Evil Eye and its presence in the Bible. The four volumes cover the ancient world from Sumer to the Middle Ages. Select Papyri, 1932 *Daggers and Ink* Michael Taylor, 2007-09-20. Polo Apolinaris lives in the little farm town of Karanis far up the Nile in the year 173 AD. A family friend, a retired Roman officer, has written letters of recommendation for him so that he can join the Praetorian Fleet and now he is on his way to Alexandria on the coast of Egypt as the first stage of his journey to Rome. But the officer included a mysterious list of names along with his letters and someone wants it destroyed. Brigands attack Polo and his party in the desert; someone pushes him into a pool full of crocodiles and finally a traveling companion steals the list. River pirates assault the boat carrying Polo and his friend Apion down the Nile and elsewhere. Antonius Longus, the boy who stole the list, finds that joining a conspiracy against Rome is not as simple as he thought. The three meet again in the baths of Alexandria where an agent of the prefect of Egypt chases the conspirators and tries to reclaim the list. *O-T* Charles Archibald Stonehill, Andrew Block, H. Winthrop Stonehill, 1926 Citizens in the Graeco-Roman World, 2017-09-18. The twelve studies contained in this volume discuss some key aspects of citizenship from its emergence in Archaic Greece until the Roman period before AD 212 when Roman citizenship was extended to all the free inhabitants of the Empire. The book explores the processes of formation and re-formation of citizen bodies, the integration of foreigners, the question of

multiple citizenship holders and the political and philosophical thought on ancient citizenship The aim is that of offering a multidisciplinary approach to the subject ranging from literature to history and philosophy as well as encouraging the reader to integrate the traditional institutional and legalistic approach to citizenship with a broader perspective which encompasses aspects such as identity formation performative aspect and discourse of citizenship

Ancient History Charles W. Hedrick, Jr., 2008-04-15 This book introduces students to the chief disciplines methods and sources employed in doing ancient history as opposed to reading it The book Encourages readers to engage with historical sources rather than to be passive recipients of historical tales Gives readers a sense of the nature of evidence and its use in the reconstruction of the past Helps them to read a historical narrative with more critical appreciation Encourages them to consider the differences between their own experience of ancient sources and the use of these objects within the everyday life of ancient society A concise bibliographical essay at the end of each chapter refers to introductions indices research tools and interpretations and explains scholarly jargon Written clearly concisely and concretely invoking ancient illustrations and modern parallels as
