Sin And Confession On The Eve Of The Reformation:

Sin and Confession on the Eve of the Reformation Thomas N. Tentler, 2015-03-08 Although John Calvin often likened sacramental confession to butchery the Council of Trent declared that for those who approached it worthily it was made easy by its great benefits and consolations Thomas Tentler describes and evaluates the effectiveness of sacramental confession as a functioning institution designed to cause guilt as well as cure guilt seeing it in its proper place as a part of the social fabric of the Middle Ages The author examines the institution of confession in practice as well as in theory providing an analysis of a practical literature whose authors wanted to explain as clearly as they safely could what confessors and penitents had to believe do feel say and intend if sacramental confession were to forgive sins In so doing he recreates the mentality and experience that the Reformers attacked and the Counter Reformers defended Central to his thesis is the contention that Luther Calvin and the Fathers of Trent regarded religious institutions as the solution to certain social and psychological problems and that an awareness of this attitude is important for an assessment of the significance of confession in late medieval and Reformation Europe Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 [A Bibliographic Guide to the Comparative Study of Ethics](#) John Braisted Carman, Mark Juergensmeyer, William Darrow, 1991-04-26 This bibliography is the culmination of four years work by a team of noted scholars its annotated entries are organised by religious tradition and cover each tradition s central concepts offering a judicious selection of primary and secondary works as well as recommendations of cross cultural topics to be explored Specialists in the history and literature of religions and comparative religion will find this bibliography a valuable research tool [Go In Peace](#) Martin L. Smith, 2014-08-12 Go In Peace offers help to clergy exercising pastoral ministry as confessors It provides an overview of Anglican Rite of Reconciliation the pastoral skills needed its relationship to pastoral counselling the disciplines of confidentiality and the integration of this ministry into mature priestly identity and spirituality [Go in Peace](#) Julia Gatta, Martin L. Smith, 2012-10 Helps develop the pastoral skills needed for hearing confessions Although the sacramental Rite of Reconciliation is included in many Anglican prayer books nothing has been written expressly Anglicans since the 1980s that focuses on the pastoral skills required for this ministry This book combines and passes on the teaching coaching skill development and accumulated pastoral wisdom that has not been widely accessible or well integrated into clergy training Realistic transcripts and verbatims of sample confessions and counseling sessions involving a wide range of people makes this a unique ministry resource for most seminaries and theological colleges plus clergy in general including Lutheran pastors who use the rite of Individual

Confession and Absolution in the Lutheran Book of Worship A New History of Penance Abigail Firey, 2008-02-12 Between the third and sixteenth centuries penance the acts or gestures performed to atone for transgression usually with an interest in the salvation of the penitent's soul was a crucial mode of participation in both society and the cosmos Penance was incorporated into political and legal negotiations it erupted in improvisational social dramas it was subject to experimentation and innovation and it saturated western culture with images of contrition suffering and reconciliation During the late antique medieval and early modern periods rituals for the correction of human errors became both sophisticated and popular Creativity in penitential expression reflects the range and complexity of social and spiritual situations in which penance was vital Using hitherto unconsidered source materials the contributors chart new views on how in western culture human conduct was modulated and directed in patterns shaped by the fearsome yet embraced practices of penance Contributors are R Emmet McLaughlin Rob Meens Kevin Uhalde Claudia Rapp Dominique Iogna Prat Abigail Firey Karen Wagner Joseph Goering H Ansgar Kelly Torstein J rgensen Wietse de Boer Ronald K Rittgers Gretchen Starr LeBeau and Jodi Bilinkoff **The Origins of Anglican Moral Theology** Peter H. Sedgwick, 2018-11-05 In *The Origins of Anglican Moral Theology* Peter H Sedgwick shows how Anglican moral theology has a distinctive ethos drawing on Scripture Augustine the medieval theologians Abelard Aquinas and Scotus and the great theologians of the Reformation such as Luther and Calvin A series of studies of Tyndale Perkins Hooker Sanderson and Taylor shows the flourishing of this discipline from 1530 to 1670 Anglican moral theology has a coherence which enables it to engage in dialogue with other Christian theological traditions and to present a deeply pastoral but intellectually rigorous theological position This book is unique because the origins of Anglican moral theology have never been studied in depth before **The Culture of Confession from Augustine to Foucault** Chloe Taylor, 2010-05-26 Drawing on the work of Foucault and Western confessional writings this book challenges the transhistorical and commonsense views of confession as an innate impulse resulting in the psychological liberation of the confessing subject Instead confessional desire is argued to be contingent and constraining and alternatives to confessional subjectivity are explored *Seeing and Being Seen in the Later Medieval World* Dallas G. Denery II, 2005-04-28 During the later Middle Ages people became increasingly obsessed with vision visual analogies and the possibility of visual error In this book Dallas Denery addresses the question of what medieval men and women thought it meant to see themselves and others in relation to the world and to God Exploring the writings of Roger Bacon Duns Scotus Peter Aureol and Nicholas of Autrecourt in light of an assortment of popular religious guides for preachers confessors and penitents including Peter of Limoges *Treatise on the Moral Eye* he illustrates how the question preoccupied medieval men and women on both an intellectual and practical level This book offers a unique interdisciplinary examination of the interplay between religious life perspectivist optics and theology Denery presents significant new insights into the medieval psyche and conception of the self ensuring that this book will appeal to historians of medieval science and those of medieval

religious life and theology **Can Christianity Cure Obsessive-Compulsive Disorder?** Ian Osborn,2008-04 A psychiatrist explores how the Christian faith can play an important part in bringing relief to OCD sufferers **The Precisianist Strain** Theodore Dwight Bozeman,2012-12-01 In an examination of transatlantic Puritanism from 1570 to 1638 Theodore Dwight Bozeman analyzes the quest for purity through sanctification The word Puritan he says accurately depicts a major and often obsessive trait of the English late Reformation a hunger for discipline The Precisianist Strain clarifies what Puritanism in its disciplinary mode meant for an early modern society struggling with problems of change order and identity Focusing on ascetic teachings and rites which in their severity fostered the precisianist strain prevalent in Puritan thought and devotional practice Bozeman traces the reactions of believers put under ever more meticulous demands Sectarian theologies of ease and consolation soon formed in reaction to those demands Bozeman argues eventually giving rise to a first wave of antinomian revolt including the American conflicts of 1636 1638 Antinomianism based on the premise of salvation without strictness and duty was not so much a radicalization of Puritan content as a backlash against the whole project of disciplinary religion Its reconceptualization of self and responsibility would affect Anglo American theology for decades to come **Penitence in the Age of Reformations** Katharine Jackson Lualdi,Anne T. Thayer,2017-07-28 This volume is comprised of thirteen essays that explore penitential teachings and practices from the late fifteenth to the early seventeenth centuries in Western Europe and its colonies Together the essays reveal that in this period penitence was an increasingly important force shaping the individual and society Consequently the authors argue penitence is central to our understanding of early modern Christianity as it was taught and experienced in everyday life From Germany to France and to the Americas Catholics turned to traditional forms of penitence not only to save individual souls but also to assert their confessional identity For their part Protestants established distinctive penitential approaches and institutions in accordance with their own understandings of sin and salvation In thus examining the treatment of post baptismal sin across chronological and confessional boundaries the volume breaks new ground in the history of penance The volume concludes with a postscript assessing the ways in which the essays enrich the current state of scholarship on penitence and encourage further research Katharine Jackson Lualdi is an independent scholar Anne T Thayer is Assistant Professor of Church History at Lancaster Theological Seminary Lancaster Pennsylvania **Tis Pity She's A Whore** Lisa Hopkins,2015-04-10 John Ford s tragedy Tis Pity She s A Whore was first performed between 1629 and 1633 and since then its themes of incest love versus duty and forbidden passion have made it a widely studied and performed if controversial play This guide offers students an introduction to its critical and performance history including TV and film adaptations It includes a keynote chapter outlining major areas of current research on the play and four new critical essays Finally a guide to critical web based and production related resources and an annotated bibliography provide a basis for further individual research **The Reform of Christian Doctrine in the Catechisms of Peter Canisius** Thomas Flowers, S.J.,2023-07-03 The catechisms of Peter Canisius reveal the contours of the struggle within the

Catholic Church to reframe Christian identity in response to the Protestant Reformation Canisius published his first catechism in 1555 and immediately achieved phenomenal publishing success Yet his catechisms received neither endorsement nor approbation from Rome Canisius's catechesis proposed a confident vision of Christian identity grounded in the practice of Catholic piety The Roman Curia increasingly conceived of catechesis as a defensive bulwark against Protestant assault Although Canisius's catechisms often appear in scholarship as representatives of a combative post Reformation style of defending Catholic orthodoxy the combat in which they actually engaged was internal to the Catholic Church over how to reframe post Reformation Catholic identity

Godliness and Governance in Tudor Colchester Laquita M. Higgs, 1998 The Tudor period was a time of extremes when Henry VIII beheaded wives and Queen Mary executed non Catholics With the ascension of Protestant Elizabeth I to the throne the borough of Colchester breathed relief and set about to establish a Godly society Historian Laquita M Higgs shows that Colchester provided one of the earliest illustrations of both the workings and tensions of Puritan town governance

Pastoral Care in Medieval England Peter Clarke, Sarah James, 2019-08-06 Pastoral Care the religious mission of the Church to minister to the laity and care for their spiritual welfare has been a subject of growing interest in medieval studies This volume breaks new ground with its broad chronological scope from the early eleventh to the late fifteenth centuries and its interdisciplinary breadth New and established scholars from a range of disciplines including history literary studies art history and musicology bring their specialist perspectives to bear on textual and visual source materials The varied contributions include discussions of politics ecclesiology book history theology and patronage forming a series of conversations that reveal both continuities and divergences across time and media and exemplify the enriching effects of interdisciplinary work upon our understanding of this important topic

The Humiliation of Sinners Mary C. Mansfield, 2005 This compelling book first published in 1995 changed historians understanding of the history of public penance a topic crucial to debates about the complex evolution of individualism in the West Mary C Mansfield demonstrates that various forms of public humiliation imposed on nobles and peasants alike for shocking crimes as well as for minor brawls survived into the thirteenth century and beyond

Failing Desire Karmen MacKendrick, 2017-12-04 Luckily for human diversity we are perfectly capable of desiring impossible things Failing Desire explores a particular set of these impossibilities those connected to humiliation These include the failure of autonomy in submission of inward privacy in confession of visual modesty in exhibition and of dignity in playing various roles Historically those who find pleasure in these failures range from ancient Cynics through early Christian monks to those now drawn by queer or perverse eroticism As Judith Halberstam pointed out in *The Queer Art of Failure* failure can actually be a mode of resistance to demands for what a culture defines as success Karmen MacKendrick draws on this interest in queer refusals To value desire or seek humiliation

undercuts any striving for success but it draws our attention particularly to the failures of knowledge as a form of power whether that knowledge is of one body or of a population How can we understand will that seeks not to govern itself psychology that constructs inwardness by telling all blushing shame that delights in exposure or dignity that refuses its lofty position Failing Desire suggests that the power of these desires and pleasures comes out of the very realization that this question can never quite be answered Kabbalah and Jewish Modernity Roni Weinstein,2016-05-19 Roni Weinstein s sociological reading of the kabbalistic ideas of the early modern period suggests that they gained acceptance because they met the needs of contemporary Jewish society Although these ideas were presented as continuing a tradition their goal was reformation few aspects of Jewish life were not changed in consequence This broadly based and innovative study challenges accepted ideas on the origins of Jewish modernity and also shows how Counter Reformation Catholicism affected these developments **A Sip from the "well of Grace"** Kirsi Salonen,Ludwig Schmugge,2009 Accompanying CD ROM contains images of the original documents presented in the original Latin and in English translation in part II of A sip from the well of grace The imaages are presented in both JPEG and PDF formats Opening frames
