Between One and One Another Michael Jackson, 2012-01-04 Michael Jackson extends his path-breaking work in existential anthropology by focusing on the interplay between two modes of human existence that of

participating in other people's lives and that of turning inward to one's self. Grounding his discussion in the subtle shifts between being acted upon and taking action, Jackson shows how the historical complexities and particularities found in human interactions reveal the dilemmas, conflicts, cares, and concerns that shape all of our lives. Through portraits of individuals encountered in the course of his travels, including friends and family, and anthropological fieldwork pursued over many years in such places as Sierra Leone and Australia, Jackson explores variations on this theme. As he describes the ways we address and negotiate the vexed relationships between I and we, the one and the many, he is also led to consider the place of thought in human life.

**The One and the Golden Circle** Don Beene, 2003-06-02 Some call the author a mystic, a seer. He knows himself simply as The Seeker. Editors note: The One and The Golden Circle is intelligent, fascinating, ingenious, and thoroughly entertaining. The sequencing of the human genome is complete, and great strides forward in medicine are anticipated. But what other secrets await us in our DNA, internal roadmap of life? Do we have ancestral and evolutionary memory locked in our genetic make-up? Do we have the ability to consciously recall the events that led to modern man? This book examines that very possibility in an ingenious and compelling way. Learn what man may become thousands of evolutionary years from now. Wind your way through the fascinating world of the human genome. Savor the mystery, intrigue, and romance. Live in the mind of primitive man. Trace further back into your personal past to common ancestor to all life on this planet and beyond. Experience the shocking and controversial conclusion. You will want to read it a second time and a third. You will want to share what you've learned with friends.
